Employment Seen Brighter in Advancing Economy

By GORDON GRANT
Canadian Press Staff Writer
Canada's economy is rolling along a healthy state and unemployment picture has brightened. But how long will it continue?

Many experts see no immediate lull and say the employment picture for the last quarter of this year is rosy.

One optimistic company, a Toronto-based supplier of work clothes, polled 800 businesses from Halifax to Vancouver and says the best prospects for employment come from retail department stores where 70 per cent of the 38 firms surveyed anticipate enlarging their staffs.

Some layoffs are expected in the beverage and building construction industries which are normally affected by seasonal factors.

Vancouver showed the strongest gains with increases in employment expected by 10 per cent of the companies polled. Some slight reductions were forecast by Regina and Saskatoon businesses.

Elsewhere on the business scene, two prominent banking officials praised the report of the Royal Bank of Canada which said the report should form the cornerstone of new banking legislation which the Parliament hopes to complete in 1965.

W. Earle MacLaughlin, president of the Royal Bank, said the report should form the cornerstone of new banking legislation which the Parliament hopes to complete in 1965.

He said the Commission's major recommendations, which suggest a freer market will lead to a stronger Canadian financial system.

Dr. A.N. McLeod, chief economist of the Toronto-Dominion Bank, said the Commission's recommendations would free the banks from competitive disadvantage and help them to keep competition in many fields that have been reserved for them in the past.

He said: "The public should benefit from this double increase in competition."

At the P.E.I. Hospital, Sunday, Oct. 4, 1964, Mrs. Percy Carr, daughter of John Johnson of 77 Chestnut Street, in her 67th year. Resting at the MacLean Funeral Home, Tuesday, Oct. 6, from the Salvation Army Citadel service commencing at 4 p.m. Interment will take place in the people's cemetery.

RICHARDS - At Charlottetown, Friday, Oct. 2, 1964, Alexander Edward Richards of Gladstone in his 88th year. Resting at the Murray River Funeral Home until noon for funeral service commencing at 2 o'clock. Interment at St. John's United Church.

COOK - At her late residence, Murray River, Saturday, Oct. 3, 1964, Mrs. Jane Isabella Cook, widow of Thomas Leonard Cook, in her 82nd year. Resting at the Murray River Funeral Home until noon Wednesday then to the Baptist Church, Murray River, for funeral service commencing at 3 o'clock. Interment in Murray River cemetery.

ACORN - At Kings County Hospital, Monday, Oct. 5, 1964, Mrs. Amon Acorn, Murray River, in her 63rd year. Resting at the Murray River Funeral Home until today then to the Free Church of Scotland, Murray River, for funeral service commencing at 2 o'clock. Interment in Murray River cemetery. In lieu of flowers, contributions to the Cancer Fund will be appreciated.

IN MEMORIAM
MacLEAN - In loving memory of James A. MacLean who passed away on September 25th, 1958, and Daniel S. MacLean, October 5th, 1963. Always remembered by brother Kenneth S.

ANDERSON - In loving memory of Mrs. Margaret Anderson who departed this life on Oct. 5th, 1962. "The gates of love and memory never close." Ever remembered by wife and daughter Joyce.

CAMPBELL - In loving memory of our late brother Aileen Campbell, who departed from us on October 5, 1963. What would I give to replace his hand.

CLINTON - In memory of Luke Clinton, who passed away Oct. 4, 1960. Memories are treasures, we all can share. Death a heartache so hard to bear. Like a broken chain life passes by. Loving memories never die. By the family.

From July and a 23.000 decline from mid-August 1963. The 3.4 per cent of the labor force out of work was the lowest percentage since the boom year of 1967.

The survey, made by Manpower Services Ltd., says 24.3 per cent of the 800 companies polled forecast a gain for additional staff while only 7.1 per cent forecast possible layoffs.

The best prospects for employment come from retail department stores where 70 per cent of the 38 firms surveyed anticipate enlarging their staffs.

Some layoffs are expected in the beverage and building construction industries which are normally affected by seasonal factors.

Vancouver showed the strongest gains with increases in employment expected by 10 per cent of the companies polled. Some slight reductions were forecast by Regina and Saskatoon businesses.

