

Famous Trichologist Will Demonstrate How To Grow Thicker Hair --- And Guarantees It!

DEMONSTRATION TO BE HELD HERE

This new method of home treatment for saving and growing thicker hair will be demonstrated in Charlotteville, Prince Edward Island, Sunday and Monday ONLY, January 16 and January 17.

These private individual demonstrations will be held in the Charlotteville Hotel on Sunday and Monday ONLY, January 16 and January 17, 12 noon to 9 p.m.

In an interview here today, Mr. Keele, internationally famous trichologist and Director of the Keele Hair and Scalp Specialists, Halifax, December 31, said: "There are 18 different scalp disorders that cause most men and women to lose hair. Using common sense, a person must realize no one tonic or so called cure-all could correct all the disorders," he explained.

GUARANTEED

"The Keele firm, recognizing that most people are skeptical of claims that hair can be grown on balding heads, offers a guarantee." Keele said.

Once a person avails himself to the Keele treatment his skepticism immediately disappears. To insure this, we offer this guarantee. "If you are not completely satisfied with your hair progress at the end of 30 days your money will be returned."

HOPELESS CASES DISCOURAGED

First the trichologist is quick to tell hopeless cases that they cannot be helped. But the "hopeless" cases are few. Only if a man is completely, shiny bald is he in this lost category.

If there is fuzz, no matter how light, thin, or colorless, the Keele treatment can perform wonders.

A complete, private examination is given by a trichologist to determine the condition of his scalp and cause for his hair trouble.

FREE EXAMINATIONS

This examination is very thorough and highly technical, if necessary.

NO CURE-ALL

"We have no cure-all for sick, shiny baldness," Keele emphasized. "If there is fuzz, the root is still capable of creating hair and we can perform what seems to be a miracle."

There is one thing Keele wants to be certain every man and woman knows. If a recession appears at the temples or a spot begins to show up on the crown of the head, there is something wrong and it should be given immediate attention.

HAIR FOR LIFETIME

"If clients follow our directions during treatment, and after they finish the course, there is no reason why they will not have hair all the rest of their lives," Keele said. "Our firm is definitely behind this treatment, it all depends on the individual client's faithful observation of a few simple rules."

CANADA'S FINEST CIGARETTE

Strange But True

By F. H. MacArthur

What may be one of the oldest and largest horsechestnut trees on the Island stands in front of the home of Daniel Jewell, North River.

More than four times the age of a normal horsechestnut tree, this giant has a trunk that measures four feet in circumference, one foot above the ground. Before heavy storms took their toll, the tree had a 60-1-2 foot limb spread.

It would be interesting if one could know the number of business of nuts this tree produced in its lifetime.

On December 30, 1945, Mrs. John Fraser moved into a two-room cabin near Moncton, N. B. With her brother Charles Martell, an adopted son, Freddy Jones; and her son, John, aged 2.

Several times during their first week in the cabin Mrs. Fraser was disturbed at night by the sound of footsteps. Her brother also heard them and each time an investigation showed that there were no sleepwalkers in the family. The only door to the dwelling was found open even though Charles had securely fastened it before retiring. Snow fell at intervals during the week, but no tracks of man or beast could be seen outside.

Then one day Mrs. Fraser learned from a neighbor that the former occupant of the cabin, a man who owned a business in New York City, had died there in a small-pox epidemic while on a business trip. He wrote a letter home before he died and shortly afterward his two young sons apparently contracted the disease from the letter and died.

According to the neighbor, the father kept returning to the cabin in his grief over having caused the deaths of his sons. Mrs. Fraser was advised to visit the graves of the children and to pray so that they would know their father had returned in his sorrow over their deaths. Only then would he find peace. That did it. The footsteps never were heard again.

Folly stopped Elias Smith when they found him driving near Battle Creek, Michigan with a half grown cow in the back seat of his automobile. Smith said he bought the animal but he went to the cooler after the law learned that the animal had been stolen.

Early to bed and early to rise" is the longevity prescription of brothers George and Henry Poore, aged 96 and 91 respectively. They are up at five o'clock each morning and spend the rest of the day at work on their small farm at Robbinston, Maine.

In loving memory of my beloved husband, Stewart MacMicken, who passed away January 13th, 1954.

I have not lost the one I love I did not say "good-bye," For we'll be meeting once again Beyond some sunset sky.

We've known so much of happiness We've had our cup of joy, And memory is one gift of God That death can not destroy.

So I try to smile despite my tears And raise a grateful heart To God who plans a home for us Where loved ones never part.

Mrs. Stewart MacMicken.

Christmas at Victoria

Mrs. W. A. MacQuarrie was hostess at Grove Cottage, Hampton, on Christmas and New Year's day when many members of the family gathered to celebrate these festive days with her.

Christmas Day was highlighted by a visit from her grandson, J. William (Bud) Morrison and his bride immediately following their marriage and reception which Mrs. MacQuarrie was unable to attend. New Year's day was a special cause for rejoicing as her granddaughter and namesake, Morey MacEachern, gave birth to the centennial baby of the year.

Wendy, Kim, and Charlene, the three charming daughters of Mr. and Mrs. M. MacEachern, are thrilled to welcome a baby brother.

Messrs. Donald MacQuarrie and G. Lyman Wood motored to Moncton on Sunday where Donald boarded the plane on the first leg of his journey to Regina. Donald, a geologist with the Shell Oil Company, flew from Texas to spend the holidays with his parents Mr. and Mrs. John MacQuarrie of Hampton.

Mr. and Mrs. M. MacEachern, Morrison of Calgary on December the fourth. On Wednesday evening many friends gathered at the home of his parents to extend their congratulations and best wishes to this happy couple who will presently reside in Regina. Also at home for these festive days was Ian MacQuarrie, a student of Biology at Dalhousie University in Halifax, N. S.

Among the many Yuletide greetings received by Mr. and Mrs. H. B. Wood, Victoria, was one from the MacDougalls of Ottawa. Mr. A. R. MacDougall, a native Islander and most interested in its progress, is the executive representative of the Canadian National Railway at Ottawa. His son, Bruce MacDougall, will be the English-speaking lawyer at the House of Commons, Ottawa, during the coming session. Another interesting message was from Mr. and Mrs. Ned C. Fahs of Santiago, Chile, who are at present in Washington, D. C. Mr. and Mrs. Fahs, with their two daughters, Marianne and Alice, leave aboard the cruise ship "Santa Paula" for Bogota where Mr. Fahs will be the cultural attache in the American Embassy there. The Fahs and the MacDougalls were guests at "Dunrovin" during August.

Walter MacQuarrie has returned to Shearwater after spending the Christmas holidays with his father Rev. Dr. W. A. MacQuarrie of Hopewell, N. S., and his grandmother Mrs. W. A. MacQuarrie of Hampton, P. E. I.
