Parkdale Annual Meeting Held

The village of Parkdale showed a surplus of \$1,909.97 for the past eleven months according to the financial report read by Mr. Maurice McAleer at the annual meeting last night. Revenue consisted of taxes, \$2,664.74 and Government grant, \$1,138.00, total \$3,802.74. Expenditures for the same period were \$1,892.77, leaving the above surplus.

Mr. Henry Douglas in presenting the street report said that approximately one mile of light pavement had been placed by the Provincial Government on Hawthorn Avenue, Beasley Avenue, Connolly Avenue and on First Street between Connolly and Beasley. Sixty one street lights were installed, according to the report read by Harry Hennessey.

In making the report for fire and police, Mr. Glen Ramsay said that the fire department had received 12 calls within the year, most of them outside the village.

Mr. Edwin Cook in reporting for the sewage and water department stated that a consulting engineer from Moncton would be engaged to make a preliminary survey on the water supply and sewage disposal in the village.

The following are the Commissioners for the coming year, Messrs. Ernest Lord, Henry Douglas, Edwin Cook, Glen Ramsay, Harry Hennessey and Maurice McAleer.

The meeting was well attended and was presided over by Mr. Ernest Lord, chairman of the committee. A matter for discussion was the inclusion of the north side of Falconwood Road and Belvedere Avenue within the district. Previously the northern boundary was the south side of these two streets. It was decided to petition the residents of this area with the idea of coming within the village.

Reds Continue Drive Towards Laos' Capital

SAIGON, Indo-China, (Reuters) The Communist rebels' top fighting unit forged on Tuesday toward Luangprabang, the capital of Laos while further north, their artillery opened up its first barrage against the besieged mountain fortress of Dien Bien Phu.

Another Vietnam thrust threatened to cut the main highway from Saigon to northern Laos. A village dominating a river route to northern Cambodia was attacked, and a sudden drive in southern Laos brought the rebels within 35 miles of the north Cambodian border.

Central Laos also was the scene of flaming action as Vietnamese forces battled French and Laotian troops, but the French were reported to have control of the area. The rebels for more than 48 hours, these manoeuvres and many other clashes around Saigon and in Annam, were seen as an attempt to make French commander Henri Navarre disperse his forces while rebel leader Vo Nguyen Giap strikes for Luangprabang.

United Church Presbytery In Session Here Yesterday

UNITED CHURCH Even though the United Church of Canada now has 150 ministerial candidates, the highest number since the church union, there are still 269 vacancies throughout the country with 30 of them being in the Maritime Conference. The statement was made by Rev. Dr. W.S. Godfrey, superintendent of Home Missions when he addressed the meeting of the P.E.I. Presbytery of the United Church of Canada here yesterday.

Dr. Godfrey also announced the holding of a special meeting of all Home Mission committees of the Maritimes in Truro March 16. Among the items of importance to be discussed will be church financing, and a talk on church property landscaping by Professor Jankov of Truro Agricultural College.

In pointing out the need for more ministers the speaker also stressed the need for more money for the church extension work. He added that the meeting of these needs is a job which must be done by the ministers backed up by "dedicated Christian people".

The meeting, which was presided over by Rev. W. A. Parsons, Georgetown, as chairman, opened in the afternoon and concluded with a supper meeting served by the ladies of Trinity United Church. The evening devotions were led by Rev. D. A. Shrome, Souris, and this was followed by reports from the various committee chairmen.

Women's Groups Active Mrs. Hazen Howard, Cornwall, presented the report of the Women's Missionary Society Presbyterial which showed that the various groups here had sent away \$18,491 for missionary purposes, an achievement which was received with highly commendatory remarks.

Mrs. Howard also told of the recent January meeting of her group when there were 214 delegates present from 81 auxiliaries. The guest speaker, Fr. Godfrey, was introduced by Rev. A. S. Weir, Cornwall, chairman of the Home Missions committee.

A report dealing with Mount Allison University was given by Mr. Allison Proffitt, Freeport, who said that only three congregations on the Island have not made an effort to meet the college deficit. "We must encourage our people to put the church in its rightful place in their budget. Many have never come to the place where they have said 'I'm going to put the church at the top of the list.'"

Rev. J. F. MacKay, Orwell, Veron, referred in his Evangelism and Social Service Committee report, to the illegal use of 'bingo' by the Islanders Hockey Club as a means of raising funds. He said correspondence has been entered into with the Attorney General of the Province concerning the matter and it was recommended that the committee continue to keep this matter before the Attorney General.

Oppose Gambling Mrs. J. Gordon MacDonald asked the Presbytery to go on record as being opposed in principle to all forms of gambling. This was heartily agreed to. The secretary of the Presbytery was authorized to express the findings in correspondence with the Prime Minister of Canada and the Minister of Justice.

