

Returning Prosperity.

While the Opposition press are trying to make people believe that the country is being ruined, evidences of returning prosperity are constantly recurring.

The Nova Scotia Coal Trade.

The Pictou Standard states that the total quantity of coal raised at the Pictou Mines since the beginning of the year was 85,012 tons.

Remaining upon the trade of Nova Scotia, the Standard says:—

"In view of this state of trade and commerce throughout Europe and the United States, it may be unprofitable to take a look nearer home, and possibly indulge in a few remarks thereon.

CHEATING THE GALLOWES.—All preparations for the execution of Robert Decoursier were complete on Wednesday, when the programme of the death sentence was altered by the suicide of the prisoner.

THE LATEST SWINDLE.—The latest swindle for use in the rural districts is the "butter contract" game. A couple of nicely dressed, gentlemanly appearing fellows, of good address, drive up to a farmer's house with a fine turnout, and engage all his butter for the season at a big price.

Nothing can exceed the folly and stupidity of those who submit to the pangs of the various forms and complications of rheumatism and gout, by which they are tortured and disabled, when they can, by one or two applications of Gile's Liniment Iodide Ammonia, obtain instantaneous and permanent relief.

QUICK PASSAGE.—Barque M. J. Foley, of Alberton, Captain Townsend, sailed from New York May 15, coal-laden, for S. Thomas, where she arrived on the 24th, thus making the passage in 8 days.
