

Taxes Not Affected By Painting, Repairing

ALBERTON — Painting, repairing, redecorating or landscaping are not considered as tax assessments Mayor M. Roy Leard stated at the meeting of the Alberton Town Council last night.

Additional to present buildings or new construction could mean a small increase in taxes he said.

The matter of taxation on improvements came up during a discussion on the town's beautification program which is headed by Raja Gopal. Mayor Leard expressed appreciation to Mr. Gopal and the school children who are taking a keen interest in the program and expressed the hope that all citizens will do what they can to encourage the children.

A street cleaning project is slated for Wednesday afternoon.

Former Alberton Resident Aids In Saving Woman's Life

ALBERTON — St. Allan S. Harvie, a former resident of Alberton and now a medical assistant in the RCAF, recently was instrumental in helping to save the life of a Pennsylvania resident who was motoring near Camp Borden, Ont.

Mr. Norman Ferguson had suffered a severe heart attack after her car had skidded and was unconscious. Sgt. Harvie gave mouth to mouth resuscitation for about 10 minutes and then revived Mrs. Ferguson when she was taken by her husband to Toronto for further medical attention.

Mrs. Eric Sheen was organist. Pallbearers were Harry Curtis, Brecken Simmons, B. E. O'Leary, Arthur Clow, L. A. W. Cotton, S. H. Lidstone. Interment took place in Peoples cemetery.

Prince Co. Hospital To Have 10 Nurses Receive Diplomas

SUMMERSIDE — Ten nurses will graduate from the Prince County Hospital school of nursing on June 19, in graduation exercises which will take place in the Summerside auditorium at 8 p.m.

The successful graduates are Doreen Andrews, Sandra Birch, Judy Colwell, Aileen Dixon, Donna Hunt, Barbara Jay, Dorothy Leard, Gail Quigley, Mary Macdonald, and Daisy Reid.

Miss Margaret Collicutt, RN is the director of nursing; and Miss Mrs. Ralph RN, is the associate director of nursing education, and is in charge of the instruction to the nursing class.

In addition to the 10 graduates are also 11 girls in intermediate nurses training, and 13 in the junior nurses training class.

Miss Mary Macdonald will be the valedictorian of the graduation class. Monday, June 19th, at Pine Lake, Alta., while stationed at RCAF Penhold for four years ago, he saw a man dressed to rescue a mother and son from the lake, later revealing both with artificial respiration. He received a Royal Humane Society bronze medal for this rescue.

It is expected that a class of about 20 girls will have been accepted by that time from graduation of Mr. and Mrs. Charles Barrett, Alberton.

A joint meeting of the O'Leary and Tighish branches was held here to discuss the plans and the exact date for the program.

A banquet and candy sale will also be held in conjunction with the cavalcade program.

Mrs. Clifford Ellis presided at the meeting and welcomed the Tighish members as well as several new members to the gathering.

Smeeder Is Fined \$75 Annulment Suspended

SUMMERSIDE — For driving a car at speeds of up to 90 miles per hour on Central Street, Summerside, Smeeder was fined \$75 and costs or 30 days and had his operator's license suspended for three months when he appeared before Magistrate R. S. Hunter, QC in police court yesterday morning.

MacLean was arrested Sunday morning shortly after 4 o'clock after being chased by RCMP Const. Kenneth Lynn when he was clocked at speeds between 80 and 90 miles per hour. He was placed in custody and released on bail of \$50 on Sunday.

Magistrate Hunter, in sentencing the young man, said it was unbelievable that anyone would operate a car at such speeds within the town, and added it was fortunate someone wasn't killed. The magistrate said the charge might well have been laid under the Criminal Code for reckless driving.

Evidence revealed accused had taken his father's car without consent.

Last Ferry Sailing Time 'Too Early'

Government officials have received a few complaints from lobster truckers that the 10 p.m. ferry from Borden is too early for them to catch with loads of lobster for the mainland.

The 9:15 sailing, for the duration of the lobster season, has been delayed 45 minutes to give truckers a chance to make connections with the mainland. It has been pointed out, however, that last year the trip operated on standard time which meant that the last sailing from Borden was at 11 p.m. daylight time, not at 10 p.m., as it is now.

A joint meeting of the O'Leary and Tighish branches was held here to discuss the plans and the exact date for the program.

A banquet and candy sale will also be held in conjunction with the cavalcade program.

HALIFAX (CP) — The weather office says a disturbance will pass into the Maritime today bringing showers and intermittent rain, with the prospect of little or no sunshine. Temperatures will be cooler.

Regional forecasts: Halifax and vicinity, South Shore, Annapolis Valley: Cloudy with intermittent rain beginning near noon; cool; light winds increasing during morning to south 15 and in the afternoon to south 30. Low-high at Halifax 57 and 53. Yarmouth 57 and 50. Kentville 60 and 55.
