

thrift's new dimension... beauty's new shape!

INTRODUCING the completely new **'64 ACADIAN BEAUMONT**

Here's the most exciting new car of the new car year! It's the beautiful new Acadian Beaumont. Set on a new 115" wheelbase, it's lean, clean and elegant to look at . . . '64 motoring's most brilliant new styling! To drive it is an exhilarating experience. V8 or 6 cylinder power plants have extra oomph for passing or setting a highway pace . . . plus the ability to rack up steady savings. And comfort is king in Acadian's new Beaumont, too! The room inside surrounds six ample adults with an abundance of leg, hip, shoulder and hat space. Also adding to the passengers' peace of mind is a calm and gentle ride with full coil suspension smoothing the way at all four wheels. Which brings us finally to the best news of all: the low price is as welcome as a windfall! Yes, the Acadian Beaumont comes in a wide model choice . . . 10 to be exact, in 3 separate series. Get the all-new Beaumont story at your Acadian dealer's soon.

Below is the beautiful new Beaumont Sport Deluxe Sport Coupe, '64's sportiest way to travel. Front bucket seats, all-vinyl interior, floor carpeting and an electric clock are among the many *standard* features.

Dramatic new beauty from General Motors **'64 ACADIAN**
