

### MR. AND MRS. JOHN W. WHITEHEAD Clinton Couple Celebrate Their Golden Wedding Day

Mr. and Mrs. John W. Whitehead of Clinton, were feted by family and friends on Wednesday, March 27th, in honor of the 50th anniversary of their marriage. The celebration was held at the home of their son and daughter-in-law, Mr. and Mrs. Arnel Whitehead, where a reception was held in the afternoon and again in the evening. Receiving with Mr. and Mrs. Whitehead were Mrs. Sterling Mackay and Walford MacEwen. Two daughters, Mrs. Malcolm Murray and Mrs. Earl Ford ushered, and a grand-daughter, Miss Norma Whitehead, was in charge of the guest book. Miss Mary F. Mayne presided over the beautifully appointed table covered with a hand-made lace cloth on which reposed the wedding cake, flanked by lighted tapers all in white and gold. Serving the guests were Mrs. Ernest Pickering, Mrs. Bert Mackay, Mrs. Justin Woodside, and Mrs. Lila Henderson. Replenishing were Mrs. Ivan Horne, Mrs. Lloyd Bowness, and Mrs. Don Taylor, daughters of the celebrants, and Mrs. Harry Whitehead, and Mrs. Arnel Whitehead, daughters-in-law.

One daughter, Grace, Mrs. P.L. Hurst, living in Talara, Peru, South America, was unable to be with her parents on this happy occasion. Bouquets of golden mums, many other gifts, cards and telephone messages were received and added much to the festivities. At the evening reception Mrs. Walter Wignmore, poured. Miss Ruth Heaney, Mrs. Elwood Clark, Mrs. Allison Bernard, Mrs. William Toombs, and Miss Jeanie Whitehead served, and Mrs. Lloyd Bowness and Mrs. Harry Whitehead received the guests at the door and ushered to the dining room. During the evening neighbours and friends of the district took advantage of the occasion to give expression of the high esteem in which this popular couple is held; a platform rocker was presented by Mrs. Justin Woodside, and a suitable address was read by Bert Mackay. James Smith capably filled the role of chairman. Mr. and Mrs. Whitehead's capacity for friendship is seen in the fact of the large number who attended in spite of bad roads conditions, and the generous gifts from friends who travelled long distances to be present. John W. Whitehead and Etta Heaney were married by the late Rev. George B. Gough, and their attendants were Miss Jennie Whitehead, sister of the bridegroom, now Mrs. Thomas Gravelly, and the late Hugh MacKay.

### South Shore League Finals Scheduled To Begin Saturday

The South Shore Hockey League best of seven final play-off series for the league championship and the Simmons and MacFarlane Trophy gets under way Saturday evening at Bedeque rink at 8:30 sharp. This is the third straight year that these two favorite rivals Freetown Royals and Albany St. Pats have met in the final round, with each series going right to the wire in a photo finish. The first year St. Pats won 3-2 a best of five series, with each team scoring a total of 24 goals, and last year the Royals took it 4-3 in a best of seven series with the Royals shooting 27 goals against 25 for Albany.

### U.S. Potato Tariff

(Continued from page 1)  
kept in the pockets of island farmers it would make a tremendous difference," he said. "On the basis of the 1956 crop it would amount to \$3,600,000."  
"I am strongly in favour of sending a resolution to Ottawa but suggest that we do like the Province of New Brunswick...send 50 or 100 farm representatives along with it," said Mr. Ramsay.  
Mr. Rossiter said he had just shipped a carload of potatoes to Long Island, New York on which he paid \$785 freight and \$193 duty. He said there would be no need to ship to this market if the Ontario and Quebec markets were protected.  
Mr. Rossiter said it was not so much the amount of potatoes that were coming from Maine that counted so much as the fact that the gate was open and constituted a continuous threat. "There is no doubt in my mind that if a 37 1/2 per cent tariff were imposed on American potatoes, our price would go up by that amount over night," he said.  
"I note that Mr. Harris has been very concerned about the tax on soft drinks. It is a wonder to me he would not be concerned about potato tariffs," Mr. Rossiter said.  
Mr. C.C. Baker said the Island was not the only province being affected adversely by the tariff arrangement. He recalled talking with agriculture ministers from all across Canada who had the same complaint. Mr. Baker agreed with Mr. Rossiter that too much effort was made to protect such things as the soft drink industry while overlooking one of the main Canadian crops.  
Mr. Baker felt the protection of the Central Canadian markets was not unanimous on this matter. He said that potato growers, he expressed the opinion that the only effective resolution to Ottawa should come from the floor of the Provincial Assembly.

### POTATO FLOOR PRICE

Harvey Douglas, Liberal Second Kings had strong support from both sides of the House in his suggestion that negotiations be started regarding a one dollar floor price per bushel for small potato growers of five acres or less or on the basis of a 1,500 bushel crop. Mr. Douglas noted that his suggestion was not contained in the report of the agriculture committee. He said the committee was not unanimous on this matter but felt it was important enough to bring before the House a second time. Mr. Douglas felt that something had to be done to give the Island potato farmer some form of security. He said when potatoes were a good price everybody was happy. On the other hand when potatoes were a poor price a large number of farms are seen for sale. "You can't blame people for moving away when they can't make enough money to meet expenses," he said.

### EGG GRADING STATIONS

Hon. Dougald MacKinnon took exception to the recommendation that fewer egg grading stations be established in the Province. He said, "There is no product that is more susceptible to deterioration than an egg, that is until you get it into proper storage." He said the smaller grading station played an important role in the community in that it gave people the opportunity of getting their product to market more often and thus eliminate a waiting period to take them to the further away centre.

