

Support Of U.S. In Viet Nam Big Issue In Australian Vote

SIDNEY, AUSTRALIA (AP)—Next Saturday's election will show how many Australians support the Harold E. Holt government with its policy of support for United States action in Viet Nam.

That is the only big issue and there are two questions in it: Should 4,300 Australian fighting men be in Viet Nam? Should military draftees be sent, as is being done?

The bidding:

Pass 1 4 4

8 8

Opening lead—eight of clubs.

Occasionally you hear the term "free finesse," but often there is a question whether or not the finesse is really free. It is easy enough to misapply the principle underlying the term, which is what happened to declarer in this deal where he unnecessarily went down one.

West led his singleton club. Acting under the delusion that he was getting a free finesse, South played the jack from dummy and won East's queen with the ace. After drawing trumps, declarer returned a club, hoping to find the suit divided 3-3 so that he could obtain

a discard on dummy's fourth club.

But when West showed out of clubs, South was finished. He could not avoid losing a club and two diamonds, and eventually he went down one.

It is true that South seems destined to lose three tricks regardless of how he plays, but actually he can make the contract by playing low from dummy on the club lead and winning the eight with the ace. He should assume from the bidding and the lead that the eight is a singleton. No harm can come from making this assumption, since the queen of clubs, if West has it, can be fessed later in the play.

After drawing trumps and ruffing two hearts in dummy, declarer plays the ace and another diamond. The defense can now do no better than cash two diamond tricks, after which they find themselves stymied.

West is on lead after the third round of diamonds, he is forced to return a heart or a diamond, permitting South to discard his club loser as dummy ruffs.

If East wins the third round of diamonds, he is similarly helpless. He must yield a ruff and discard or else return a club into the K-J, thus achieving the same effect.

The "free finesse" at trick one is merely an optical illusion.
