

MISCELLANEOUS.

'Do we eat too much?' asked the Detroit "Free Press," and out of five dozen boarding house keepers' sixty answered in the affirmative.

'I can't go to Europe,' a lady is reported to have said; 'I am reading fifty-five continued stories, and my limited means would not let me pay the postage.'

A pilot applied for examination for color-blindness at the Marine Hospital Service Bureau in Washington. He was handed a skein of dark green worsted, and asked to match from a box of many colored worsteds. He selected a skein of cardinal red, and insisted that it matched perfectly.

Ornaments made of Chinese glass have lately been imported in considerable quantities into England. The glass contains more lead and less silica than ordinary flint glass or heavy optical glass. It approaches the strass of paste of imitative gems.

'See here,' said a fault-finding husband, 'we must have things arranged in this house so that we shall know just where everything is kept.' 'With all my heart,' sweetly answered his wife; 'and let us begin with your late hours, my love. I should dearly love to know where they are kept.' He let things run on as usual.

An inquest has been held in London on George Alderberg, a most respectable bookseller in Paternoster row. The poor old man's head had been turned by the Tanner affair, and for five weeks he lived on nothing but filtered water, hoping to rival Tanner's time, but he gave way suddenly on the sixth week.

A Washington telegram says Professor Peters of Clinton, has discovered a planet of the ninth magnitude, in one hour, twenty-six minutes and twenty seconds, right ascension, eight degrees fifty-three minutes, north declination, with daily motion of fifteen minutes south.

Great excitement has been caused throughout Australia by the discovery of the Temoras gold field, near Sydney. The rush of people into the township says the Sydney "Morning Herald," increases daily, men arriving even from Victoria. The great drawback to the field is want of water for puddling purposes. Gold is being struck very freely.

The ceremony of laying the corner stone of the Egyptian obelisk at Central Park, New York, Saturday afternoon, was witnessed by thousands of spectators. A feature was the Masonic procession, including all the commanderies of Knights Templars in the city and commanderies from Jersey City, and Newark, and the Masonic lodges of New York, Kings, Queens and Richmond counties.

John Moran was under engagement to marry Lottie Church, at Sandy Lane, Ala. He deserted her and went to live in an adjoining county. When told of his perfidy, she prayed that he might be punished by instant death. It chanced that at exactly that hour he was killed by the fall of a tree. Lottie believes that her prayer caused his death and is crazed by remorse.

Two grandsons of a late millionaire had quarrelled, but were reconciled not long since over a good dinner and a bottle or two. Quoth one of them to the company, after the other had departed. 'That is my brother, you know. We have had a difference, but it is all settled, you understand. Same blood in his veins as in mine, you perceive. He can have a hundred pounds from me if he wants it. Yes, by George, he can have a thousand! Yes, ten thousand—if he gives me the securities.'

There is a married couple in Milan County, Tex., who have a strange mixture of names, and are now about to celebrate the fiftieth anniversary of their marriage. On the 16 of October, 1830, in Caldwell County, Ky., Drury Mitchuson Kevil married Lucretia Kevil Mitchuson and she became Lucretia Kevil Mitchuson Kevil. They are not at all related. He was born in 1778, in Kentucky, and named for the father of his future wife, and she was born in South Carolina in 1810, and named for the mother of her future husband, and they have been mixed generally ever since.

Fever and Ague.

Are you troubled with Ague, Chills and Fever, Bilious Fever, Remittent or Intermittent fever, Night Sweats or any disease that comes from Malaria or disordered Liver and Hot Suns? If so, procure a bottle of Green's Ague Conqueror, which is an acetic extract of strong tonic roots, combined with Sulphate of Magnesia, etc., and positively contains no Quinine, Arsenic or other poisons. It purifies the blood, cleanses the liver, spleen and other secretive organs so effectually that the chills will not return. We have never found any case of Fever and Ague it will not cure. Price 50 cents and \$1.00 per bottle. One large bottle has cured as many as five in one family. Sold by all druggists and dealers every where.

Remedy for Hard Times.

Stop spending so much on fine clothes, rich food and style. Buy good, healthy food, cheaper and better clothing; get more real and substantial things of life every way, and especially stop the foolish habit of running after expensive and quack doctors or using so much of the vile humbug medicine that does you only harm, and makes the proprietors rich, but put your trust in the greatest of all simple pure remedies, Hop Bitters that cures always at a trifling cost, and you will see better times and good health. Try it once. Read of it in another column.

A Good Account.

"To sum it up, six long years of bed-ridden sickness and suffering, costing \$200 per year, total \$1,200—all which was stopped by three bottles of Hop Bitters taken by my wife, who has done her own household work for a year since, without the loss of a day, and I want everybody to know it for their benefit."