### EVISCERATING PLANT

In regard to the recommendation for an eviscerating plant in the province, Mr. Cullen said he thought such a plant could be erected in connection with a cold storage plant for about \$25,000. It had to be expected from scratch. Mr. Cullen observed that the trade was demanding eviscerated products and said every effort would be made to establish a plant before next season.

### PRODUCE MAJOR PORTION

Mr. Acorn said the western provinces produced about 20 per cent of the Canadian crop, an amount sufficient to supply their needs. Ontario produced 15 per cent, much below their requirements and Quebec 25 per cent, not enough to supply their population. Therefore, he said, the Maritimes produce 40 per cent of all the potatoes in Canada and that means New Brunswick and Prince Edward Island.

### Says Business

(Continued from page 1)  
Government. He expressed the hope that Canadians would treat these people in the true spirit of charity rather than, as evidenced in some cases, exploit them for cheap labour. Brief reference by Mr. Foley was made of the pipe line debate in the House of Commons. He claimed that "closure" had been applied on ten or more occasions by the Government on both sides of politics. He recalled that it was used by Laurier when he was trying to get a bill through to raise money for a Canadian Navy. Mr. Foley adjourned the debate at six o'clock and will resume this morning when the House meets at eleven.

### Several Briefs

(Continued from page 1)  
lated Mrs. MacMillan on her grasp of the situation and asked further information regarding a suggestion about government financial aid for those entering the teaching profession. The reply said the institute felt scholarships instead of loans would be more advantageous at the Grade 11 level. Mrs. MacMillan also felt that since so many outside business organizations benefited directly from the education given many of their employees should be willing to assist financially "especially when they know we are a have-not province."

### CATHOLIC WOMEN'S LEAGUE

Stating their opinion that the importance of education is striking home "and people are almost ready to pay the price it demands," the second brief of the morning was presented before the Committee by the Catholic Women's League and read by Mrs. Basil MacDonald, Executive Director. The brief noted that the times have changed more rapidly than our educational facilities and the increased opportunities of our day call for more education on the part of people who must earn a living.

### UNFORTUNATE POSITION

Hon. Mr. Cullen said it was unfortunate that he should find himself in the position of having to disagree with the committee or agree with them and sign something which he knew would be impossible to get. He recalled spending two days in Ottawa with the potato board when it was found that the best they could get in the way of support price was 44 cents per bushel. "I could not put my name to anything that would lead people to believe we could get \$1.00 a bushel. I do not think the committee made a detailed enough study of the matter to make a recommendation of this kind," said Mr. Cullen.

### TRANSITION STAGE

"We are in agreement with those who favor the larger unit of administration. We dread the transition stage of its implementation. The possibilities for good which this change could bring about are enormous. The friction which its implementation could cause is not to be reckoned lightly. Careful study of the situation in each area, together with a clearly defined program of procedure could go a long way to obviate the greatest difficulties."

### SCHOOL OFFICIALS' BRIEF

The third brief of the morning was presented by Mr. Gordon Rice on behalf of the School Superintendents and Inspectors. With him were Messrs. D.J. MacArthur, Cornwall, and H.J. Hynes, Montague. They believed if they had an as-

### MAJOR STEALS PAINT

LONDON (Reuters) — Dapper army Major Raymond Boyne, 41, was fined \$5 Wednesday for stealing a can of paint and hiding it in his derby. The major said he had spent his pocket money on a haircut and was strolling around a department store when he recalled his wife had said at breakfast that the pantry needed painting. "The temptation to take a tin of paint grew and I fell," he told the court.

tion with some parts of the report. "However, those dealing with the financing of the expansion of (CBC) operations will require much careful study before any action is taken by the government or parliament."

### COLOR IN TWO YEARS

Two years from now, it figured, the CBC will be equipped to transmit color programs. For private stations, it suggested the introduction of color should be at their discretion.

### HOUSE ADJOURNMENT

On its conclusion Premier Matheson asked Dr. McMillan if he felt the Committee could make a report in the time left during the life of the present session of the Legislature and on receiving a negative answer told the speaker that he had been drafting an amendment to the Act which would permit adjournment of the House from the present 30 days to 150 days and intended to present this in the Legislature in the afternoon.

## STEP UP TO THE LUXURY OF AUTOMATIC WASHING

FOR AS LITTLE AS \$2.95 A WEEK

- LINT CHASER** automatically sweeps dirt, lint and scum of clothes through 90 Lint Exits.
- CLOTHES CIRCULATOR** keeps the clothes constantly flexing and always under the water.
- WATER ENERGIZER** exclusive live-water action opens pores of fabrics to flush out deep-down dirt without rubbing.

Here's why it's the "SAVINGEST" washer ever!

- Saves hot water—a complete wash with as little as 3 gallons.
- Saves up to 21 boxes of detergent a year.
- Spins clothes drier—thanks to Rapidly Spin.
- Rub-Free Washing—No harsh fins or blades.
- You control the temperature of wash and rinse water.

This is the washer that frees you from all the old-fashioned washday drudgery—Frigidaire's great new SUPER model!

And when you buy this Frigidaire Super Model on budget terms, a few dollars a month is all the difference there is between old-fashioned washing methods and modern wash-free automatic washing!

See the great new Frigidaire Super Model Automatic Washer at any Frigidaire dealer's.
