MANTLES a specialty—Beer Bros.

THE CITY COURT was in session this forenoon.

R. S. C.—Regular monthly meeting tonight at eight o'clock.

POLICE COURT.—This forenoon a man arrested for being drunk and out after hours was admonished and discharged.

THE RIFLE —The inter-Maritime Match will be fired to-morrow, beginning at ten o'clock. The Nova Scotia and New Brunsteams will arrive this evening.

A MONUMENT SUGGESTED.—The Journal says it has been suggested that a fund be started for the erection of a suitable monument to the memory of the late Dr. McKay.

CITY SCHOOL EXAMIANTIONS —The pupils will be massed in the halls of their respective schools at 11 30 each day, instead of at 12 30, as inadvertantly stated in yesterday's issue.

TWO BAD ACCIDENT.—A man named Courrier had a couple of fingers taken off with a saw in Moffat's mill, Campbellton, last week, while at the same hour in another mill his young son lost his whole hand from the same cause.

MISSIONARY MEETING. — The Sabbath School in connection with the First Methodist Church will hold its annual missionary meeting this evening in the basement of the church. Go and hear the children sing and recite. A collection will be taken up.

FROM HALIFAX.—The steamer Fastent, Captain Churchill, arrived from Halifax at two o'clock this morning, and left for Summerside at ten. She will return to Charlottetown at six o'clock to-morrow morning, and will sail for Halifax at four o'clock in the afternoon.

RECIPROCITY DISCUSSION.—It is announced that reciprocity between the United States and Canada was to be discussed at St. Paul, June 6, by several well-known Canadians and Americans at a convention. Ex-President Harrison. Hon. Wilfred Laurier, Erastus Wiman, Goldwin Smith, Congressman Butterworth and other notables were to be there.

NOVA SCOTIANS DROWNED.—Christian Nelson and John McKay, of Port Clyde, Shelburne, N. S., were drowned while returning in their boat from N. E. Harbor. They had a load of salt. Their boat was struck by a squall and capsized. Before assistance could be sent from the shore they had gone down for the last time. Nelson leaves a wife and six children.

THE WHEEL.—The Ramblers' Cycle Club, of Halifax, have planned a trip through the Annapolis Valley, starting on or about the 2nd September next. They expect representatives from Windsor, Kentville, Wolfville, Truro, New Glasgow, Pictou and other places. An invitation has been extended to the Victoria Cycling Club, of this city, to send representatives. A good time is guaranteed.

THE SERVANT GIRL PROBLEM.—The servant question is sadly trying Australian housewives, who find their domestics much above their position in manners and appearance. Hence the following singular advertisement culled from an Australian journal: "Wanted, a young woman (the plainer the better) to help a small, genteel family in their domestic matters; one without ringlets preferred."

ANOTHER SUCCESSFUL ISLANDER ABROAD.—The many friends of Mrs. W. Loohhead *nee* Miss Mabel Bourke, daughter of the late W. C. Bourke, of Dundas Esplanade, gave her a warm welcome home after five years sojourn on the Pacific coast. Mrs. Lochhead has earned a most enviable reputation as an artist of unusual ability, and her painting of the magnificent scenery of the Rocky Mountains command a high price.

DOMINION DAY AT MONCTON.—The preliminary canvass for the Dominion Day celebration is proving more satisfactory than was anticipated. The merchants and manufacturers generally have promised to take part in the trades procession, and the firemen have decided to take part as a body. The two militia companies have also decided to lend their assistance, as they do not go into camp this year.

THE JOSIE MILLS COMPANY will open at the Lyceum on Monday evening next, for a short season Manager Haystead arrived here last evening to complete arrangements. The opening bill will be the great English melo-drama "The Black Flag," in which Miss Mills takes the part of Ned, the cabin boy. This play will be followed by such attractions as the Passion Slave, Silver King, East Lynne, Queen's Evidence, The Pavements of Paris, The Banker's Daughter, etc. The price of admission during the season will be 25 and 35 cents.

