

## Request Russia End 'Jamming'

UNITED NATIONS, N.Y. (CP) The United States Tuesday appealed to the Soviet Union to end jamming of foreign radio broadcasts as one way of removing barriers to friendly co-operation with the West.

U.S. delegate George M. Harrison estimated the Soviet Union spends \$100,000,000 a year to maintain 2,500 jamming transmitters.

Harrison told the United Nations special political committee that the Kremlin started out with a dozen in 1948 when the Russians began jamming broadcasts of the U.S. state department's

voice of America.

He said this "army of jammers is one of the largest radio systems in the world" representing a capital investment of \$250,000,000.

**DELIBERATE NOISE**

Jamming is the deliberate drowning out of a radio broadcast with noise from another transmitter using the same frequency.

The 81-nation committee is considering a resolution sponsored by Argentina and eight other nations calling upon UN members to take practical steps toward friendly co-operation in the fields

of economy, culture, science, technology and communications.

It is expected to win unanimous approval, as have similarly worded resolutions in the past.

Harrison, an AFL-CIO vice-president, challenged the Soviet Union to give the resolution real meaning.

Soviet delegate Arkady A. Sobolev, speaking immediately after Harrison, said the U.S. representative "used this tribunal for a cheap propaganda statement such as we have not heard in many years in this General Assembly."

## Estimate 150 Beat-The-Tax Ships Tied Up

LONDON (AP) — Scores of beat-the-tax cargo ships loaded in European ports Tuesday despite a worldwide boycott against them.

But boycott leaders claimed 150 ships were tied up in ports across the world and declared themselves satisfied. The boycott started Monday and lasts two more days.

It was called by the International Transport Workers Federation to protest the flags of convenience system by which many American and Greek owners register their ships in such low tax countries as Panama and Liberia.

A federation spokesman at the Rotterdam boycott headquarters said two-thirds of the idle ships were in U.S. ports.

**SOME PORTS OPEN**

In Europe, many ports were open to all shipping. The boycott was most effective in Britain and Greece.

British dockers made idle more ships than any other European nation. Eight freighters were tied up, with more due later.

Seven freighters spent a second day idle in Greek ports.

## Parathyroid Transplant Is Success

BOSTON (AP)—A parathyroid gland—necessary to produce calcium—was transplanted successfully at New England Deaconess Hospital last week from an embryo into the groin of a Lewiston, Me., woman.

A joint announcement Tuesday by physicians at Deaconess, the Lahey Clinic and Boston Lying-in Hospital described the operation as medically significant. Reporters were told it could lead to a major break-through in solving the problems of transferring human organs from one body to another.

A similar operation performed in March, 1956 on a sailor at the U.S. Naval Hospital, Chelsea, Mass., was disclosed at the same time.

**FIRST TRANSPLANT**

As far as is known, physicians said, this was the first time in medical history that an organ of any size whatever has lived and functioned in a person not an identical twin of the donor.

Dr. Elton Watkins Jr. of the Lahey Clinic and Deaconess Hospital was a member of the surgical teams in both transplants.

Dr. Watkins worked in the first operation with Capt. Lewis Haynes, chief of surgery at the naval hospital, and in the second with Dr. Herbert D. Adams, of Lahey and Deaconess.

The parathyroid gland normally is the size of a big grain of rice. When it fails to function or is lost through thyroid surgery, muscle spasms result and the patient deteriorates. To meet the deficiency, calcium can be provided in powder form.

**17 YEARS OF SUFFERING**

The woman patient in last week's surgery was identified as Mrs. Marion Mallar, 58. For 17 years, the doctors said, she suffered violent spasms and lived in danger of death.

The physicians said Mrs. Mallar's recovery was amazing. She is expected to be discharged from Deaconess today.

The transplant parathyroid came from a 17-week foetus cast off in a miscarriage.

## Deep Fried Bees Said Delicious

VANCOUVER (CP)—Don't be surprised if your wife answers "deep fried bees" when you ask what's for supper.

City stores here have started stocking canned Japanese bees and Canadian beekeepers, meeting here at their annual convention, are thinking of setting up opposition.

Beekeepers in the western provinces gauge 100 tons of bees to death through freezing. They see no reason why Canada must import Japanese bees when the local ones probably taste just as good.

John Corner of Vernon, B.C., says entomologists at the University of Alberta have found the protein content of Canadian bees to be similar to beefsteak.

"When they're deep-fried," he said, "they taste just like pork crackling."

## Motor Vessel Is Abandoned

CORNER BROOK (CP)—The motor vessel Alice and Adelaide, a 75-ton vessel owned by Lake and Lake Ltd. of Fortune, Nfld., has been abandoned as a total loss after going ashore Sunday on Shoal Point in Port au Port Bay, 40 miles southwest of here.

Her propeller became fouled with the tow rope her crew was attempting to put aboard the Philip E. Lake, a sister ship that went aground earlier during Sunday's gale.

At high tide Sunday, the Philip E. Lake came free under her own power but the Alice, helpless because of her fouled propeller, was carried higher aground on the shoals.

Attempts to free her Monday failed. Her owners have abandoned her and her crew was taken off by the Philip E. Lake.

**KILLED IN SCRAMBLE**

MILAN, Italy (Reuters)—An 18-year-old youth trampled in a wild scramble for seats in Milan soccer stadium Saturday died in hospital Monday night. Police have opened an inquiry.

## Sees Danger In Berlin Situation

MOSCOW (AP)—Senator Hubert Humphrey (Dem. Minn.) said Tuesday after an eight-hour talk with Premier Khrushchev that the situation in Berlin is "fraught with danger—plenty of danger."

