Railways, Air Lines Sign Age Pact

By CV FOX
MONTREAL (CP) — Some 100,000 non-operating employees of seven railways big and small will receive pay increases of 19.1 cents an hour as a result of an agreement signed Friday.

Negotiations in the dispute had been resumed following a round of special meetings that involved Prime Minister Pearson, the presidents of the CNR and CPR and several key cabinet members.

The agreement was based on the recommendation of a federal conciliation board. The average hourly wage for non-ops has been \$2.01.

Both sides expressed satisfaction with the settlement, as Wilson, CNR vice-president in charge of personnel and labor relations, continued to voice at the \$572,000 it would cost the companies.

STUDY COST
"There will have to be a re appraisal of all cost factors," he said. But neither Mr. Wilson nor D. I. McNeill, the CPR's personnel vice-president, would comment on whether actual increases in passenger or freight rates would have to be altered.

The railways have already asked the government to order prohibiting increases in freight rates limits the ability of the companies to meet additional costs.

Frank Hill, chief negotiator for the 15 unions involved, said after the agreement was announced that negotiators had been in discussion for several weeks.

He expressed satisfaction with the result and said he declined to predict the course of events after the new contract expires Dec. 31, 1965.

U.S. Ship Fired On By Russia

WASHINGTON (AP) — The U.S. state department disclosed Friday a Soviet naval vessel fired three shots across the bow of a United States grain ship in the Bering Sea after the freighter had left a Soviet port without official clearance.

The United States made an oral protest to the Soviet Union Friday afternoon against what the U.S. termed the "excessive" behavior of Soviet authorities in handling the case.

After the grain ship, the Sister Katings of New York registry, was halted by the three shots across the bow, it was boarded by Soviet authorities. They searched it and ordered the captain to pay a 50-ruble fine (\$5) before he was permitted to continue his voyage from the Soviet port of Novorossiisk to Istanbul, the state department reported.

Statement Issued By Potato Committee

The potato committee of the Federation of Agriculture held a meeting in Charlottetown last night. Officials reported a full attendance. Following the meeting, the following statement was issued:

"The large meeting of producers held on March 30 started very clearly its support for an all-producers board and for a central agency to handle seed and export sales. However, the meeting did not presume to impose itself on the industry generally without obtaining its reaction through a plebiscite. The Federation of Agriculture was asked to name a committee to study the proposals."
