City Councillor Critical Of Gov't's Relief Aid

Strong criticism of the Provincial Government to attitude respecting assistance in providing direct relief to the needy of Charlottetown and voiced last night by Councillor O'Neill at the regular monthly meeting of the City Council.

All city representatives with the exception of Councillors Foster and Haslam were present. Mayor J. David Stewart presided.

"Whether this Council or the Provincial Government believes it or not, we have in this city poverty so great that certain children of necessity go to school hungry," Councillor O'Neill stated.

"At a recent meeting our two Welfare Bureaus (Protestant and Catholic) it was indicated that they each spent close to $8,000 per year on direct relief," the Councillor added.

Pointing out that the offer of the Provincial Government to share direct relief payments with the City Council on a 50-50 basis would require an outlay of only $4,000 on their part in view of a similar limit placed on direct relief by Council, Mr. O'Neill observed that such a sum would be "pretty mean assistance" if divided among even eight poor families not qualified for other types of governmental assistance.

SHOULD GIVE MORE

Councillor O'Neill emphasized that the Provincial Government should be willing to contribute a great deal more to direct relief in the City of Charlottetown in view of the fact that a large proporation of such welfare payments was returned to him by way of "kick-backs" from Ottawa.

Mayor Stewart remarked that under the City constitution the Council had simply a "moral obligation" in the matter of direct relief.

Reporting on a recent meeting between the Provincial Government and a Council Committee on this matter, Mayor Stewart said that he expected to receive a letter from the Premier at a later date which would clarify this matter.

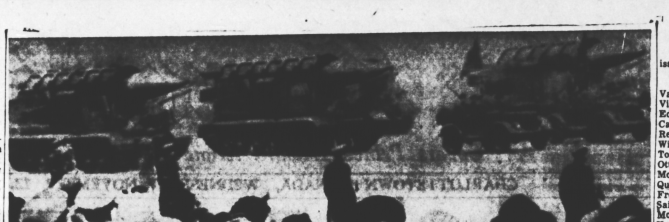
Other matters coming under discussion as result of various standing committee reports included: removal equipment repair; the removal of leaves from the city streets; the re-employment of the city dog catcher; police precautions on the face of a wave of "breaks"; and the final disposal of the new fire engine, which for certain reasons has not yet been officially accepted by the city.

According to an announcement made last night Mayor Stewart will be leaving the Province on the 23rd of this month to attend the Dominion-Provincial taxation conference in Ottawa, at the invitation of Premier Matheson, chief Island delegate.

While in Ottawa the Mayor will also represent the city at a meeting of the Maritime Mayors with officials of the Canadian National Railways in regard to taxes on Railway property.

Speakers for the evening meeting included Premier A. W. Matheson; Hon. Eugene Cullen; W. R. MacNeill, President of the Queens County Liberal Association; and Roland MacDonald, past president 3nd Queens Liberal Association.

Resolutions expressing confidence in the leadership of Louis St. Laurent; in the leadership and Government of A. W. Matheson, and in the representatives of the district, were passed unanimously.



ROCKETS ON RED SQUARE

Husky tractor treaded rocket launchers transport battlefield rockets through Red Square during 40th birthday celebration of the Soviet Union. It was the first time the Russians have displayed this type of rocket publicly.

Third Queens Liberal Ass'n Holds Meeting

Mr. Harry MacLauchlan, Stanhope was re-elected president of the 3rd Queens Liberal Association at the annual meeting held at Mount Stewart Community Hall last night. Other officers re-elected included vice-president, Cecil Stetson, Marshfield and secretary, Elmer MacDonald, Tracadie Cross.

Representatives appointed on the Queens County executive were Lemuel MacKinnon, Highfield, and Levi MacNally, Johnstons River. Mr. Harold Diamond was appointed to represent the branch on the provincial executive.

Amalgamation

(Continued from page 1)

valuable streets, sidewalks and water and sewage services were provided.

Commissioner Burke noted that the terms of amalgamation provide that there will be no change in taxes until 1961. What happens after that, he suggested, would depend on the amount of new services provided.

"Of course we would have to pay for new services but it would be worthwhile," he argued.

Mr. Burke added that "we are guaranteed improved services."

Highways Dept. To Move Soon

Dr. Frank MacKinnon was guest speaker at the monthly supper meeting of St. Paul's Laymen's Association held in the parish hall last night. He was introduced by President T. D. DeBlois and thanked by George Purvis.

