Very Slight Drop In Enrolments At S'side Schools

A very slight decrease in enrol-
ments in Summerside schools as
compared with last year was noted
yesterday when doors opened for
the year and registrations took
place at both the Summerside High
School and Academy and St. Mary's
Academy.

At the High School and Academy
792 pupils showed up for the first
day and of this number 66 were in
grades eleven and twelve. Last
year the first day's enrolment was
810.

At St. Mary's Academy the fig-
ure was 535 pupils including 24 in
the commercial course as compared
with 540 a year ago. Girls attend
St. Mary's Academy up to grade
ten and boys to grade four.

The explanation for the drop in
registrations is no doubt the fact
that many air force families have
moved out to Siemon Park during
the summer and their children will
be going to school at the airport
this year. A substantial increase in
the number attending school there
is anticipated. It is quite likely
that the number of children going
to school in Summerside this year
from families of local residents is
higher than ever.

The usual first day rush was in
evidence yesterday as the children
converged on the two schools many
of them with a little brother or
sister by the hand, who were going
for the first time.

Holmes had set up a special
department for the sale of text
books and the rush in that area
was not unlike the anniversary
sale.—S.
