DAILY MARKET QUOTATIONS

Currencies

MONTREAL (CP) — The U.S. dollar Thursday closed at a discount of 2 7-16 pe rcent in terms of Canadian funds, down 3-16. Pound sterling $2.71½, down ½.

Toronto Stocks

TORONTO (CP) — The Stock market suffered its seventh straight setback Thursday as the major indices touched their lowest marks in three months.

Base metals, which were ahead for half the session, closed almost two points lower at 244.47, lowest since July 13.

Observers said the lower trend is mainly due to the Suez Canal situation, which has kept buyers on the sidelines in a wait-and-see attitude. They also blamed technical factors for part of the losses.

Coppers drew more-than-usual interest in mining issues. Gaspe Copper dropped 2½ points while Campbell Chibougamau was off one-half. Granduc lost 30 cents and Chibougamau Jaculet 15 cents.

Noranda lost 1¼ points among senior base metals. Other issues lost fractional ground. Advocate, Chromium and International Ranwick gained 15-20 cents among juniors but Consolidated Sudbury, Cassiar and Belcher lost as much as 30 cents.

Calvan and Canada Southern Pete featured western oils with 30-cent losses.

Montreal Stocks

MONTREAL (CP)—The Montreal and Canadian stock exchanges closed lower Thursday in moderate trading. However, the decline was not as drastic as in the previous two sessions and there was a sprinkling of fractional gains throughout the industrial list.

Donohue and Powell River each lost a point in the papers while Conolidated and Great Lakes improved ½. Base metals moved lower, led by Noranda with a one-point loss. In the steels, Atlas dipped ¾.

Refining oils were mixed, with McColl up ½ and B.A. off ¼. Calgary Power dropped two points and Shawinigan lost one in the utilities. Gatineau tacked on ¼ in the group. Nova Scotia and Montreal each added ¼ in the banks.

Mines closed firmly lower in a 10-cent range. Chib Jaculet, Quebec Smelting, Merrill Island, Opemisca Explorers and New Formaque were penny losers. Anthonian was one of the few narrow winners.

Industrial volume was 68,600 shares and mines 678,400.

The stock exchange's closing averages show banks off 0.06 at 54.48, utilities up 0.1 at 142.0, industrial soff 2.3 at 304.8, combined off 1.6 at 250.3, papers off 2.20 at 1519.48 and golds off 0.44 at 79.74.

N. Y. STOCKS

NEW YORK (AP)—A promising early advance turned into irregularity Thursday in nervousness over the Suez Canal crisis but steels, aircrafts and selected oils ended the stock market session with some good advances.

The gains ran as much as four points among pivotal stocks. Losses were kept generally within the range of a point.

There was a slow comeback among the early leaders and some were at their best of the day at the close.

Notably among these was heavily-traded Royal Dutch which drew big interest because of Wall Street reports that a proposal to split the stock would be made at its directors meeting Monday.

The Associated Press average of 60 stocks dipped 40 cents to $181.10.

For the fourth session in a row, American Telephone was the most active stock, losing ⅛ at 172¾ on 71,400 shares. Second was Standard Oil (New Jersey) off ¾ at 54⅛ on 44,800 shares. Third was Royal Dutch, up 4⅛ at 107½ on 33,900 shares.

The American stock exchange also was irregular on volume of 810,000 shares. Gainers included Eastern Gas and Fuel, Woodley Petroleum and British Petroleum. Among the loasers were Humble Oil, Catalin and Fairchild Camera.

Among Canadian issues on the New York stock exchange, Distillers Seagram was down ¼ and International Nickel up 1.

Shawinigan was off ½ and Great Sweet Grass Oil was down 1-16 among Canadian stocks listed on the American stock exchange.

BELFAST, Northern Ireland (CP)—Sir Cuthbert Ackroyd, Lord Mayor of London, is to receive the Freedom of Belfast in a ceremony scheduled here this month.

To Launch Inquiry Into Nova Scotia Coal Industry

TRURO (CP) — Premier Hicks said Wednesday night that plans are underway for a full-scale investigation into Nova Scotia's coal industry.

He made the statement shortly after district 26 of the United Mine Workers sent him a telegram to accept his offer to call a roundtable conference on the coal industry and its future. The conference he proposed to the mine workers convention here Monday would include officials of both governments, unions and companies.

This type of conference was originally suggested to the convention by the union's Phalen local of Glace Bay which asked for a commission to study the industry. The matter was taken up at the convention here and Mr. Hicks offered to convene such a conference if the convention approved.

INCLUDE CABINET MEMBERS

Approval was telegraphed to Mr. Hicks late Wednesday and convention delegates asked that the proposed conference include Mines Minister Prudham, Works Minister Winters, Labor Minister Gregg, President L. A. Forsyth of Dosco, general manager H. C. M. Gordon of the Dominion Coal Company and United Mine Workers representatives.

Mr. Hicks was asked to include "such members of your government as you would require" and "any others you may think concerned with the coal situation."

Mr. Hicks, commenting on the request said the proposed conference will be called "as soon as possible" and will include all persons mentioned in the UMW's proposal."

"This will be a discussion at government level," he said. "We have invited all concerned."

ECONOMIC EFFECT

When Phalen local originally suggested on investigating commission it mentioned posible effects of the completed St. Lawrence seaway and the Trans-Canada pipeline. It asked that government steps be taken to have industries established in areas which lose economic ground with the completed projects.

No dates have been mentioned for the proposed conference.

Earlier Wednesday Rev. M. J. MacKinnon, extension director of St. Francis Xavier University, told the convention the present deflated position of the Maritime coal industry could be blamed on lack of market study and consumer research. He said management should place more emphasis on markets rather than production.

What Happened To Nina? Scotland Yard Keeps Quiet

LONDON (Reuters)—What happened to Nina? Scotland Yard refuses to say. The whereabouts of Nine Ponomareva, 27-year-old Soviet discus thrower who disappeared two weeks ago after being charged with the theft of five little feathered hats from a London store is still a mystery.

Neither the Soviet Embassy nor Scotland Yard would comment Thursday when asked where Nina was, but police at all British ports and air terminals have a description of her—the routine procedure when a warrant of arrest is issued.

The buxom school teacher was charged 15 days ago with the theft of hats, valued at about $4.70. When she failed to appear the following day in magistrate's court, her arrest was ordered. She has not been seen since.

Russian athletic officials, who described the affair as "dirty provocation," cancelled a track meet in which Nina was to have taken part.

After her disappearance it was believed she was sheltered in the Soviet Embassy here, where she has diplomatic immunity.
