DeBLOIS BROS. LTD.

**Proprietor Well Known
Registered Druggist**

The newest addition to this city's list of drug stores opens tomorrow when Giggey's Pharmacy takes its place in the life of the buying public. Owned by Mr. Robert Giggey, well known druggist of Charlottetown, the new store will stress service in prescription filling.

Mr. Giggey, native of Saint John, N. B., came to this city in 1940. In his native Province he was a certified clerk and entered the Jenkins Pharmacy here, becoming a registered pharmacist in 1944. While in the latter store he managed the business during the absence on active service of its owner. In 1946 he went to Worthy's Drug Store on Queen Street and remained with that firm until the ownership changed hands recently. He is now opening his own business.

The new addition to the city's business life will be modern from front to back in gleaming white and with up-to-the minute fluorescent lighting.

Just inside the door a short corridor with semi-circular ends will offer a wrapping surface and provide convenient access to the typical candy and smokers supplies on the shelves immediately behind.

Both side walls of the store are lined with shelves easily available to customers who will find the merchandise displayed in a manner which is eye appealing in its simplicity. There is a complete line of drugs and sundries stocked by modern drug stores and the Prescription Counter at the rear is fully equipped to live up to the slogan of the store, "We treat the sick well."

Mr. Giggey will endeavour in his own store to give all customers the same prompt, efficient and courteous service for which he was long noted while employed in other places.

Associated with him as store clerk is Miss Gwen Davison who also brings to her new position the experience and reputation for courtesy which always make buying in such a store a pleasure to the public.
