QUEEN'S COUNTY: Brecken and Jenkins.
PRINCE COUNTY: Hackett and Rogers.
KING'S COUNTY: McDonald and Muttart.
The Daily Examiner.

FREE TRADE is, as I have repeatedly explained, FOR US IMPOSSIBLE.—Edward Blake's Manifesto.
For P. E. Island the Receipts were \$1,596,000, the Expenditure \$2,624,009—the Deficit (that is the loss to Canada) \$1,027,000.—Hon. EDWARD BLAKE, Leader of the Opposition. See Hansard, 1880.

"I think we have done very well by the Island, and we have carried out the Terms of Union to the utmost possible extent."—ALEX. MACKENZIE, May 10, 1882.

"An Elector" considers that "these three emphatic sentences of the Leaders of the Opposition condemn them to the eyes of every patriotic Islander."
"An Elector" is right.
The wonder indeed, is that in view of these speeches, any Islander can be found so mean as to do them reverence by becoming a candidate in their behalf.

After dining "Free Trade Principles" into our ears for the past five or six years; after misleading his followers in this Island into the belief that he was an out and out Free Trader, Mr. Blake, the Leader of all the Grits, now comes forward—at the eleventh hour—on the very eve of the election—and says, with Mr. Brecken, with Sir John Macdonald, with every man who supports the National Policy in Canada, "Free Trade is for us impossible."

Why didn't he say so four years ago? He had not then abandoned the hope of deluding his followers and the country with a false cry!
But now, when he sees that he cannot possibly ride into office and power on the "Free Trade" horse he turns round and says "Free Trade is for us impossible."

Mr. Blake (the Leader of the Opposition) might well be considered on this one count.
But when he says that this Province is a burden upon Ontario—when he says this Province has received more money by millions of dollars than it ought to have received from the Dominion Exchequer; when he is backed up in this by the Hon. Alexander McKenzie, who says "we have done very well by the Island," and who would cut off the remotest hope of Improved Winter Communication with the Mainland—what are electors here to think?—What are the electors of this Province to do?

Mr. Donald Farquharson, Mr. L. H. Davies—all the leaders in this Province—have been preaching that the very contrary is the fact; that we pay into the Dominion Treasury every year hundreds of thousands of dollars more than we take out of it; and that the salvation of the country lies in the return of Messrs. Blake, Mackenzie, Davies & Co., to power!

It is clear that either Blake and Mackenzie or Farquharson and Davies are deceiving their followers and the country.
What's to be done? Vote them all down!!

The Present Campaign.
We may safely aver that no Election in the history of Canada was ever looked forward to with more intense interest than the approaching Dominion Election of 1882. The 20th day of this month will witness the termination of a great political struggle. The questions at issue are of a nature that affect the present well-being and future prosperity of the whole Dominion, and it is for those entrusted with the exercise of the franchise to say whether it is desirable that the present Government should be sustained, or that their opponents, and the opponents of the true growth and prosperity of the country, should be entrusted with the Government of its affairs.

Hon. Mr. Macpherson's Letter. (Toronto Mail).
Hon. Mr. Macpherson presents, in his customary form, of a letter to his former constituents, another of that series of able and unanswerable letters, which have made him the most formidable of writers on public affairs. The ordinary journalist is unable to undertake tasks like this, and to give such time and study to the details of public business. Mr. Macpherson brings a whole battery to bear at once, and silences opposition by crushing it. A document of so overwhelming a nature, has never been published; and with that letter in his hand, no speaker on our side can fail to refute the best prepared of the Grit candidates and canvassers.

We shall do justice to the contents of the letter by simply condensing where it is possible the figures and facts it contains. Let us tabulate a few of them:—
Increase in public debts in the Grit period \$40,513,608
Paid by Sir Richard Cartwright as the cost of his precious loans in England 4,900,000
Total loss on Sir Richard's financial transactions 6,651,718
Loss by the steel rail transaction 2,000,000
Loss on the Fort Frances Locks 309,320
Loss on Georgian Bay Branch railway contract 41,000
Loss by Pacific railway telegraph contracts 28,000
Loss on Lake Superior section of Pacific railway and Welland canal, through blending 2,017,722

These are some of the items which the public mind retains still a certain memory, and which need only be mentioned to recall and revive the indignation with which they were visited in 1878.