Quebec Byelections Today Are Creating New Interest

By CY FOX
MONTREAL (CP)—The fight by Quebec's new solicitor-general for a seat in the Legislative Assembly and a Liberal bid to displace the Opposition Union Nationale from a seat it now holds promise to capture the major share of attention in four provincial byelections today.

A total of 125,495 voters are eligible to go to the polls in the contests which result from the deaths of three Assembly members and the appointment of a fourth to the Legislative Council, Quebec's Upper House.

The Liberals, headed by Premier Jean Lesage, have 59 of the 85 Assembly seats and the Union Nationale has 30 and there is one independent member.

Besides the four places to be filled in the Monday contests, one other became vacant last week with the retirement from politics of Georges Lapalme, former minister of cultural affairs in the Lesage cabinet.

SPARKS FIREWORKS The candidacy of Solicitor-General Claude Wagnere in Montreal - Vedun has sparked verbal fireworks as Opposition Leader Daniel Johnson led 38-year-old former judge.

Mr. Wagner, who has promised a crackdown in crime in the province, is running against Arthur Therrien of the Union Nationale and an independent Henri Paquet, for the seat formerly held by Liberal George O'Reilly.

There are 46,915 Liberal voters eligible to vote in Verdun at 22nd polls.

Mr. Johnson has criticized the case was still before the courts and that silence was in order. But Mr. Johnson then contended the former session judge did not practise law long enough to qualify for the job of solicitor-general.

A pioneer in paperback book production was a Venetian, Aldus Manutius, who issued a series of classics in 1501.

BRANDED INSPECTED STEAKS ZAKES GOOD OR MONEY BACK

N.Y. Stock Mart Cautious Under Impact Of GM Strike

NEW YORK (AP)—The stock market moved cautiously under impact in view of the General Motors strike.

Trading simmered down to the slowest rate in four weeks and the popular market averages showed trifling changes.

On Monday, Wall Streeters believed that the GM strike would be settled quickly and stocks rose irregularly, enough to spread and this deepened into something like doubt.

THURSDAY When stocks took a fairly sharp decline, Friday brought news that the GM strike was beginning to affect the steel industry.

However, the market seemed to interpret this as an omen of urgency which might push the labor negotiators to a settlement. Leading oils and an assortment of blue chips advanced to give the list its second gain of the week, although it was small.

As the week ended, the Dow Jones industrial average showed a net loss of 2.06 at 872.65. The Associated Press average of 60 stocks was down a minimal 1.1 to 326.0.

However, Standard and Poor's 500-stock index showed a net gain of 15 as it closed at 84.56, an all-time high.

The stock of GM itself took a moderate loss of 1/4 at 99 1/4. Volume declined to 25,659,945 shares from 28,566,290 shares the week before.

The news background included a decline in U.S. weekly steel production, declines in building contracts and machine tool orders in August.

A seasonal report for unemployment in September, the most active issues on the New York exchange were Texas Gulf Service up 1 at 61 1/2 to 509,000 shares, Sunshine Mining, off 2 3/4 at 22 3/8 and Sunray DX, off 1 at 35 1/4.

Most active on the American Exchange were Magellan Petroleum, up 1/4 at 5 1/2 to 328,500 shares, and Fotochrome, up 2 1/4 at 11 3/8.

Shipments by steel mills may reach the highest level of the year this month despite the strike against General Motors Corp., their biggest customer, the publication said.

"GM asked suppliers to ship less steel to independent warehouses or to service centres that could process the metal while awaiting instructions to deliver it," Steel said.

"The automaker apparently plans to make up lost production by scheduling overtime operations. And it will start building inventories this fall at production against a possible steel strike next spring."

Steel mills are expected to continue their record setting pace this week. The magazine for the service centres that could process the metal while awaiting instructions to deliver it, Steel said.

Steel Output Heading For U.S. Record

CLEVELAND (AP)—If steel-making operations in the United States continue at the pace set in September, production this month will reach a record 25,000,000 tons, Steel magazine reports.

The current record of 17,000,000 tons was set in 1955. The metal-working weekly said September's output of 10,000,000 tons was a record for the month and that the third-quarter production of 31,200,000 tons was the highest ever for that period. Output during the third quarter of 1955 was 29,000,000 tons.

Shipments by steel mills may reach the highest level of the year this month despite the strike against General Motors Corp., their biggest customer, the publication said.
