

Japanese Plant May Go To Alta.

CALGARY (CP) — Alderman Jack Davis said here that Japanese interests are studying the possibility of combining with Canadian developers to establish a \$26,000,000 fertilizer plant in Calgary.

Ald. Davis said talks were begun about 18 months ago when the city's industrial expansion committee was in the Far East. He said a final decision could be made within a few weeks.

The Japanese are interested in industrial development here as long as Canadian money is also involved, he said.
