A Siege

The matrons of the Edison Orphanage at Lowell, Mass., U.S.A., wrote they had a siege of whooping-cough in their institution. They said that every case was promptly relieved by Vapo-Cresolene. Its value in coughs and colds was so great they always kept it ready for use. You know how it's used, don't you? 'Tis heated by a vaporizer and you inhale it. Write us for a book that tells all about it.

Vapo-Cresolene is sold by druggists everywhere. The Vaporizer and Lamp, which should last a lifetime, and a bottle of Cresolene complete, $1.50; extra supplies of Cresolene 25 cents and 50 cents. Illustrated booklet containing physicians' testimonials free upon request. VAPO-CRESOLENE CO., 180 Fulton St., New York, U.S.A.

LAST April a horse was stolen from a barn in Charlottetown. As soon as the animal was missed search was made in every direction but weeks and months passed and there was no clue as to the whereabouts of the stolen horse. Finally about three weeks ago the owner was told that his horse was seen in Sydney. He went there and it did not take him long to espie his noble steed in the truck waggon of a leading firm. He interviewed one of the partners who was greatly surprised that the horse for which he had paid one hundred dollars in cold cash last May was the property of another, but there was no alternative, the horse had to go. The man who sold the horse was seen and a demand for the return of money was made. He pleaded ignorance of the horse being stolen and he had bought the horse in good faith. The money he would pay, however, rather than go to trouble, but as it is not forthcoming the trouble may ensue. It nows turns out that for the purpose of bringing the horse away from the Island without being identified, his feet, which were white, were painted.