The way in which Mr. Macpherson deals with the Controllable Expenditure is striking, frank, and satisfactory. He takes the total of expenditures; deducts first the charges for debt and subsidies, then deducts the cost of the North-West, which is really not controllable by any known rules as yet, and the result, as to totals, is as follows:—
1873-4 Controllable expenditure \$12,128,534
1874-5 " " 11,593,369
1875-6 " " 12,207,902
1876-7 " " 11,255,139
1877-8 " " 10,944,640
1878-9 " " 11,576,816
1879-80 " " 11,015,797
1880-81 " " 11,814,029

Now, if the reader will take the trouble to make the necessary comparative calculations, he will find that the figures result as follows:—
Decrease in Controllable Expenditure for 1879-80, as compared with 1873-74, \$1,112,737
Do. 1879-80, as compared with 1874-75, 577,572
Do. 1879-80, as compared with 1875-76, 1,192,105
Do. 1879-80, as compared with 1876-77, 239,342
Do. 1879-80, as compared with 1877-78, 561,019
Increase 1880-81, as compared with 1879-80, 798,232
The Controllable Expenditure was \$71,157 less in 1877-78 than in 1879-80.
The Controllable Expenditure in 1880-81 was \$269,296 less than in 1875-76.

Hon. Mr. MACPHERSON also in his original letter, which will be issued in pamphlet form, gives a most suggestive table containing the lists of deposits in the Savings Banks, as follows:—

Table with columns for Year (1878, 1881, 1882) and various financial metrics like Total Deposits in Banks of Canada, Government Savings Banks, etc.

The Opposition may say that this shows a lack of confidence in the stability of the present system. We are prepared to go a certain way with our contemporaries. It is natural that capital should be timid in the face of Opposition threatening to destroy the present fiscal system. We assert that these millions in the banks at a low rate of interest represent the capital that is to a large extent waiting the issue of these elections to be invested in the interests of this country.

Another most suggestive table Mr. Macpherson gives, which we condense as follows:—
RECAPITULATION OF SURPLUSES SINCE CONFEDERATION.
Financial year 1867-68, \$ 201,836
" " 1868-69, 241,000
" " 1869-70, 1,166,716
" " 1870-71, 3,712,479
" " 1871-72, 3,115,345
" " 1872-73, 1,038,822
" " 1873-74, 888,776
" " 1874-75, 935,644
" " 1880-81, 4,152,743
Total amount of surplus since Confederation, \$16,148,451
RECAPITULATION OF DEFICITS SINCE CONFEDERATION.
Financial year 1875-76 (ending 30th June, 1876) \$1,900,785
Financial year 1876-77 (ending 30th June, 1877) 1,460,026
Financial year 1877-78 (ending 30th June, 1878) 1,128,147
Financial year 1878-79 (ending 30th June, 1879) 1,937,999
Financial year 1879-80 (ending 30th June, 1880) 1,543,228
Total amount of deficits since Confederation, \$8,070,185
Of the above deficits, with the exception of about \$200,000 in 1879-80, not a dollar is due to Liberal-Conservative mismanagement; it is all due to that combination of stupidity, mismanagement, corruption, and misfortune which cursed the Grit regime. Of the surpluses, they have not a dollar to boast of. The one they had at the beginning was provided for them by Sir Leonard Tilley. They never had another. They will never have one again, for they will never again be entrusted with power. Among the things which will keep them out of power will be those able, striking, memorable, and well-remembered letters which Senator Macpherson has placed as insurmountable obstacles in their way. They cannot face

these letters. They cannot answer them. They cannot dodge them. They cannot ignore them. They must simply submit to them, and to the other elements of unpopularity that are arrayed against them, in sullen despair.

TELEGRAPHIC NEWS.

THE CAMPAIGN IN ONTARIO.

Sir John on the Boundary Question. His Enthusiastic Reception. Special to the Examiner.

OTTAWA, June 2.
Messrs. McIntosh and Tasse, candidates for this city addressed a large and enthusiastic meeting here last night. The two Grit candidates were invited, but they evidently thought "discretion the better part of valor" and did not attend. The Policy of the Government was unanimously endorsed by the meeting.

The Montreal Witness says, Mr. Farrell, the Liberal Candidate for Montreal, being a supporter of the National Policy expects to get a few Liberal-Conservative votes. It calls upon Free Traders to support Farrell.

