Table with multiple columns listing various commodities and their prices, including wheat, flour, and other goods.

Bogus \$20 Bills Found in Quebec

MONTREAL (CP)—RCMP officials announced a batch of counterfeit \$20 bills made their appearance in the Montreal and eastern townships area during the Dominion Day weekend.

Inspector Maurice Nadon said the bills were the same type that have been circulated in and around the city for the last two years, although some bear serial numbers not seen before.

Warning the public to be on the lookout for bogus bills, he said they were fairly good reproductions but could be spotted easily by anyone taking the trouble to look at them.

Some of the bills were turned in to police and others were seized in a lottery raid in St. Francois de Sable, near Terrebonne, where 15,000 tickets on a pool were picked up.

The alleged operator of the lottery is to be arraigned on charges involving the lottery and possession of counterfeit bills.

Up to now the RCMP has found 12 bills.
