—ST. ANDREW'S CONCERT.
Kensington Wednesday, November
23rd, at 8:15, featuring Lads and
Lasses Pipe Band, also other Char-
lottetown, Summerside and local
talent, including: One Act Comedy,
"Rumors Wanted" presented by
Presbyterian Young Adults.

—SAD NEWS RECEIVED —
Word has been received by Mrs.
James P. Proffitt, Kensington, of
the sudden passing on Wednesday
November 19th, of her sister, Mrs.
Hugh Loudon, at her home in Cal-
gary, Alberta. The late Mrs.
Loudon, the former Lottie Inman
of Hampton, P. E. I., is survived by
her husband and two daughters
who also reside in Calgary. —S

—ATTENDING FAIR—Mr. and
Mrs. Claude Lewis of York, ac-
companied by Miss Shirley Lewis,
laboratory technician at the P. E.
I. Hospital, are in Toronto this
week attending the Royal Winter
Fair.—S.

—AIR FORCE ENLISTMENTS
The two latest enlistments at
the Summerside R.C.A.F. recruit-
ing unit are Jackie Parrish of
Stanley Bridge, P.E.I., who is
scheduled to leave on November
28th for St. John's, P. Q.; and
Hettie Mae Weatherbie, daughter
of Mr. and Mrs. B. A. Weather-
bie, Montague, R.R. 1 AW2.
Weatherbie was scheduled to
leave yesterday, also for St.
John's, P. Q.

—PERSONALS
—Mr. and Mrs. Charles Llewellyn
of Fredericton, N. B., spent the
week-end in Summerside, guests of
the former's parents, Mr. and Mrs.
W. K. Llewellyn.

—Mrs. Chauncey Pearson and
Miss Mae Blacklock of Shelton are
spending a few days in Borden
visiting Mr. and Mrs. A. P. Cer-
retti.

—Mrs. Lewis Moase, New Annapolis,
has made a good recovery after
her recent operation at the Prince
County Hospital and is convalescing
at the home of her parents,
Mr. and Mrs. W. L. Johnson, Ken-
sington. Her many friends wish
her a complete and speedy recovery.

—SCOUT TRAINING
Course At S'side
The first part of a training
course for patrol leaders and second
leaders was held last evening in the
Summerside Scout Hall.
Nineteen scouts attended from
Kensington, Borden and Summer-
side.

—Patrol leader training is aimed
to develop leadership qualities in
scouts and to teach them how to
instruct in the various scout
tests.

—Last evening's talks included:
scout spirit, patrol instruction,
patrol organization, scout law,
flag, and several games.

—The course was organized by
Eric Tanton, district commissioner
for Summerside area, assisting
him were F. A. Driscoll, provincial
commissioner; A. P. Ceretti,
assistant provincial commissioner;
L. Miller; K. Brammer; F/Lt. D.
Shier and E. G. Kerr.

—Candidates were: Peter Ceretti, Robert
Gallant, Baden Sexton, Summer-
side; Ray Clark, Ned Henthorne,
Morris Clark, Noel Palmer,
Arthur Morrison, Kensington;
Jim Kennedy, Wayne Champion,
Jim MacLean, Ross Davidson,
Charlie Cook, Gordon Hatley,
George Brooks, Roscoe Pendle-
ton, Leo Stubbs, Don Cham-
pion, Frank McCarville.—S.

—2-Yea- Suspended
Sentence Imposed
In Shooting Case
In court at Summerside yester-
day before Magistrate R. S.
Hinton, Q.C., a woman from
Lower Tryon, who had previously
pleaded guilty to wounding by
shooting, in an incident occurring
on Halloween, was given a 2-
year suspended sentence, and a
fine of \$100, and costs of 15 days.

—A party from Cambridgeton in a
public place was fined \$20 and costs of
15 days.

—A party from Mount Pleasant
for consuming liquor in or about
a motor vehicle had his case
adjourned for one week.