"I have been in the ministry long enough to believe that the raising of money is a state of mind," said Rev. A. F. MacLean as he reported on the Pine Hill building fund. "Giving is not a logical thing at all, but a psychological thing," he added.

On the recommendation of a special committee the name of Rev. W. B. Crowe, now of New Aberdeen, N. S., was put forward for assistant secretary of the conference.

A proposal for a special evangelistic effort in the Malpeque United Church, with the help of surrounding congregations, was advanced by Rev. A. S. Weir, chairman of the Boundaries Committee. He suggested that it take place over a two week period sometime in the early spring. This matter was left with the committee to be assisted by a special committee consisting of Rev. J. K. Campbell, Rev. L. M. Murray, Rev. C. D. Matheson, Rev. Alex MacKay and Rev. F. H. Haslam.

Mrs. J. G. MacDonald reporting for the Christian Education Committee told of the recent M.R.E.C. convention held in Moncton. She laid special emphasis on the value of the Church Vacation Bible School workshops, three or four of which are to be held on the Island this year. She also spoke briefly on Maritime Sunday School conventions the major one of which is to be held in Saint John in October. The speaker told also of the great work of the Boys Parliament.

Camp Funds Needed Rev. Howard Christie, chairman of the above committee, heartily endorsed Mrs. MacDonald's remarks and added an appeal to the young people to help meet the indebtedness of the Augustine Cove camp.

That of an objective of \$41,700 the sum of \$38,700 had already been sent away in the report of Rev. J. F. MacKay, chairman of the Missionary and Maintenance committee. He added that this did not include the latest returns. When he concluded his report the chairman expressed his regret that Mr. MacKay was leaving the Presbytery to enter the Chaplaincy Service.

In reporting on the Pastoral Relations committee Rev. J. K. Campbell noted that several min-

Death Yesterday Of Mr. Percy Downe

Businessmen and horsemen in Eastern Canada were shocked yesterday to learn of the sudden death of Percy Downe who died in his sleep at his home at 5 Esher Street. He had not been ill and had been active in his business until he retired the night before.

Well liked by all who knew him he had had a wide variety of business interests during the past years and for a long time owned and operated Downe's Furniture Company. He had also taken a great interest in harness racing and was a frequent visitor to the race track where he had a host of friends.

A firm believer in family life his home was always the centre of activities and his hospitality was famous. He was ever ready to lend a helping hand to those in need and as much of his charitable work was done privately as was done through the Salvation Army of which he was a true servant.

The late Mr. Downe was 53 years old and was born in the city, a son of the late Mr. and Mrs. William Downe.

Left to mourn his sudden passing are his wife, the former Catherine Cameron of this city and Springton, three sons and five daughters. The sons are Edward and City Police Constables Robert Downe and Russell Downe. The daughters are Florence, Mrs. Hawley Crockett; Kathryn, Mrs. John Herman; Minnie, Mrs. Sydney Clay; Roma, Mrs. Joseph Dunning, all of this city; and Olive, Mrs. Peter Hawkins, Longueuil, Quebec. Also surviving are two brothers, Walter, Charlottetown, and Jack, Owen Sound, Ontario, a half-brother, William, Charlottetown, and a half-sister, Bertha, residing in Western Canada.

The remains were taken from the Cutcliffe Funeral Home to his late residence last night. Funeral arrangements had not been completed last evening pending the expected arrival of his daughter, Olive, from Quebec.

No Difficulty In Selling Potato Stocks Anticipated

No difficulty in disposing of the balance of the tablestock potato crop is anticipated by Mr. Donald A. MacDonald, chairman of the Potato Marketing Board, despite the falling of the quota to the United States and the subsequent higher duty to be paid in future.

Mr. MacDonald stated that approximately two-thirds of the crop has already been sold and he believes that the balance can be disposed of in Canada at a price about the same as shippers have been receiving in the United States. The new duty rate of 75 cents per hundredweight, makes selling in the United States an unprofitable proposition, he feels.

No information was available as to a request from the United States Department of Agriculture and customs officials regarding the shipping of seed potatoes at a price level lower than producers here were receiving. However, it is believed to be based on the fact that some potatoes sold by producers here to the Marketing Board have been resold by that agency to shippers at a price lower than the Board paid for them.

The effect of this is to permit the large consignors to ship the potatoes at a price level which is lower than the guaranteed price to the Island producers.

It is also believed that such a request from United States authorities would have to go through normal diplomatic channels with Ottawa taking the initiative in notifying shippers.

B. C. Student Wins Art Prize

TORONTO, (CP) — Heather Speare of the University of British Columbia has been awarded first prize in the department of oils in an art contest of the National Federation of Canadian University Students for a portrait of a young man.

