TRIUMPHAL BOAST OF THE LIQUOR TRADE.

UNDER this heading the Provincial Wesleyan says:

A few weeks ago we printed in these columns under the heading "The Brandished Fist of the Liquor Trade," the speech of Mr. Lawrence A. Wilson, President of the Licensed Victuallers' Association of Montreal. It was, our readers will remember, a deliberate and outspoken appeal to the liquor dealers to knife, independently of party ties, any and every political candidate unfriendly to "the trade." Mr. Wilson declares that the policy he then urged has been successfully pursued by the "brethren," and that "one hundred thousand liquor ballots" were in polling day registered for the Laurier party throughout Canada.

As proof of what he calls "our work," he points triumphantly to the defeat of a strong Tory candidate—a popular brewer—at that—in Montreal, and the defeat of Hugh John McDonald "owing to his prohibitory law in Manitoba. Doubtless Mr. Wilson knows what he is talking about. Doubtless the Laurier party ought to be correspondingly grateful. Whether they will feel disposed to openly credit their powerful "brother" with the aid which he boasts to have given them is, however, very doubtful. But there is one thing about it. The friends of temperance may take a leaf out of Mr. Wilson's book, and govern themselves accordingly. At present they are a rope of sand, a rabble without a common ideal, or a conviction strong enough to give them cohesion or command Legislators flout them, and party papers, as witness the remarks of one of our Halifax contemporaries last week—treat them with satirical contempt. No wonder. But even Mr. Wilson and his friends "feared awakening the fanatical prohibitionists," so they did their work with "silent, brotherly understanding." Silent for fear of awakening the said fanatics and brotherly, "because we all felt that we owed a debt of gratitude to a government that was fearless enough to treat the plebiscite vote as ephemeral." So long as the said party pleases the "trade" it will have its votes, but as Mr. Wilson plainly says, no longer; and with ranks "cemented" as they were in the late campaign, he declares "we can return or defeat any government." Well, if the fanatical prohibitionists continue to sleep under such arousing "whoops as those of this vaunting maker and breaker of governments, they deserve all the flogging and gibing they get. That is all.

It is somewhat remarkable and significant that these remarks of the organ of the Methodists of the Maritime Provinces have found no place in the columns of our prohibitionist champion The Guardian.

CANONS ON MARRIAGE.
Drafted for the Conference of the Episcopal Church.

When the general conference of the Protestant Episcopal Church meets in San Francisco next October, three new canons on the subject of marriage and divorce will be placed before that body for its consideration. Should these canons become law of the Episcopal Church the approval of the general conference, then the Episcopal Church will have pronounced its anathema against divorce, and more particularly against the re-marriage of divorced persons while another party to the divorce still is in life.

The subject of marriage and divorce came in for a good deal of attention at the hands of the general Episcopal conference of 1898, so much in fact that a committee of twelve were appointed for the purpose of taking the matter under consideration and make such recommendation to the next conference of that body as would pave the way for changes in the present tenets of the church on the subjects of marriage and divorce.

This committee have announced that three canons have been drafted. The first canon adopted is entitled "Holy matrimony and impediments thereto." The first section says:

"(a) Holy matrimony is an estate of life which for the purposes of this canon is sufficiently defined in the form appointed for the solemnization of matrimony in this church.

"(b) The solemnization of holy matrimony is a service where the mutual consent of the parties is given in the presence of a minister who then pronounces them in the

name of the Holy Trinity, to be man and wife."

The second section defines the impediments of consanguinity and affinity as stated in the books of Leviticus Demersomy. The second canon draft deals with the subject of the solemnization of holy matrimony. It is subdivided in four sections as follows:

"Section 1—It shall be the duty of all ministers of this church to conform to the civil authorities relating to marriage.

"Section 2—Every minister who shall solemnize a marriage shall without delay make such record of same as they may be required by the law of this church, and of the authority.

"Section 3—No minister shall solemnize marriage without the presence of witness, nor without witnesses to whom the parties are personally known, except in cases in which it is impossible for such witnesses to be secured. No minister shall solemnize the marriage of a person not identified to his satisfaction.

"Section 4—No minister shall solemnize marriage between any two persons unless, nor until, by enquiry, he shall have satisfied himself that neither person has been or is the husband or the wife of any other person living unless the former marriage was annulled by decree of some court of competent jurisdiction for cause existing before such former marriage."

While the above two canons erect new barriers as a safeguard against illegal marriages and prohibits remarriage by any Episcopal minister of any party to a divorce suit whether guilty or innocent, the third canon goes one step further and excludes from all means of grace within the dispensation of the church any divorced person who shall have remarried and be living with husband or wife, as the case may be, while the other party to the divorce still is in life. This canon which, however, applies only to the offending party of a divorce, practically tends to outlaw the offender as far as church fellowship goes and provides for his readoption in the old only on the condition that he come truly penitent and separate from the party to the second marriage, or it he should happen to be in immediate danger of death and show the spirit of true repentance. The canon is sub-divided into three sections, as follows:

"Section 1.—No person divorced for causes arising after marriage, and marrying again during the lifetime of the other party to the divorce shall be admitted to baptism or confirmation or received to Holy Communion, except when penitent and separated from the other party to the subsequent marriage, or when penitent and in immediate danger of death, but this canon shall not apply to the innocent party in a divorce for the cause of adultery.