—A party from Bedque charged
under the Game Act with hunt-
ing on Sunday was fined \$10 and
costs.

—A party from Victoria for driv-
ing without an operator's license
was fined \$5 and costs.—S.

Judgment Given In Load
Maintainer Operation Case

In an unusual case before the
court at Summerside yesterday,
Magistrate R. S. Hinton, Q.C., in a
written judgment, dismissed the
charge against the operator of a
road maintainer who had been
charged with operating a motor
vehicle (the maintainer) while his
ability to drive was impaired by al-
cohol.

In his judgment Magistrate Hinton
concluded that the defendant, who
had argued that a road maintainer
is not a motor vehicle within the
meaning of the Criminal Code un-
der which the accused was charg-
ed, and therefore could not be con-
victed of the offence.

Magistrate Hinton cited several
cases having a bearing on the one
in question, he said, still in
force, which leave the question open
as to the position in law of an unlicensed
operator of a road maintainer.

In stating the reasons for his
judgment concerning the status of
the road maintainer, Magistrate
Hinton disagreed with the decision
of the Alberta Court of Appeal,
which in a particular case held that
a farm tractor was not a motor
vehicle within the meaning of the
act.

Not Within Category
" I think the words, "motor
vehicle" as used by parliament in the
statute in question were intended
to include vehicles of the charac-
ter commonly used, to some ex-
tent at least, as a means of con-
veyance.

"A road maintainer does not
come within that category.
" Insofar as farm tractors are con-
cerned in P.E.I., they are used as
tractors as a means of conveyance
in spring, fall and winter it is often
their only means of travelling over
dirt highways.

"In fact tractors with trailers at-
tached may be seen on our high-
ways every day of the year as they
are used extensively for transport-
ing feed produce and feed.

"While a statute, especially a
statute dealing with a criminal of-
fense must be strictly construed, I
must confess that if the accused
had been operating a farm tractor,
it would be a very difficult case
for me to decide.

"Counsel for the Crown has
pointed out that it is probably just
as dangerous to the public to have
a slow moving road maintainer
operated by an intoxicated driver,
as it is to have an automobile op-
erated by such a driver. While I
agree with this submission I cannot
agree however that the section in
question should therefore be
given a broad interpretation so the
public may be protected.

"If parliament wishes to remedy
the situation, the section should
be amended to include vehicles such
as road maintainers, steam rollers
and the like and certainly to in-
clude farm tractors.

"However, as indicated above I
am inclined to doubt the correct-
ness of the decision of the Alberta
court of appeal in the R. vs. Owens
case.

"For the reason stated the charge
against the accused is hereby dis-
missed." —S.

Unusually Heavy
Continued from page 1
000,000 from \$300,000,000. The
amount available for loans to
builders of houses for rent will
be increased to \$250,000,000 from
\$150,000,000.

The Government has not yet in-
dicated whether it will lower the
down payment required of home
builders. The minimum payment
now amounts to about 20 per
cent of the cost of the house.
There have been requests that the
government drop the amount to 10
per cent.

The Government will ease pro-
visions under which financial as-
sistance is given to slum clearance
projects.

Another bill will amend the
Farm Improvement Loans Act,
extending its life to March 31,
1956, and increasing the size of
the fund available for loans to
farmers.

Approval will be sought of a
measure providing financial as-
sistance to provincial projects for
water conservation.

A resolution will call for ratifi-
cation of the new fishing treaty
concluded by Canada, the United
States and Japan.

A change in the set up of
Trans-Canada Air Lines is con-
templated in another bill. The
measure would increase the TCA
board of directors from nine mem-
bers to seven. Powers of the
corporation would be increased and
its capital structure would be
brought into line with normal
commercial practices.

Two bills are from the Veterans
Department. One amends the Vet-
erans Benefit Act for a year into
1954; the second provides for edu-
cational assistance to the children
of deceased war veterans.