Anne Stott of McGill University, Montreal, took top prize in the water colors section. Clarence Barnes of Queen's University, Kingston, was first in drawing. Nine Canadian universities competed, also including McMaster University, Hamilton, University of Toronto, Bishop's College, Lennoxville, University of Montreal, Laval University, Montreal, and the University of New Brunswick at Fredericton.

May Revise Bus Legislation

QUEBEC, (CP) — Premier Maurice Duplessis said in the legislative assembly Tuesday that the government is looking into the possibility of regulating the number and location of doors on highways.

Mr. Duplessis made the statement after Dave Rochon (L-Montreal St. Louis) said on a question of privilege that the legislature "will never enact too severe laws" against drivers who speed on highways.

Mr. Rochon opened his remarks by deploring the autobus-truck collision at Yamachiche Saturday in which 15 persons were killed.

The government leader said an investigation was under way and no conclusions could be drawn at this time. "It would seem evident, however, that he will have to do something about large vehicles carrying large amounts of gasoline," said the premier.

Mr. Duplessis said that in the Yamachiche tragedy it appeared both doors of the Provincial Transport bus were virtually useless in view of the passenger congestion.

Spring Park Annual Meeting

There was a good attendance at the annual meeting of the ratepayers of Spring Park village held last night in the Community Hall. Mr. J. E. Arsenault presided.

A budget of \$2,295 was brought in for the coming year and provides for the expenditure of \$1,425 for fire protection, including hose ladders, portable pumps and a truck. (\$1,000 had been voted for fire equipment in last year's budget). Sidewalk repairs will receive an amount of \$400 and administration has been budgeted for \$470.

The Commissioners were empowered to enter into a contract with The Maritime Electric Company for the installation of 15 street lights and a further motion gave the commissioners power to change the names of streets should they see fit. Henceforth the number of commissioners in the village shall be six instead of three.

The three original commissioners, J. E. Arsenault, Randolph Manning and Howard Douglas were unanimously re-elected on the basis of their previous excellent service to the village. The three new commissioners are Mr. Willard Burke, Mr. Ledwell Vessey and Mr. George Lewis. Scrutineers for the balloting were Messrs. H. B. Armstrong and George Dewar. Present at the meeting in a legal advisory capacity was Mr. J. P. Nicholson to whom a vote of thanks was moved for his co-operation.

U. K. Ready For Recession In United States

LONDON, (Reuters) — Treasury chief R. A. Butler expressed confidence today that Britain and the sterling area would be able to take "the right action" if faced with a recession in America and in world trade.

He was answering questions in the House of Commons about the recent Commonwealth finance ministers' conference at Sydney, Australia.

"British workers should feel confident that the future outlook both in America and for world trade has now been so carefully analyzed by the finance ministers of the sterling area—and by British ministers—that I think we might be better able, if things go badly, to take the right action this time," Butler said.

Butler also referred to the new Anglo-Japanese trade pact signed here Friday which has aroused widespread criticism because it boosts Japanese exports to Britain and the colonies.

Butler said: "While there are obvious anxieties in certain parts of the world about the agreement, British trade and exports as a whole will profit greatly from it, particularly oil and shipping."

Fail To Reach Verdict In Racing Swindle

LONDON, (AP) — A jury failed Tuesday to reach a verdict in the trial of five men accused of plotting the biggest swindle since the 1844 Derby in British racing—the case of the 2 o'clock race at Bath last July 16.

The defendants in the case, the betting fix that failed, were granted bail and ordered to stand retrial.

Capping Ceremony For P.E.I. Hospital Nurses

Thirteen student nurses of the Prince Edward Island Hospital received their caps at an impressive candle lighting ceremony held at the Cundal Home last evening.

Mr. N. D. MacLean, chairman of the Hospital Board of Trustees, welcomed the parents and friends of the nurses who were present for the capping. To the student nurses he tendered his best wishes for their future training and expressed the hope that they would see fit to remain with us after their graduation.

Rev. Canon G. E. Moffatt, of Saint Peter's Cathedral, gave the invocation and the address to the nurses. Mr. Blair MacDonald on behalf of the Gideon Society spoke briefly on the work of the

Gideons and Mrs. T. D. DeBloli presented each nurse with a white bound copy of the New Testament, The Psalms, and the Proverbs on behalf of that Society. Present for the occasion was Mrs. Lois MacDonald, R.N., superintendent of nurses and Miss Florence MacLean, R.N., instructor of nurses who officiated at the capping.

Canon Moffatt, in addressing the nurses, told them that a profession is based on a thorough and broad knowledge. While he did not lessen the importance of learning the immediate things connected with their training, he stressed the importance of improving their minds through art and