Dr. MacKinnon gave a highly interesting talk on his visit overseas last summer which took him to Ireland, Scotland, England, France, Switzerland and Holland.

Rev. Canon Malone opened the meeting with grace and Rev. Canon Ibbott announced the benediction. John Evans was song leader and H. John Harris, F.R.C.O. was pianist.

New members introduced were H. S. Windler and Gordon Upstone. H. A. Messervy and Edward Miller were welcome following illness, and Reg Jenkins on his return from Germany.

Mr. Harry McAusland, president and Mrs. Arthur Trewyn, convenor of Belvedere Branch, Woman's Auxiliary were thanked for the preparation and serving of an excellent supper.

Spotlight P.E.I. Ayrshire

AMHERST—The 18 year old cow, Lealands Royal Victoria was featured in the Bailey Arena at the Maritime Winter Fair last Friday night when the Ayrshire grand champions were being selected. She is owned by Keith Boswell and Son, Victoria.

Victoria did not make the grand championship circle this year but she got the spotlight last night because of her long and distinguished record.

Born in 1939 she was sired by Cherry Bank Steadfast who was born on the same farm as Mr. Boswell's reserve junior male champion this year. Steadfast was an A.A. bull and was graded 93.7 percent at 15 years of age, a record for the breed at the time. A many times winner she and sometime champion in Maritime rings, Victoria placed second in a large class at the Royal two years ago.

Despite the fact that her milk records are not listed with ROP for the ages five to ten years of age, she has a recorded lifetime production of more than 75,000 pounds and more than 3,000 pounds of butter fat.

She has produced 55,522 pounds of milk and 2,233 pounds of fat since she was ten years of age. Her 11 year old record on 305 days was 11,285 pounds milk and 439 pounds fat. Her four year old record was 12,204 pounds milk and 520 pounds fat.

A daughter of hers, Lealands Victoria 6th, was sold to M. W. Savage, British Columbia and was the third highest two year old in Canada in 1955 with 12,523 pounds milk and 478 pounds fat.

U.S. Ambassador Will Speak Here

Hon. Livingston T. Merchant, United States Ambasmador to Canada, will be the guest speaker at the Canadian Club Dinner at the Charlottetown Hotel this evening. Mr. "Merchant, who will arrive in Charlottetown this afternoon, will be met at the airport by Justice G. J. Tweedy, and will be a guest of Government House during his stay in Charlottetown.

Memorial Held At Victoria

Rev. L.R. Graves of Tryon and Rev. Mr. Charman of Hampton, combined Monday morning in conducting the memorial services at Victoria, which was attended by a very large gathering. Both speakers are veterans of the armed forces of Canada.

The first portion of the services was conducted at the War Memorial, chairman for the occasion was Keith Boswell. Wreath for the Ladies Auxiliary was laid by Mrs. James Boulter and for the Legion Carl Boulter. Those for the school were placed by Master Buster Boulter and Miss Shirley Boulter. Mrs. Keith Boswell recited the poem "In Flanders Fields."

For the service in Victoria Hall the singing was provided by the school children. The soloist was Miss Lillian Lee and the readings were given by Shirley Boulter. The hymns sung were "Lest We Forget" and "O God Our Help In Ages Past".

Spoke On Visit To Old Country

The Provincial Department of Highways will soon be taking up new quarters in the old Post Office Building, Chief Engineer Gordon White indicated yesterday.

The move will take place as soon as the elevator recently installed in the old building is put in good running order.

The Highways department will share the third floor with the provincial Department of Education, Mr. White said, noting that this will be the first occasion in many years that the Highways department will be brought together under one roof.

Mr. White predicted that the new move will facilitate the work of this department to a great extent.

Is Question For Areas Involved

The question of amalgamating Parkdale and Spring Park with the City of Charlottetown is one which now concerns the several areas, according to a statement made yesterday morning by Premier Matheson, who explained that the Government had completed the initial phase by providing the legal machinery by which amalgamation could be effected.

Premier Matheson stated also that in the event the areas concerned did not amalgamate, then the amount of $450,000 slated to be given the area, would not be forthcoming, but the usual services given by the Government to towns and Villages would continue to be available to Parkdale and Spring Park.

At Borden For Winter Months

It is likely that two of the car ferries operating on the Borden to Tormentine run will be tied up at Borden, after Nov. 15 for the winter months.

This was learned yesterday afternoon in a conversation with Mr. G.R. Greenough, Superintendent of the Charlottetown division of the C.N.R.

