

Exercise On Long Flights Is Advocated

STOCKHOLM (Reuters) — A Swedish medical lecturer advises passengers on long air flights to walk about the plane or do strenuous physical exercises if the stewardess will let them.

Anything, in short, but remain immobilized in a plane seat for long periods.

The exercise, said Dr. Knut Haeger of Lund University in southern Sweden, will ward off thrombosis.

Haeger, reviewing recent research into the health aspects of air travel, said passengers naturally wish to relax. They often are lulled by the monotonous sound of engines.

But, he says, a long period spent in a reclining position, with legs jammed against the seat ahead, automatically decreases blood circulation. Haeger says that in Sweden about 30 air passengers a year suffer a thrombosis — coagulation of blood in a blood vessel or organ — caused by lack of activity and cramped leg space.

However, Haeger warns, do not engage in strenuous exercise after a meal aloft. That could strain the heart.

International Currency Hopes Said Moderate

WASHINGTON (CP) — Modest hopes for progress in setting up a new international currency unit or system were expressed here by Finance Minister Sharp.

He said France, the main dissenter, is at least willing now to talk about the matter in a meeting bringing together the International Monetary Fund and the 10-nation group which has been working on it.

France until recently had continued to oppose the idea of studying the fund.

"French gold policy is not in the interest of the world community," Sharp said of the French practice of salting away gold which it obtains by cashing in its American dollars. That has increased the heavy drain on the U.S. gold stocks.

Sharp also said the French position — arguing that there is no need now for a new international currency unit or system — "is of a piece with their general suspicions of internationalism in all its forms."

Sharp spoke at the end of his visit here for the annual meetings of the world bank and the fund.

Que. Liberals Will Press For Republic

MONTREAL (CP) — Quebec Young Liberals will advocate a republican form of government and ask for a nationwide referendum on the issue at the forthcoming national congress of the Liberal federation at Ottawa.

Guy Wilson, Quebec president, said at a news conference here that Quebec Young Liberals believe a republic headed by a strong president is the most efficient and representative form of government.

The referendum to decide whether Canada should adopt a system comparable to that of the United States should be held within two years, he said.

Quebec delegates, in their official presentation at the congress, will ask the Liberal party to adopt the republican proposal as official policy.

Douglas Aircraft Reports Net Loss

SANTA MONICA, Calif. (AP) — Douglas Aircraft Co. has reported a net loss of \$16,416,000, or \$3.12 a share, for the first nine months of fiscal 1966. This compares with a profit of \$11,550,000, or \$2.20 a share, a year ago.

Third-quarter loss was \$17,061,000, or \$3.24 a share, compared with a profit of \$4,009,000, or 7 cents a share, last year.

The firm blamed "delays resulting from schedule slippages by suppliers, lead-time and material problems due to the Viet Nam situation, and unexpectedly high costs arising from adjustment to the large number of orders for the DC-8 and DC-9 (transports).

Douglas said its backlog of orders as of Aug. 31 totalled \$2,996,219,000.

'67 Volkswagen Price Unchanged

TORONTO (CP) — Volkswagen Canada Ltd. announced today the price of its 1967-model cars will be unchanged from last year.

"Contrary to recent predictions of increased prices throughout the rest of the automobile industry, we decided to hold the price line for all models of our 1967 Volkswagen cars, trucks and buses," said Managing Director Karl Barths.

Volkswagen in the United States recently announced an increase of about three per cent, blaming the rise on new safety features and increased costs at the manufacturing plants in Germany.

Prices of other, 1967-model cars to be sold in Canada have not been announced.
