

THE CAMPAIGN.

GOVERNMENT'S RECORD.

"They promised to greatly reduce the public expenditure. They have largely increased it."

"In the strongest language they continued a provincial debt. In five years they have added over a quarter of a million of dollars to our debt."

"They solemnly professed that they could manage our affairs without taxation. In three years they have taken from the people over one hundred and thirty-eight thousand dollars in taxes."

"They protested against the practice of borrowing money at the banks. There has scarcely been a year since they attained power, that the Province has not owed very large amounts to one or more of the banks."

"They pledged themselves not to impose taxation without consulting the people. No sooner was the promise made than it was faithlessly broken by the introduction and passage into law of four separate tax acts."

"They seriously engaged, in 1891, to devote about 15,000 dollars of the money to be raised by debentures to the repair of the Provincial building. This has not been done. The building has received no repairs."

"They loudly proclaimed, in opposition, that there was no necessity for a Commissioner of Public Lands. That official still exists, although they have been in power for over six years."

"They denounced, with one voice, Provincial deficits. There has not been a single year of their administration that there has not been a large deficit,—their deficits aggregate over \$255,000, and if the taxes they collected be added, the astounding result of over \$393,000 will be reached."

PEOPLES' PARTY'S MOTTO: VICTORY WITH HONOR.

Peoples' Party's Platform

"The Provincial executive will be reduced from nine to seven."

"No public money will be expended in excess of legislative appropriations, unless in case of unavoidable necessity, such as caused by flood or sudden disaster."

"Provision will be made for a quarterly publication of revenue and expenditure."

"The office of Commissioner of Public Lands will be abolished and the duties assigned to the Attorney General."

"The present ferry system will be reformed with a view to greater economy of expenditure without diminishing efficiency of accommodation."

"A reform in the administration of the Surrogate and Probate court will be effected."

"A radical change will be made in the administration of the Public Works department, so that the money now wasted can be saved to the Province."

"The present system of taxation will be so changed that it will operate with even-handed justice, and not bear oppressively and unfairly on any class of taxpayers."

"Economy will be practised in every department, and taxation will be kept down to the lowest possible limit."

"The efficiency of the Public Service will be maintained, and revenue and expenditure will be made to square as nearly as possible."

"No further increase of the public debt will be permitted."

"There will be considerable reductions in the expenditure of the public money, and the resources of the Province will be safeguarded and husbanded by every legitimate means that can be devised."

HOW TO MAKE PIGS PAY.

Rules by the Irish Pig Improvement Association

One day with another, the pig that commands the highest price is an animal which, though well finished, must not be over-fat, and which turns the scale, dead weight, at about 168 lbs. This type of hog is called a "bacon" pig, and is that required for the London long-side single bacon trade.

"Berwick's" are small plump pigs averaging about 112 lbs dead weight, that is, ranging between 98 and 119 lbs. The price for these is usually the same as for bacon pigs, but at certain times of the year, through scarcity, they may fetch 2s. to 3s. per cwt. more. They are used for the ham and middle trade, and the manufactured article is almost entirely sold in Ireland.

Hogs of an intermediate class, that is, ranging between 119 and 154 lbs. dead weight, are by no means so saleable and rarely command as high a figure as either bacon pigs or Berwick's. They are called in the trade "sides," and at certain seasons of the year, notably the Spring, are greatly depressed in price, being often quoted at 4s. to 5s. under the other classes.

There is another type of hog—the "over-weight." The highest weight generally killed at the packing houses is 182 lbs. There are, however, a few killed some pounds heavier than this, but there is always some 2s. or 3s. cwt less paid for them, as the class of bacon manufactured from them is inferior, and has to be sold at considerably less money in the English markets.

All the above classes of pigs must be fed well, but not over-fed. A good bacon pig of 168 lbs. ought to be produced in 7 months from his birth. It should not be crammed, neither should it be half starved, but fed steadily and regularly. Pigs fed steadily and regularly will give the most satisfactory results to the feeder when weighed at packing house. A hog which has been half starved at any period of its life, even though well fed afterward, will not do so.

The flesh of hogs is soft and flabby if fed on turnips or mangolds, and in comparison to their size their weight in the scale is miserable. They may deceive (we doubt it) the buyer who buys by "guess," but they will not deceive the scale weight.