Mr. Greenough stated, "If, and when, the S.S. P.E.I. is not required for service, it is the intention to tie it up at Borden It is also the intendtion to tie the S.S. Scotia No. 2 up at Borden for the winter months."

Canada Raps Food Disposal Policies Of U.S.

ROME (CP) — Canada protested vigorously before the United Nations Food and Agriculture Organization today that it is being harmed by United States farm disposal policies.

S. Claude Hudson, representing the Canadian department of trade and commerce, told the FAO general conference that some U.S. surplus transactions involve countries "which cannot in any sense of the word be considered as underdeveloped."

He spoke after the U.S. delegate, Charles B. Hoeven, told the conference that the U.S. is exporting surplus commodities to underdeveloped countries to help speed economic development.

"We sincerely believe that the advantages of our foreign currency sales have far outweighed any damage that may have occurred through this program," said Hoeven.

CANADA MAIN VICTIM

Hudson replied that the U.S. was "ignoring the fact that the injury may fall largely on one country—in this case, Canada."

Canada had been assured by Washington that surplus sales volume was being reduced, Hudson said. However, U.S. Agriculture Secretary Ezra Taft Benson recently was quoted as saying he was seeking congressional approval to double surplus sale to foreign countries.

The Canadian delegate said his government recognized the need to dispose of surplus stocks and accepted the objective of using surpluses to aid underdeveloped countries.

"It is incontestable, however, that there has been damage . . ." Hudson continued. "It is because of Canada's vulnerability to such injury that Canadian delegations to FAO meetings have been forced to lay particular stress on the strict adherence to . . . those principles of surplus disposal which we as member countries of FAO accepted in 1954."

These principles, accepted by the United States and 39 other FAO members, are a sort of code of ethics for surplus disposals. They provide that surplus sales should be based on analysis of their effect on world market and that exporting countries should with each other.

Venus, brightest of the planets, has a diameter only 206 or 300 miles less than that of the earth.

Local Baptist Church Given Deed To Property On Which New Building To Be Erected

The Loyally Dinner in connection with the Building Fund Canvass now being conducted by the Charlottetown United Baptist Church was held last evening in the gymnasium of the Y.M.C.A. building, and was attended by three hundred and sixty members of the congregation. This splendid attendance was due largely to the enthusiasm of the congregation with respect to the proposed erection of a new church edifice, and to the untiring efforts of the Hostess Committee chairman, Mrs. Edwin Cook, and her loyal band of hostesses.

Mr. Edward MacPhail acted as Master of Ceremonies, introducing Dr. J. A. Clark who traced the history of the Charlottetown Baptist Church and emphasized the pressing need for better and more adequate facilities for church work at the present time. Mr. S. H. Burbee then outlined the plans of the Canvass, and explained how it is to be executed. Mr. C. S. Scranton described in detail just how church pledges should be made, stressing that giving is not simply a financial consideration but a deeply spiritual decision.

Captain Carl Burke, honorary chairman of the canvass, delivered a brief but stirring address, and brought great encouragement to the entire assembly when he announced that he and Mrs. Burke were happy to present to the congregation as their gift the deed of the new property upon which the church edifice is to be erected. In accepting the deed on behalf of the congregation, Rev. H. L. Mitton, pastor of the church, pointed out that the receipt of the deed made it possible for every dollar realized in the canvass to be applied to the actual building itself. He went on to say that this gift, as well as the sacrifical pledges already made by members of the Canvass organization would provide great impetus and encouragement for all members of the congregation to give generously and prayerfully. Mr. Mitton concluded by saying, "it now appears that our dreams of beginning the erection of the new church edifice in the spring of 1958 will be realized."

It was announced that the canvass would begin Wednesday, Nov. 13th, and that $25,000 of the $70,000 published goal had already been subscribed in pledges to be received over a three-year period. The memorable gathering — described as one of the highest moments in the congregation's life — closed with feelings of profound gratitude and great optimism.

S'Side Man Will Head Mink Show Committee MWF

L.W. Hancock of Summerside has been chosen as chairman of the Mink show committee of the Maritime Winter Fair for the coming year. B.B. Jones of Bunbury is the other Prince Edward Island representative on the show committee.

George A. Callbeck of Summerside emerged as the biggest point winner at this yeers Mink show. He has a total of 156 points, fifteen more than John McInnis of Breton Cove, N.S. who was second, Mr. Hancock was third with 98 points. E.T. Mill, Kensington had 75.

Callbeck had fifteen firsts, six championships and five grad c pionships. He had seven reserve ribbon and three reserve grands.