The last of the government
measures would put the Historic
Sites and Monuments Board of
Canada on a statutory basis.

Most of the resolutions of pri-
vate members were similar to ones
introduced at the last session.

DUNSTAFFAGE SCHOOL
Honor roll for the month of Octo-
ber from Dunstaffage School.
Grade VIII — 1. Leith Dover, 2.
Elnae Foster.

Grade VII — 1. Kenneth Thomp-
son, 2. Lottie Cudmore, 3. John
Cudmore.

Grade I — No tests.
Highest average for senior grades,
Jerry MacCallum, 87.2; highest av-
erage for junior grades, Joy Rob-
bins, 89.5.

Phyllis E. Dover — teacher.

Death Yesterday Of
John A. Callaghan

—Mr. John A. Callaghan, a high-
ly respected resident of Alberton,
passed away at the Western Hospi-
tal early on Friday morning at the
age of seventy-nine years.

Mr. Callaghan was a son of the
late Mr. and Mrs. William Calla-
ghan of Ebbesfleet. As a young
man he was employed in the of-
fice of Sinclair and Stewart, Sum-
merside, for a time, after which he
spent some years in Western
Canada, returning to his native
province he entered into a business
partnership with his brother, W.P.
Callaghan, at St. Louis. About
thirty years ago he set up a retail
business of his own at Elmsdale
which he continued to operate un-
til his retirement nine years ago.

Since that time he has made his
home at Alberton.

Mr. Callaghan was twice mar-
ried. His first wife, nee Bernice
Wallace, predeceased him about
eighteen years ago. His second
wife, the former Marie McLellan
of Hope River, survives him, also
surviving are Fred Whelan, student
of Dalhousie University, and his
sister, Mrs. (Dr.) Blanca of Boston, who grew up in
the Callaghan home. Two brothers,
Messrs. Peter and James Callaghan
of Ebbesfleet, and one sister, Mrs.
Robertson in Chicago.

Of a quiet, kindly disposition,
Mr. Callaghan had many personal
friends and in business he was
highly regarded by all who had
dealt with him.

The funeral will be held from his
residence to the Sacred Heart
Church, Alberton, at ten o'clock
Monday morning.

GRAVITY OF-
Continued from page 1

Crown is Mr. J. O. C. Campbell, Q.
C., deputy attorney general. Ap-
pearing for the Parkdale commis-
sioners is Mr. H. F. McPhee, Q.
C., for the Charlottetown. Water
Commissioners is Mr. K. M. Martin,
Q.C., and for the Estate of the late
Owen Connelly is Mr. James J.
Johnston.

Technical Evidence
During highly technical evi-
dence given in the morning Dr.
Shaw stated that bacteriological
examinations should only be inter-
preted in view of the surroundings
of the site from which the sample
for testing is taken. He was refer-
ring to samples of water from the
Parkdale area and said that rain
and snow must be taken into con-
sideration.

Mr. Campbell remarked that it
appeared that obtaining water was
not the only problem, the worst
part was getting rid of it afterwards.

Dr. Shaw agreed and told the
Court that there were many
factors entering into the amount
of water used in a household. He
stated that people who have to
pump water from a well and then
carry it into the home are in-
clined to use less than people who
simply turn on a tap for their sup-
ply.

The witness told the inquiry that
it was recognized by authorities
that the quantity of water used per
day varied with the social stand-
ing of the family. In Parkdale he
said that a census taken last year
showed that the average family
had 4.2 members. There were 1,136
people living there at the time and
of the 265 families 131 were ob-
taining city water.

Dr. Shaw expressed the belief
that great stress should be laid
on frequent analysis of water sup-
ply. While a majority of the or-
ganisms found by the bacteriolo-
gists are innocuous, their presence
too frequently in a source of supply
tends to indicate that there is a
possibility of disease occurring in
individuals.