Sir John Macdonald, speaking at Yorkville, last night, on the Ontario Boundary Question, said he will stand by the rights of the different Provinces of the Dominion, all of which paid for the North-West Territory, even if it drives him from political life. The Grits of Ontario, he says, are trying to secure a portion of the North-West, without a just claim, and McKenzie is aiding Mowat to rob the Dominion.

Many Grit candidates have swallowed the whole of the Government's Trade Policy, and they now say it is of minor importance to securing Ontario's rights on the Boundary Question.
Sir John is enthusiastically received everywhere he goes. He says his receptions surpass anything he has experienced in his long political career.
Mr. Connors (Liberal-Conservative) was unanimously nominated in Russell yesterday.
Dr. Orton has been unanimously nominated for Central Wellington.
Mr. Rykert has been nominated for Lincoln.

Many constituencies in Quebec are clear for the Government, there being no opposition offered.

Capital Awaiting Investment.
A Large Immigration.

OTTAWA, June 3.
Mr. Bunting, who is opposing the Leader of the Opposition in West Durham met with an enthusiastic reception from the Liberal-Conservatives of the Riding.
Mr. Currie, who is opposing G. W. Ross, carried a meeting held in Adelaide, Ross' stronghold. Ross has cancelled his meetings which had been advertised, and is now following Currie.
Capt. Scott is the Conservative candidate for Winnipeg.

The Witness confesses that the Liberals are badly demoralized in Montreal.
There are over eighty candidates in the field in each side in Ontario, and over sixty Conservatives against fifty Liberals in Quebec.
Every member of the Ontario Government has been called to the stump to support Blake.
A number of gentlemen are here from Boston, willing to invest one million dollars in opening blast furnaces, if the N. P. is sustained.

Several millions from England are awaiting investment in factories, if the Policy is sustained.
English capitalists find Canada the best field in the world now for investment.
Goldie, the Conservative candidate for South Wellington, was formerly a Liberal. He joined the Conservatives because of the prosperity of the country under Sir John.
The Immigration Agent says he cannot half supply the demand upon him for farm lands and railway laborers.

Mr. Hackett left for the West this afternoon.
Mr. Rogers is better to-day, and on Monday expects to take the field.

Meeting at Murray River.

MACDONALD & MUTTART UNANIMOUSLY NOMINATED.

Excellent Speech FROM HON. MR. PROWSE.

A Meeting of Liberal-Conservatives of the Southern Section of King's County, was held at Murray River, on June 2nd, with Robert Whiteaway, Esq., in the Chair, and the undersigned Secretary, A. C. McDonald, Esq., and Dr. Muttart were present, and addressed the meeting at considerable length on the leading political questions of the day. They were followed by Hon. Mr. Prowse who spoke warmly in support of the late Dominion Representatives of King's County, showing that under Grit rule Murray Harbor had been entirely neglected; stating that the only thing the people of this Section of the country had received from the Grit Party during their five years misrule was a post office on the Beach, and the assurance from Mr. Davies that nature had done a great deal for Murray Harbor. Under Sir John's Government Cape Bear lighthouse had been built, \$5,500 had been given annually as subsidy to a steamer, and now this year \$5,000 were to be expended in improving the harbor. The Harbor will be dredged the present season—the dredge being now on its way here. He took occasion to contradict a false report that had been put in circulation within the last few days, as to his offering as a candidate for the Dominion election. He said he had no such intention, and would do all that he could to insure the election of Messrs. McDonald and Muttart. He then moved, seconded by James Cuddy, that Dr. Muttart be nominated as a candidate for the coming election. Moved by James Walker, seconded by James McKay, that A. C. McDonald, Esq., be nominated for the approaching election.

Both nominations were carried unanimously.
The nominations were supported by the following gentlemen from different parts of the District present:—W. Whiteway, Lot 63; Wm. Machon, White Sand; John Lowrie, Murray River; Henry Peers, Wilmet; James Beers, Murray River; John Murdoch, do; James Cuddy, do; William Murphy, do; George Martin, Peter's Road; A. McPhee, Grey's Road; James McDonald, do; W. Walker, Caledonia; John Hawkins, and Wallace Walker, Caledonia, John Bull, Toronto; John Hawkins, Guernsey Cove; James McKay, do; Josiah Roberts, jr., Murray Harbor South; Benj. Sencabaugh, Machon's point; James McLean, Peter's Road.