The best classes of food for pig feeding are: potatoes (cooked), milk, barley, meal, oatmeal, crushed oats, pollard, bran, ground wheat, rye meal, Indian corn (the latter should be only used sparingly in conjunction with other foods, such as pollard, bran or milk and should always be ground as fine as the mill can make it, and thoroughly cooked, otherwise the Indian corn passes through the animal undigested and to the loss of the feeder).

The secret of making money by pigs is not to rush into them nor out of them. Never keep too many; never keep too few: The fault in the past has been that feeders ran into buy when hogs were dear, and stayed at home when they were cheap. Try the reverse and the result will surprise you.

You will not get well-shaped pigs from a badly shaped boar; neither will you get thrifty pigs from an unthrifty sow. If you do not keep your pigs clean and dry they will not pay you. A pig, any more than a human being, will not thrive on a foul, damp bed.

The best thriving pigs we have ever seen were those produced from an ordinary well-shaped country sow and a thoroughbred York boar. The services of this latter class of animal can easily be had nowadays. A long-legged, ungainly boar will get a leggy, flatribbed, cat-hammed, herring-gutted miserable class of pigs, which will pay nobody and deceive nobody as to their quality except, perhaps, the man who feeds them. The tall leggy hog used ignorantly to be thought to deceive the buyer who purchased by "guess," but it will not deceive the packer.

No matter how low prices may be, if it does not pay to feed pigs, it certainly does not pay to starve them.

The way to have cheap stores is to feed them yourself.

A good sow is easily fed, and is the best savings bank you could have.

The day you buy is the day you sell. If you pay too much for the store you will want (but will not get) too much for the bacon pig. Where a proper sow is kept, young pigs can be produced for 1s. a week of their age. Why should the feeder pay practically double this for them.

ALBERRY PLAINS MEETING.

A meeting was held at Alberry Plains on Saturday evening, Charles McMillan in the chair. The meeting was addressed by Messrs. McLean, McDonald, Forbes and Wood. Leading Liberals here acknowledge that a better statement of the financial condition of the Province has not yet been presented to the people than that presented by Messrs. McLean and Wood. Alberry Plains will make a better record on the 21st inst., than ever before for the People's Candidates.

Messrs. Forbes and McDonald failed to satisfy enquiring electors as to how they would conduct the business of the country in future better than in the past.

Diamond Jubilee

Gathering.

AS 1897 completes the 60th year of England's greatest Queen, and as the same year shall be signalized in the history of Kelly's Cross by the completion in this autumn of the new St. Joseph's Church, the parishioners propose commemorating the former event and at the same time raising funds for the latter undertaking by holding a Grand Jubilee Tea Gathering near the Church Grounds, on

Thursday, July 15th, 1897,

when everything shall be arranged by an energetic committee to entertain in a sumptuous manner all who will patronize them on that occasion.

A though not amongst the first of the season of similar gatherings, the committee anticipates that it shall be amongst the best and most successful of the Diamond Jubilee year. Reserve the above date, then, for a pleasant outing.

By order of Committee.

If the weather be wet the Tea will be held on the following Saturday.

Kelly's Cross, June 5, 1897. M. A. SMITH, Secretary

The Great Victorian Tea Party

At Vernon River

The Parishioners of Vernon River, Roman Catholic Church, purpose holding a Tea Party on the church grounds,

WEDNESDAY, 14th JULY NEXT,

in aid of the Church Funds.

Quite a number of well furnished tea tables will be on the grounds, furnished with all the delicacies of the season.

In addition to the tea tables there will be a dinner table with hot and cold meats, salads, pies, etc., to satisfy the tastes of an epicurean.

All the games usual at such entertainments will be provided by the committee, and music will be furnished by "ahundred pipers and a'."

And last, but not least, a well stocked saloon will be on the grounds where temperance drinks and eatables can be secured at reasonable rates.

We want all our friends to come and see us on that day, and enjoy themselves to their heart's content.

Tea on the tables at noon. Admission to grounds and tea, 25c. Dinner, 50c.

God Save the Queen.

By order of the committee.

Should the day be unfavorable, the tea will be held on the following day.