Samples Examined
He said that his department has
examined thousands of samples of
water from all parts of the Provin-
ce during the past four years. The
supply used in schools is periodi-
cally examined by the sanitary
engineer. Of the Parkdale situation
he stated that one-third of all
private samples taken during April
and May of this year were con-
taminated.

He stated his impression that
the entire area around the City
of Charlottetown should be care-
fully studied from the point of
view of sewage disposal. And in
reply to a remark by Mr. Camp-
bell that an additional water sup-
ply would only be a "stopgap" the
doctor said that the disposal prob-
lem was the more important.

Dr. Shaw said that an increase
in the number of families in the
area meant an increase in the
number of sanitary tanks in use and
a consequent increase in the quan-
tity of water needed. However, he
thought there was more potential
danger to the city from the north
than from Parkdale and there is
a "particularly dangerous area"
just north of the city limits be-
tween Queen Street and Elm
Avenue where water tests indicate
a high degree of contamination.
He thought if an epidemic broke
out the only solution would be to
put a boundary around the city.

Spring Park Situation
He did not believe that even
the installation of a good water
and sewerage system in Parkdale
would fully answer the problem
so long as the present situation in
Spring Park exists.

Under questioning by Mr. Mc-

Mayor Wedge
Appoints Rink
Fund Committee

Mayor Henry Wedge yesterday
announced the appointment of a
20-man community rink promotion
committee to work with him in
the task of providing a rink for
Summerside.

Mayor Wedge said that everyone
agrees that an ice rink must be
built in Summerside, and the idea
of appointing a committee com-
posed of responsible citizens who
would assume some of the respon-
sibility in promotion and planning
seemed to him to be one of the
best means to guarantee that this
will be done.

Mayor Wedge said that these
men have been picked because of
their interest in sport and in the
welfare of the community and be-
cause from past activities they
have shown themselves to be public
spirited citizens. He pointed out,
however, that before this rink be-
comes a fact there will be a great
deal of work to be done, such as
the carrying on of a financial
campaign and the drawing up of
plans for a building. Committees
will have to be formed for these
various jobs and prominent men
have been deliberately left off this
first committee because they seem-
ed to be particularly well fitted for
other positions in the community
effort.

Mayor Wedge said he planned
to have the new committee meet
as soon as possible and thereafter
meetings will be held every two
weeks. He said that he feels con-
fident that when this committee
begins to function the city commu-
nity project will go forward with
greater speed and that the
citizens can look forward to great
progress as a result of their com-
bined efforts.

The members of the rink promo-
tion committee are: D. O. Stewart,
Harold Gault, Norman Macdon-
ald, Alan Holman, T. D. Morrison,
Clarence Steele, Ross MacKenzie,
Charles Hogan, Wilfred Kelly, Earl
Hickey, Fred Bingham, Norman
Hogg, Preston Noonan, John Hop-
kirk, Ralph Dadds, Dr. H. E. Clark,
L. W. Hancock, and representatives
from the Journal-Pioneer, The
Guardian, and CJRW.

—S.

Death At Alberton
Of Mr. B. A. Profit

The death of Mr. Benjamin A.
Profit occurred at the Western Hospi-
tal Friday morning. Although he
had been in failing health for
some months, his passing came
suddenly. He was seventy-nine
years of age. Old-
est son of the late Mr. and Mrs.
John T. Profit, he had spent all
his life in Alberton and until two
years ago continued his occupa-
tion of farming.

Mr. Profit is survived by one
sister, Mrs. William Hunter
(Hope), and one brother, Mayor
Charles R. Profit.

His body will rest at the home
of his brother until Sunday
afternoon when the funeral ser-
vice will be held in Alberton Uni-
ted Church at one o'clock.

Mr. MacNaught
Leaving Sunday
For Ottawa

Mr. J. Watson MacNaught, Q.C.,
M.P., parliamentary assistant to
the Minister of Fisheries, will
leave for Ottawa tomorrow to
attend the 7th session of the
present Parliament which will
probably be the last session be-
fore a general election is held.