"Section 2.—No person shall be denied baptism or confirmation or holy communion under the canon, until after the minister shall have given to the person due and sufficient notice of such intended denial and of the right of appeal therefrom as here and after permitted.

"Section 3.—This section provides for appeal to the bishop of the diocese or missionary district, who, if he deems the cause sufficient may take counsel with two neighboring bishops and decide whether there shall be any dispensation."

The canons in this form were unanimously adopted by those taking part in the conference.

HYMENEAL.

The Yarmouth Herald of the 13th inst. reports that "a pretty home wedding took place last Tuesday evening at the residence of Mr. E. J. Webb, Main Street. Mr. Wm. J. White, of Boston, and Miss Julia Heartz Smith, of P. E. I., sister of Mrs. Webb, were the contracting parties.

"The ceremony was performed by Rev. W. F. Parker, under an arch draped with Canadian and American flags. Floral decorations added to the beauty of the scene. The bride was prettily attired in a dress of dove-colored poplin, and carried a bouquet of white chrysanthemums. Little Ethel Webb, niece of the bride, was maid of honor.

"After the ceremony a bountiful repast was served, and a pleasant evening spent. The bride was the recipient of a number of pretty and useful gifts. On Wednesday evening Mr. and Mrs. White left for Boston, where Mr. White has for some time been connected with the postal service."

At the Paris Exhibition of 1889 English visitors headed the list; this year the Germans came first and the Belgians second, with the English far behind. In all there were over five million visitors—twice as many as in 1889—and yet all the tickets were not sold.

NEWS NOTES.

An epidemic of smallpox has broken out at Paris, due probably to the massing of Arabs and other persons from the east during the exhibition.

The Russians have ordered the foreigners in the railroad houses at Tong Ku to vacate the buildings, and the British have sent there a company of infantry and a hundred Bombay cavalry, ordering these troops to retain and protect the property.

From statistics gathered by the United States Department of Agriculture it appears that Maine leads every other state in the union in its annual output of starch, producing 6,000 tons out of 15,000 tons in the whole country. Wisconsin comes next to Maine in the amount manufactured.

An United States paper remarks that "under the present law on the first day of next July the army will be reduced to 27,000 men. This is clearly too small for our present needs. One hundred thousand men is the smallest number we can get along with as long as we have to keep 80,000 men in the Philippines."

An Enormous Sale.

To all who have felt the evil effects of de-ranged kidneys, it is interesting to know that Dr. A. W. Chase's Kidney-Liver Pills are meeting with enormous sale and unparalleled success in this district. Backaches and aching kidneys are fast becoming a thing of the past where Dr. A. W. Chase's Kidney-Liver Pills are known. One cent a dose, 25 cents box at all dealers.

The gentle art of making enemies is the one natural accomplishment which is common to all sorts and conditions of men—and women.

Mother's Favorite.

An unpleasant truth need never cause us trouble. We can always declare it is a lie. As politicians do, and we generally do.

An Old Theory Exploded

The old-fashioned theory of tearing down disease was entirely changed by the advent of Dr. A. W. Chase's Nerve Food, which cures by creating new rich blood and nerve tissue. Through the medium of the circulation and the nervous system they strengthen and invigorate every organ in the human body.

Itching, Bleeding Piles

Mr. W. G. Phyll, proprietor Bodega Hotel, 36 Wellington Street East, Toronto, says: "While living in Chicago I was in a terrible state with itching and bleeding piles. I tried several of the best physicians and was burnt and tortured in various ways by their treatments to no avail, besides spending a mint of money to no purpose. Since coming to Toronto I learned of Dr. Chase's Ointment, I used but one box and have not been troubled with piles in any shape or form since."

If we devoted as much attention to our own affairs as we freely give to those of others, we and others would be gainers.

Asthma

Mrs. Geo. Budden, Putnamville, Ont., says: "I felt it my duty to recommend Dr. Chase's Syrup of Linseed and Turpentine, as I had the asthma very bad; could get nothing to do me any good. A friend of mine persuaded me to try this remedy, as he had tried it, and it proved successful. I tried it and it cured me. I am thankful today to say I am a well woman through the use of this remedy. 25c a bottle. Family size 60c."

How One Gets Bilious

A sluggish liver fails to filter the bile from the blood, and when the poisonous matter goes through the body in the circulation, the whole system is tain ed and deranged. This is called biliousness, and can be completely cured by Dr. A. W. Chase's Kidney Liver Pills, which act directly on the liver, making it healthy and active. One pill a dose, 25c a box.
