STOCK QUOTATIONS

Morning Stock Letter

(Received over Pitfield and Co's Private Wire)

NEW YORK, June 11—There is no special news from Europe today which would have an effect on the market. President Roosevelt in his speech at Little Rock last night said the new deal fits the Legislation. In Cleveland ex-president Hoover made an aggressive speech which was received with a great ovation. He directed the Republican party to stop its retreat and to recapture the citadels of liberty.

Weakness in liquor stocks yesterday was said to be due to the reported excess inventories and fears of price outs. Although we would expect some minor profit taking today or tomorrow, believe stocks can be bought on any profit taking and General Motors acts as though it would be among the market leaders in the near future. Resistance levels on the upside are approximately Allied Chemical, 201, Bethlehem Steel 54 1-2, Chrysler 98, Dupont 146, General Motors 65, U. S. Steel 63, Montgomery Ward 45 1-2 and Kennecott Copper 38.

TORONTO, June 11—Gold Eagle—Officials of Gold Eagle Mines announce that sufficient shares of treasury stock have been sold to Bain, Potter and Co., for cash to complete the present development program and bring the property into production with not less than 150 ton mill. After the present financing has been completed. Gold Eagle will retain approximately 365,000 shares in its treasury.

MINING EXCHANGE

(Canadian Press)

TORONTO, June 11—The gold share market rolled along merrily again today and prices at the close were at a new peak for some years. Medium-price golds were again the favorites in the day's trade and several of them touched new highs. Central Patricia was the feature with a net gain of 28 cents and a turnover of 25,000 shares. The exchange index for the golds gained 1.38 to 145.38 and the miscellaneous mines index advanced more than a point to 130.42. Volume was heavy at 2,526,000 shares.

Trading was fast and prices strong from the opening. McKenzie was another issue to set a new record price at $2 and it closed only 2 cents under the top at 1.98, up 8 for the day. Siscoe climbed 20 cents to 3.85, Buffalo-Ankerite 25 to 7.75, God's Lake 17 cents to 1.20, Beattie 9 cents to 1.36, Sylvanite 8 cents to 2.85 and Toburn 12 to 1.54.

The gold move was not all in one direction. Pickle Crow turned down, dropping 15 cents, McLeod-Cockshutt lost 10, Hard Rock 7, Preston 4, Wright Hargreaves 5, Reno 4, Premier 4, and Coniagas 25.

Late Recovery Wipes Out Early Losses

(C. P. By Guardian's Special Wire)

MONTREAL, June 11—Conflicting price trends ruled on Montreal Stock Exchange listings today with late recovery on many power issues balancing losses and gains.

Stocks Push Upward On N.Y. Market

(By Frank MacMillen, Associated Press Financial Writer)
(A. P. By Guardian's Special Wire)

NEW YORK, June 11—Traders gave the stock market a late heave today and pushed shares up for net gains of fractions to 2 or more points.

Early in the session the farm issues led a quiet advance. Late afternoon saw a rush to the steels. The buying fever was contagious and quickly spread to a wide scattering of industrials. Case, a leader among the agricultural group, put on a last-minute burst to finish up 10 3-4 at 174 3-4.

Measured by the Associated Press average of 60 shares, the market rose .9 of a point to 63.1. Transactions totalled 1,085,920 against 1,036,665 on Wednesday.

Chrysler at 97 3-4, General Motors at 65 1-4, U. S. Steel at 63 3-8 and Radio at 12 1-2 were heavily traded at net gains of fractions to 2 or more points.

The attention of the financial district was divided between the Republican convention and continued threats to stability of the French franc in the face of labor and political strife.

International banking circles said devaluation of the franc may be imminent, but opinion in most quarters was that it was unlikely that heavy French selling of shares here would result.

Canadian issues were mixed. International Nickel, up 7-8, led advancing stocks that included Canadian Pacific, Dome, Canadian Marconi, Ford of Canada, Lake Shore and Shawinigan. On the downside were Walkers, Imperial Oil, Power Corporation and Quebec Power, each fractionally weak.

Wall Street interest in the convention focused on the draft of the Republican platform submitted in sub-committee. It said a "sound currency" is to be preserved "at all hazards."

Predictions of a better than seasonal steel business in the third quarter by the chairman of Jones & Laughlin Steel Corp., coincided with opinion in financial quarters and provided a background for the late demand for the industry's shares.

Failure of the liquor issues to make more headway on the upside was explained by Wall Street estimates of heavy whiskey inventories.