Mr. MacNaught a short time
ago received his third nomination
as Liberal candidate for
Prince County. In addition to his
other duties in the government,
Mr. MacNaught is a member of
the committee engaged in the
study of new rules designed to
streamline procedure in the
House. Many of the present rules
are considered antiquated by
members of the House in that
they were designed for a two-party
house, and must now be
changed to conform with present
day conditions.

Mr. MacNaught will be accom-
panied to Ottawa by Mrs. Mac-
Naught and they expect to re-
turn to P. E. I. when the House
adjourns for the Christmas holi-
days about December 20th to
about the middle of January.—S.

—S.

Phoe he said it was very rare to
find anything wrong with City
water. There might be transient
organisms following heavy rains
but it was due purely to surface
pollution. He spoke of the soil in
Parkdale as reaching the satura-
tion point of disposal and stated
that wells bored to a greater depth
than 50 feet were not so likely to
become contaminated as those
drawing from top level water.

Mr. McPhee suggested that the
situation would be improved if the
people of Parkdale had a supply
of good piped water. Dr. Shaw
agreed, but stated that all the
people would have to be compelled
to use it. He thought it was a
false economy to get only a water
supply as a temporary measure
because the health danger would
return without a sewage disposal
system.

The attorney for the Parkdale
commissioners remarked that the
task of all the inquiry would be
greatly simplified if it were known
what would happen regarding the
proposed incorporation of Park-
dale with Charlottetown.

Lantern Starts
Fire; Building,
Tractor, Crop Lost

A lantern held too near gas that
was being poured in a tractor
caused an explosion that set a fire
and destroyed a building, a new
tractor, an entire crop of grain and
a quantity of potatoes belonging
to Algar Ramsay, of Arlington, Lot
14, on Thursday evening.

Mr. Ramsay was pouring gas in-
to his new tractor about 7:30 p.
m. while his son Blair, 10 years of
age, held the lantern to provide
light for the task. In the explosion
that occurred the son received
burns about the arms which re-
quired treatment at the hospital
at Tyne Valley; his father received
less serious burns.

An unsuspecting neighbor was
made to save the building by neighbors
who quickly gathered, but building,
tractor, grain and potatoes
were all lost in the flames.

Efforts of firefighters, however,
prevented the flames from spread-
ing to other buildings. It is un-
derstood that some insurance was
carried on the building, but it is
believed that tractor and crop
were uninsured. —S

Pelham-Linkletter
Wedding

Baskets of multicolored chrysan-
themums and an arch beautifully
decorated with running gourd
spruce, under which the bridal
party stood, created the setting in
the church of Christ, Summerside,
for a pretty autumn wedding yester-
day afternoon, when Helen Joyce,
daughter of Mr. and Mrs. Harry
Linkletter of Linkletter, became the
bride of Ronald John Pelham, son
of Mr. and Mrs. John Pelham of
Wrentham, Alberta. Rev. W. O.
Weale performed the three o'clock
ceremony. Mrs. Weale was in charge
of the wedding music and accom-
panied the guest soloist, Mr. J. B.
Lewis, as he sang "Till Walk Beside
You" previous to the bridal party
entering the church, and "O Per-
fect Love" during the signing of
the register.

The bride, given in marriage by
her father, was charming in her
floor-length gown of white velvet,
with tight fitting bodice, full skirt
and bolero. Her wedding-ring veil
was held in place with a coronet
of velvet and orange blossoms.

She carried a white Bible with
gardenias and streamers.

Miss Dorothy Linkletter was her
sister's bridesmaid. She was gown-
ed in Nile green net with a
bolero, duster, cap and mits of
green velvet. She carried a colonial
bouquet of bronze mums.

Mr. Edward P. Benoit of Calgary,
Alberta was groom
