

White Students Boycott School In Wake Of Riots

CLINTON, Tenn. (AP)—A majority of white pupils boycotted the high school Tuesday in the wake of a series of anti-integration riots.

At the same time, Tennessee Adjutant General Joe Henry predicted an early end to the racial strife stirred up by admission of 800 Negroes among 2,000 students at the school. The Negroes were admitted last week under federal court order.

While militiamen with fixed bayonets restored peace to this riot-ridden town of 4,000, the worst in a week-long series of racial disorders erupted Monday night at Oliver Springs, 20 miles to the west.

A mob, acting on a rumor that Oliver Springs schools would be integrated, set off dynamite blasts in the community's Negro section.

A mob member was wounded when a Negro fired a shotgun at the rioters. The group dispersed only after National Guardsmen sped to Oliver Springs from Clinton.

A Negro identified by deputies as William Capshaw, 31, was arrested and charged with felonious assault with a knife.

GUARDSMEN KNIFED

Five men were arrested near Dayton, 75 miles to the west, after two National Guardsmen were attacked while driving to drill. One of the guardsmen, Garland Pugh, 23, was knifed by an unidentified assailant when he said he would go to the outbreak at Clinton if ordered to.

A group of white boys in Knoxville, who had heard a rumor that Negroes would try to enter the high school, erected a tombstone on the schoolyard with the question: "What Nigger's next?"

The implied threat did not deter an attempt to get Negroes into schools at Knoxville, 20 miles to the southeast.

Superintendent Thomas N. Johnson said five were turned away at East high school and one each at two elementary schools.

At Clinton, six Negro youths braved a cheering group of white front entrance the first time they had used that door since he would come pupils of the former all-white school last week.

Three Negro girls went in by the side door. The other three Negro students registered at Clinton high were absent.

There was no disorder except for a few catcalls and jeers. Only 257 whites showed up along with the nine Negroes from a total enrollment of 806.

Increased Enrollment As Pupils Resume School

An increase of 68 pupils over the enrollment of a year ago in the five City schools was noted following the registration of the opening day of school yesterday.

Mr. K. A. Parker, Superintendent of Education, said the total this year is 2,756 compared to 2,688 of a year ago.

The biggest increase was at Prince Street School with Rochford Square School showing a decrease.

The schools with this year's registrations, last year's in brackets, are: Queen Square 84 (83); West Kent 412 (380); Queen Charlotte High 403 (422); Prince Street 441 (433); Rochford Square 636 (725).

There have been several staff changes since the last term. New personnel are Queen Charlotte, Mr. G. Rea-Airth, Miss W. Hayer; Mrs. Muriel Kennedy; Mr. Jack Ready (Physical Education); West Kent, Miss Jessie MacNevin, Mr. Ernest Mutch, Mrs. Birdie Hogg, Prince Street, Miss Greta Hansen, Queen Square, Pineau, B. A., Mrs. L. E. Heckbert, Mrs. Mary Doucette, Miss Shirley Mullen, Miss Eileen Murray, Rochford Square, Miss B. Hennessey, Mrs. R. Dowd.

Following the pattern set in recent years the enrollment in the junior grades continued heavy.

At the Vocational Training School there were 67 students entered yesterday compared to 45 a year ago. Those registering for various courses included auto mechanics, 20, carpentry 12, drafting 4, practical electricity 7, plumbing and sheet metal work 16, and for the first course in welding ending in mid-January 8.

The night classes do not begin until October 1 and so far there are 143 applications. Last year a total of 500 students attended these classes. There is only one change in the staff this term. Mr. George MacKay, Darnley, is the new academic teacher replacing Mr. David MacLean who has been transferred to the Department of Agriculture. Mr. MacKay has had three years experience in public school teaching.

Begin Pavilion For Canada At The World Fair

BRUSSELS (AP) — Canada Monday started construction of a gleaming 50-foot tower of aluminum and glass that will be its pavilion at the 1958 world fair here.

The Canadians are the first participating country to get work under way.

Glenn Bannerman, director of the Canadian exhibition commission, planted a red maple seedling to mark the occasion at a ceremony attended by Canadian ambassador Charles Pierre Herbert and the Belgian minister of economic affairs, Jean Rey.

The pavilion will express the theme "man and the open spaces" and will occupy one-third of a natural relief setting of about 10,000 square yards.

The exhibit will be manned by 60 university students, chosen for their knowledge of languages, friendly manner and interest in world affairs.

4 Russian Fisheries Experts Visit Huge C. N. Exhibition

TORONTO (CP) — Four Russian fisheries experts Monday toured the world's biggest annual show—the Canadian National Exhibition.

It was the second Russian visit within two air days.

Monday's Soviet guests were Alexander A. Ishkov, fisheries minister of the U.S.S.R.; Igor Semenov, deputy fisheries minister, Alexandre Verevkin, deputy fisheries minister of the Russian Soviet Republic, and scientist professor Peter A. Moiseyev.

Accompanied by interpreter Edward Vardunim, the party, escorted by CNE officials, visited the game fish exhibit in the Ontario government building, the automotive building and attended a fashion-show luncheon.

Mr. Ishkov seemed greatly impressed by the cars in the automotive section and particularly delighted with a huge cement-mixer. At the fashion show, he agreed with a reporter that it was a good thing his wife was not with him—it would cost him too much.

"That can happen to the best of us," he quipped.

LEAVE FOR WEST

The party is on a Canada-wide tour of the fishing industries and returns to Ottawa Monday night before setting out for the west coast.

Saturday a mystery group of seven Russian visitors played hide and seek with reports and camera men. CNE officials said they were looking around with a view to getting ideas for exhibiting in a Soviet section next year.

With the Soviet visitors Monday was Fisheries Minister Sinclair, who also accompanied the party on a Toronto waterfront tour.

New Typhoon Hits China Coast

HONG KONG (AP) — Red China's east coast, still mourning the dead from its worst typhoon of the century, was hit by another giant storm Monday.

The Peiping radio's weather men said Typhoon Dinah slammed into Fukien province about midnight along an 80-mile front with heavily populated Foochow in the centre.

Fukien officials mobilized peasants and troops to bolster already battered embankments, the broadcast said.

It made no mention of casualties.

Typhoon Wanda, which raked the central China coast in early August, left about 2,100 dead and a like number injured.

Weather forecasters in Tokyo said a new typhoon, dubbed Emma, had been spotted 102 miles southwest of Iwo Jima. It was moving west-southwest.