The senator emphasized, however, that his long interview had not changed his conviction that "the United States has a commitment in Berlin and we will keep it."

Humphrey, third ranking member of the Senate foreign relations committee, was asked at a press conference what he thought of the prospects of a compromise on the Soviet proposal for making West Berlin a neutralized free city. He said he saw none so far.

Humphrey called at the Kremlin Monday for a chat with Khrushchev—but stayed for dinner with the premier and Deputy Premier A. I. Mikoyan.

The senator is here to advocate a five-point program for increased collaboration between the United States and the Soviet Union in medical affairs.

## Plan Study Of Fish Industry

HALIFAX (CP)—The federal fisheries department will make a study of the Maritime fishing industry this winter to assess the value of present regulations.

Loran E. Baker, area director of fisheries, announced Tuesday that the department is interested in the number of men engaged in the industry, the number of ships and types of equipment used.

W. F. Doucet, chief of the department's markets and economic services in the Maritimes, said regulation of the industry must take into account the many large and small enterprises involved. Controls should be aimed at giving fishermen maximum benefits.

NEW OFFICERS and directors were elected at the annual meeting of the New Glasgow and District Junior Farmers' Union held recently.

Front row, left to right, Leith Dickieson, president; Edith Rackham, press secretary; Robert Rackham, past president;

Back row, left to right, Ralph Dickieson, director; Roland Larkin, vice-president; Charles Carr, director; Melvin Larkin, treasurer.

## Junior Farmers Choose New Officers At Annual Meeting

NEW GLASGOW — A slate of officers for the new year was chosen by the directors of the New Glasgow and District Junior Farmers' at the annual meeting held in the recreational centre recently.

Leith Dickieson was elected as new president succeeding Robert Rackham.

Vice-president Ralph Dickieson had originally been chosen to serve as the group's new president, but asked to have his name withdrawn because of pressing business. His resignation was accepted with regret.

Other officers chosen: were Rollie Larkin, vice-president; Yvonne Larkin, secretary; Melvin Larkin, treasurer; Edith Rackham, press secretary.

**DIRECTORS**

Following are the directors: Charles Carr, Ralph Dickieson, Melvin Larkin, Rollie Larkin, Yvonne Larkin and Edith Rackham. The directors serve with the president and past-president as the governing body of the organization.

Reports were heard from the secretary, treasurer, and various committee chairmen.

Committees and chairman named were (with the first name that of the chairman):

Education, Robert Rackham, Dannie Nesbitt, Edith Rackham, Membership, Charles Carr, Elbert Orr, Sterling MacRae, Leonell Doiron.

Recreation, Rollie Larkin, Jackie Chandler, Phyllis Dickieson, Donnie Pyte.

Fire department, Ralph Dickieson, Rollie Larkin, Billy Andrew, Melvin Larkin, Willie Nicholson, Blois Dickieson, Leith Dickieson, Elbert Orr, Huntley Dingwell.

## Wellington

Mr. John McQuaid, Montreal, has returned to his home after visiting among friends in St. Philips as he was a former resident of that place.

Mr. and Mrs. Marc Gaudet, St. Eleonor, were recent visitors of Mrs. Augustine Gaudet and family, Egmont Bay.

Congratulations are extended to Mr. and Mrs. Henri Cormier, St. Phillip, on their recent marriage. Mrs. Cormier was the former Irene Arsenault of Mont Carmel.

Mr. and Mrs. Ben Cormier, St. Phillip, left on an extended trip to Toronto and Montreal. While in Toronto they will visit their daughter and son-in-law, Mr. and Mrs. Edmund Arsenault and family. They also attended the wedding of their son Toussaint to Yvonne Richard which took place on Saturday, November 22nd.

Congratulations are extended to Mr. and Mrs. William Caisie of Egmont Bay on their recent marriage at that place. Mrs. Caisie is former Marie Arsenault of Abraham's Village.

Mr. John F. Arsenault of Urbantown is visiting at the home of Mr. and Mrs. Joseph Aucain. Mr. and Mrs. Aucain had also as a recent visitor Mr. Ephraim Caisie of Miscouche.

Mr. Raymond Bernard, student at Miscouche Convent spent the weekend with his parents, Mr. and Mrs. Edmund Arsenault.

Mrs. Celine Cormier, Summerside, recently spent some time visiting Mr. and Mrs. E. Gallant St. Phillip.

The young friends of Master Grant Clow are hoping to see him well again after undergoing a tonsillectomy.

Mr. Justin Brown of Pittsburg, Pa., has returned to his home after spending a few days at the home of his sister and brother-in-law, Mr. and Mrs. Linus MacDonald, Richmond, and he was accompanied by his brother William who spent the summer months here.

Miss Judy Clark returned to Moncton after a visit recently with her parents.

A very successful social and dance was held in South West School room recently sponsored by rate payers of the district. The social was well attended by parents and pupils. Violin music was furnished by Wallace Deighan, Summerside, guitar, Mrs. Wyman McPhee and harmonica, Mrs. Creelman Baglole. A very satisfactory sum of money was realized for school purposes. BM.

**LIFE SPAN DOUBLED**

MOSCOW (Reuters) — The average life span in the Soviet Union has more than doubled — to 67 years — since the 1917 revolution because of better living standards and improved medical care, the Soviet news agency Tass said Tuesday.

**CARS STONED**

LILONGWE, Nyasaland (Reuters) — A 12-year-old white girl was injured when Negro spectators stoned cars belonging to whites after a Negro team defeated a white side in a soccer game here.
