Address and Presentation

On December 18, members of St. Peter's Harbour Women's Institute, met at the home of Mrs. Robert Squires, Morell, honoring Mrs. Albert MacEwen, who resigned from St. Peter's Harbour Women's Institute on Nov. 9, 1953, after 21 years as an active member. An address was read by the president, Mrs. Ted MacEwen, and presentation made by Mrs. Walter Squires on behalf of members, of a beautiful jewelry set. Mrs. MacEwen thanked members for their thoughtfulness and wished the Institute success in the coming year. A delicious lunch was served by the ladies present, assisted by Mrs. Robert Squires. Following is the address: Mrs. Albert MacEwen, Morell. Dear Sarah: It was with regret, when we learned that you were going from our midst. Good things are always taken for granted and it is only when we are about to lose them that we appreciate their real value. Thus we are now more than aware in our Women's Institute of how much we all owe to you. Your willingness to help in any way, your co-operation in all endeavours, your cheery smile and your warm hospitality in your home, all come to our minds. Your going will leave a place unfilled. We do not expect our meetings to ever be just the same without our good faithful old friend "Sarah", bringing the minute book. We thank you for all this, and many other things we have forgotten. Please accept this small token of our love and appreciation. Signed: The members of St. Peter's Harbour Women's Institute.

In Memoriam

JOHN JAMES MacHERON Death on December 31 claimed one of Murray Harbour North's oldest and best known citizens in the person of John James MacHeron. The late Mr. MacHeron, the son of the late William and Christine (Miller) MacHeron, was born at Murray Harbour North on Feb. 25, 1886, and was in his 68th year. He was a life-long resident of the district and was widely known for his kindness and courtesy to old and young. In his younger days he pursued the vocation of farming and fishing and could relate many incidents of the early history of the countryside. The late Mr. MacHeron possessed a very amiable disposition and was known far and wide for his assistance and advice in times of adversity to his friends and neighbors. During his last illness he was tenderly cared for by his only surviving daughter (Florence), Mrs. Verne Johnston. Surviving are his widow, two sons, George McIntosh and Lawrence at Murray Harbour North, and one daughter, Florence, Mrs. Verne Johnston, Murray Harbour North. Four children predeceased him. It is worthy of note that his only sister, Mrs. Minnie Bishop of Imperial, N.S., predeceased him by two days. The funeral services were held on Saturday, January 2nd, at the Murray Harbour North Presbyterian Church and were conducted by his pastor, the Rev. Carl Currie. Hymns sung during the service were favorites of the deceased and included "The Lord's My Shepherd", "One Sweetly Solenized Thought", and "The Home Over There". The organist for the service was Mrs. Annie Kennedy. The pall bearers were Messrs. Newton Hicken, Edward Miller, Harry Miller, William Dunn, Elmer Miller and Benjamin Henderson. The body was laid to rest in the church cemetery with committal service by Rev. Mr. Currie. Pillow—Grandchildren. Spray—Misses Blanche and May Miller and Mrs. Isabel Johnston.

Sees No Need

Continued from page 1 basic weakness in the economy... Much of the increase in winter unemployment can be traced to seasonal decline in activity. However, he said the current unemployment situation is not entirely due to seasonal factors.

Aware Of Situation

"The government," Mr. Gregg said, "is not ignoring the problem of those industries which are encountering difficulties in adjusting to the more competitive situation in both the domestic and foreign markets. Nevertheless, I feel that it would be a mistake to draw a gloomy picture for the economy as a whole solely on the basis of the situation in which certain industries find themselves at the present time." Mr. Gregg said there had been a "tightening up" in many sections of Canada's economy, as with other trading nations. There was a gradual shift from a seller's to a buyer's market. Mr. Gregg said it would seem to be "unwise" to embark on a greatly expanded public works program now. Employment in seasonal industries such as construction would be expanding sharply by spring, so that by the time any sizeable public works program was under way, it would be competing with private construction of all kinds for skilled labor and materials. Stanley Knowles (COF - Winnipeg South Centre) asked if the next meeting of the National Advisory Council on manpower would study means of easing seasonal unemployment. Mr. Gregg said a sub-committee now is studying the question and its report will be made before "not too many months."
