Horse Points.

A colt never should be broken; it is to be educated. This can best be done gradually, one thing at a time. Let it become well used to that before the next move is made. Much depends on patience and gentleness. One must know how to wait.

The feed of a colt, as well as of all animals, should be generous, but not lavish. Never over-feed, for that induces a fickle appetite, and is a great injury. Give a variety both of grass and fodder. Never think to make a colt hardy and tough by severe exposure They may endure a great deal, but it is at the expense of spirit and growth.

Undoubted a good roll on the ground will often do a horse more good than a half-hour's work with brush and currycomb.

Allow no water to become stagnant in the watering troughs or drinking places of the teams.

There is no age in the horse's life when oats are not good for him. A young colt may be taught to eat them very early, and they are absolutely necessary when the mare's milk begins to fail, or it becomes time to wean him, If oats are scarce divide them between the growing colts and the working or driving teams. The latter have learned to eat anything, and in careless hands are often overfed with grain to save labor of the grooming needed to keep them in good condition for working.

A mare nine to 15 years old, if sound, is fully as likely to bring an intelligent, spirited and strong constitution ed colt as a younger one, and the expense of them is generally much much less; also, they are usually better for general farm work. A dam weighing from 900 to 1,000, with a sire weighing 1100 or 1200, will usually bring colts of the desired size. Much depends on the feed and care of both the dam and the colt, until the animal is ready for sale. To give specific direction would require too much space. It is sufficient to say that a moderate amount of work is better for both the dam and offspring during all the time, except the first two or three weeks after foaling.

The treatment of many thousands of cases of those chronic weaknesses and distressing ailments peculiar to females, at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., has afforded a vast experience in nicely adapting and thoroughly testing remedies for the cure of woman's peculiar maladies.

Dr. Pierce's Favorite Prescription is the outgrowth, or result, of this great and valuable experience. Thousands of testimonials, received from patients and from physicians who have tested it in the more aggravated and obstinate cases which had baffled their skill, prove it to be the most wonderful remedy ever devised for the relief and cure of suffering women. It is not recommended as a "cure-all," but as a most perfect Specific for woman's peculiar ailments.

As a powerful, invigorating tonic, it imparts strength to the whole system, and to the womb and its appendages in particular. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nervine, "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, exhaustion, prostration, hysteria, spasms and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the womb. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Favorite Prescription is a legitimate medicine, carefully compounded by an experienced and skillful physician, and adapted to woman's delicate organization. It is purely vegetable in its composition and perfectly harmless in its effects in any condition of the system. For morning sickness, or nausea, from whatever cause arising, weak stomach, indigestion, dyspepsia and kindred symptoms, its use, in small doses, will prove very beneficial.

"Favorite Prescription" is a positive cure for the most complicated and obstinate cases of leucorrhœa, excessive flowing, painful menstruation, unnatural suppressions, prolapsus, or falling of the womb, weak back, "female weakness," anteversion, retroversion, bearing-down sensations, chronic congestion, inflammation and ulceration of the womb, inflammation, pain and tenderness in ovaries, accompanied with "internal heat."

As a regulator and promoter of functional action, at that critical period of change from girlhood to womanhood, "Favorite Prescription" is a perfectly safe remedial agent, and can produce only good results. It is equally efficacious and valuable in its effects when taken for those disorders and derangements incident to that later and most critical period, known as "The Change of Life."

"Favorite Prescription," when taken in connection with the use of Dr. Pierce's Golden Medical Discovery, and small laxative doses of Dr. Pierce's Purgative Pellets (Little Liver Pills), cures Liver, Kidney and Bladder diseases. Their combined use also removes blood taints, and abolishes cancerous and scrofulous humors from the system.

"Favorite Prescription" is the only medicine for women, sold by druggists, **under a positive guarantee,** from the manufacturers, that it will give satisfaction in every case, or money will be refunded. This guarantee has been printed on the bottle-wrapper, and faithfully carried out for many years.

Large bottles (100 doses) **$1.00, or six bottles for $5.00.**
