STOLE THE BOX.—A few nights ago some miscreants stole the contribution box of the W. C. T. U. from the railway station at Digby. The box contained a considerable sum of money. No arrests had been made at latest accounts, but suspected parties were being watched.

THE HATTIE LOUISE.—Capt. W. H. Barnard, part owner of the Hattie Louise, informs us that the vessel has been chartered at Halifax to make a trip to Boston for a cargo of pitch pine for the West Indies, after which she will load with the usual cargo for P. E. Island ports.—Farmer.

SUDDEN DEATH.—Mrs. John Richards, of Fredericton, N. B., while attending a prayer meeting on Monday evening last, was stricken with paralysis and died at ten o'clock the following morning without regaining consciousness. Her husband is a Past Grand Master of the I. O. O. F., and well-known in this city.

ON Dec. 31st the merchants and others will be making out their accounts and will expect payment of them. For this particular kind of silliness there is nothing like the hard cash; but for ordinary bilious headache, &c., Everybody's Pills are the great remedy. For 25 cents you can buy a box at your nearest drug store.

HAY FARMING.—There is a hay farm at Upper Georgetown, Queen's Co., N. B. Many of the farmers there depend almost wholly on their intervals for hay. So far the ice has not been strong enough to cross the river with teams. Many of them have been hauling hay to feed their stock from the intervals by hand, and now the thaw has stopped that.

DIPHTHERIA IN QUEBEC.—A Quebec paper estimates that there have been 2,500 cases of diphtheria in that city during its past year. These cases were mostly in St. Roch's and St. Saver's, but no part of the city was exempt. The paper adds, "In conversation with Cure Belanger, parish priest of St. Roch's church, that gentleman informed us that 400 deaths took place in his parish alone, known to have been caused by the dread disease and, he added, many others whose cause of death was not recorded."

A CURIOSITY.—A very curious specimen of the canine race exists a little over a mile from Annapolis, N. S., on the farm of James N. Gentry, in the shape of a six weeks old pup, a cross between a couch and a Scotch Collie. It is perfectly healthy and well formed, except that it is better supplied than most dogs with extraordinary powers of locomotion, being gifted with five legs. The fifth leg grows immediately out of the left fore shoulder, is perfectly formed and is fully as strong as the other limbs and reaches to the ground, so that the pup uses the two legs that are together to run and walk on.

WELLAND, Jan. 6.—The grists of this constituency are badly demoralized since Mr. Gorman's disqualification. They held a convention here the other day intending to nominate someone to contest the constituency in the forthcoming by-election, but were compelled to adjourn because of the lack of a quorum. There has been a tremendous still hunt on ever since for a man willing to sacrifice himself for the sake of the party, but to-day when the convention was to have met, the business was still no clearer. As a consequence the party leaders in the county became disgusted and again adjourned the convention, this time indefinitely.

A NEW WAY TO COLLECT OLD DEBTS.—The merchants of the city of St. John were last week presented with the benefits of the Dominion Collecting & Detective Agency, for the purpose of collecting old and outstanding accounts. Mr. A. H. Beal, an old and professional collector came there from the United States, where he has been connected with some large houses as a collector for a number of years, to manage the business, and the result of the house has been very satisfactory to the many merchants now employing the above agency. The attention is called to their advertisement which appears in today's issue. The agency has already received a large list of new subscribers.

A GREATLY FIND.—A few days ago the steam tug Princess, of St. Pierre, went outside on a cruise. Shortly after it came across a vessel bottom up and towed her into the harbor. When she was sighted it was discovered that she was a banking schooner belonging to Liverpool, of St. Pierre, which had disappeared while at anchor on the banks during one of the heavy September gales. When she was dried on the dock, the bodies of ten men were discovered in her. She sailed last summer with a crew of 16 or 17. The others must have been on watch when the vessel turned over. It is a curious circumstance that she should have drifted from the Grand Banks to St. Pierre, from whence she started.

The very changeable weather this season has been productive of colds and coughs, and nearly everyone is suffering from this unpleasant malady. Everybody's Cough Syrup, prepared by A. S. Johnson, is the popular remedy, and is meeting with a larger sale than ever before. Put 25 cents in your pocket and call around and get a bottle.

EMIGRATION.—A few days ago we had the pleasure of recording the appointment of Mr. Haslam, of Springfield, to the office of Emigration Agent for the C. P. R., with head office at Halifax. We have no emigration office here, but we have a very sweet song entitled "The Emigrant's Farewell," which Mrs. Roome will sing at the Lyceum next Tuesday evening. Go and hear it.

MARRIAGE BELLS.—A very pretty wedding took place on Friday evening at 48 Endicott Street, the contracting parties being Francis H., eldest son of Capt. W. F. Jolly, and Miss Elma A. Pearson, of Charlottetown, P. E. I., the ceremony being performed by the Rev. DeWitt S. Clarke. After the ceremony a collation was served. The presents were numerous and beautiful. Hon. The following pipemen were also elected: 1st, Thomas Coyle; 2nd, Patrick McMahon; 3rd, James Hennessy; 4th, Albert Largo.

EXTRAORDINARY WEATHER.—After the warm rain storm of yesterday the sun was this morning in a clear sky. The ferry steamer Southport, MacDonnell, Captain arrived at the Ferry Wharf this morning with freight and passengers from West River, and also from Rocky Point on time. The river is as clear of ice and now as in midsummer and the weather to-day resembles a May morning on a fine day. The steamer will be expected to arrive from Halifax on time, and possibly may go to Westville Wharf to take in part cargo of potatoes, as her owners, D. Farquharson & Son, are buying with the view of having the cargo ready for shipment on the arrival of the steamer. This steamer's boats all previous records in the memory of the oldest inhabitant. The S. S. Northumberland is running on time from Pictou to Charlottetown, with mails passengers and freight. The ferry steamer Elfin is flying on Summer time, between the city and Southport. Will some of our "scientists" give us their views as to the cause which produces the extraordinary weather?

OTTAWA, Jan. 6.—At the opening of the session to-day, Judge Ross addressed the grand jury and charged them severely against Arnoldi, who is committed for malfeasance of office. He also placed great stress on the charge against the man arrested at the time of the strike for inciting men to obstruct work. The Canadian Pacific officials here to-day are completing the selection of a large block of land by the company, the effect of which will be to place in the market an immense area of government lands which have been held pending the selection by the company.

R. stock was 97 1/2, the highest price yet reached. In 1884 Mr. Van Horne, president of the C. P. R., made the prophecy that in 1891, the year in which the government contract with the C. P. Both predictions were borne out.

The apology is said to be unqualified in character. Other matters which have been in dispute between Chile and the United States will be speedily considered by the new administration."

OTTAWA, Jan. 6.—The arrest of Labelle, charged with the murder of his wife, causes great excitement here. Public opinion is decidedly against him, as it was admitted by him in his evidence at the coroner's inquest, that he had habitually treated his wife in most inhuman and degrading manner. Labelle is the son of the late captain Labelle, ex M. P., and has been engaged in the printing bureau in connection with the Lineotypes, of which he has had entire charge.
