New York Stocks

NEW YORK (AP)—Prices were marked down generally Monday in the stock market with the setback steep in some cases.

The decline was accomplished without undue pressure from selling. The situation appeared to be one of meagre demand rather than an active desire to unload securities.

Airsrafts were a target and showed losses from the start. Almost all major divisions had a hand in the decline. These principally included steels, motors, radio-television, railroads, oils, electrical equipment and utilities.

The French decision to sidestep the European Defence Community was undoubtedly a factor in the selling.

Lower Canadian stocks included McIntyre and International Nickel, both down ¾, and Canadian Pacific, off ⅛. Higher were Hiram Walker, up ¼, and Dome Mines, ahead ⅛.

Canadian issues on the American stock exchange were quiet.

Grains

WINNIPEG (CP)—Prices were irregular and somewhat easier in moderately active trading on the cash market. The remainder of the industrial market drifted into softer territory.

A narrowly mixed tone ruled the mine section. Canadian Collieries advanced 30 cents and Cassiar was 25 cents easier. Western oils were trendless.

Toronto Stocks

TORONTO, (CP) — The stock market drifted a little lower Monday.

Lower-priced mining issues were the most active during the day.

Calvan, Canadian Williston and Pacific Pete led western oils lower. Hudson Bay was down 62 1-2 cents for the greatest weakness in the lower senior base metals. Senior golds and gold prospects ended narrowly ahead and juniors were steady.

Greatest price change in the active speculatives went to Willroy, down 35 cents in profit-taking after last week's gains on news of its good silver-zinc find. Other active issues with small or no price changes were Meta Uranium, Base Metals Mining, Consolidated Halliwell, New Thurbois, Marbenor, and Consolidated Astoria.