Has Bought a Hotel.

MR. JAMES C. MCEACHEN INVESTS IN HOTEL PROPERTY.

James C. McEachen, Esq., of New York City, formerly of Charlottetown, recently visited Chicago as a delegate from the New York Caledonian Club to make arrangements for their proposed celebration at the World's Fair city in July. Whilst in the west he appears to have had an eye to business of a private nature for the Lacrosse, Wisconsin, Chronicle publishes the following:—

"The International hotel, corner of Pearl and Front streets, will be opened in about a month. The present owner, Mr. James C. McEachen, a prominent attorney of New York city, and the lessee, Mr. A. D'Orville, arrived in the city Monday for that purpose. It will be remembered that the International changed hands about eighteen months ago, a gentleman named Howland being the buyer. It was the latter's intention to open immediately, but for some cause he did not do so. About six weeks ago Mr. McEachen became the owner and at once decided not to let the property remain useless. Terms were accordingly arranged betweeen Mr. D'Orville and himself with the above result mentioned. Mr. D'Orville is the proprietor of the Del Monte restaurant, cafe and billiard parlor, Columbus avenue, New York city, and a man of experience in the hotel business.

"To a Chronicle reporter yesterday he stated that the International would be run on a first-class basis with a $2.50 a day rate. During the interval before it is thrown open it will be finely furnished throughout. There will be no alterations in the interior construction, but the hundred or more rooms will be fitted up in good shape. Mr. D'Orville goes to Chicago to-day to obtain what things he will need and cannot get here. He will not move here until things are fully settled and will still continue the New York restaurant. Mr. McEachen will remain in La Crosse the rest of the week."

LETTERS TO THE EDITOR

Reply to "Impartiality."

SIR,—Your correspondent "Impartiality" in yesterday's EXAMINER was in too much haste to ventilate his supposed facts anent the Briggs case and the Presbyterian General Assembly. An impartial critic would wait to see what action the Assembly would take in reference to such as violated its rules after sufficient proof had been given. 'Where has the Presbyterian Assembly winked at such infraction of its rules? Does he know of any case of such laxity? He says that all the world knows that Presbyterian ministers subscribe to one thing and teach the reverse. This is a very grave charge and should not be made without proof. I look in vain for the proof. It is not there. The mere quotation of the confession, or the doctrine of predestination is not proof that ministers generally diabelieve in it. Let him state his authorities. The only proof admissible in the case is the production of one or more ministers names, who have trangressed and after full proof was given, were allowed to retain their places. The Presbyterian church is this day more powerful for good than at any previous period. Its membership is incressing as rapidly as most other churches. Its contributions to missionary and charitable objects are growing. The morals of its ministers and members compare favorably with those of any other church. How then, can your correspondent stigmatise its ministers as guilty of base deception! Let him come on with his proof. The Presbyterian church is not alone in maintaining the doctrine of predestination. The 17th article of the Church of England is nearly as strong as the 3rd and 4th sections of the III chapter of Westminister Confession. It is too long to quote in *extenso* here, but I commend it to "Impartiality." Let him study it. The Godly consideration of it is full of sweet comfort to Godly persons. Let him have the benefit. Perhaps he may tell all the world how many of the ministers of his own church teach it, though they have subscribed to them.

Do You Like Fun?

Real, good, solid fun? If you don't you must be sick and require some medicine (probably Everybody's Pills), but if you do you ought to have a camera. You can then have lots of fun taking pictures, and live it all over again when showing them to your friends. In either case call. We can supply the medicine or the camera. 1893 SWIFT!

THAT the '93 "SWIFT" is the best wheel made is ENGLAND, and that it is second to none in AMERICA, any unprejudiced wheelman will say after a fair test of this Machine's powers. Here are a few plain reasons why the SWIFT, made by the Coventry Machinists' Company, Coventry, England, the oldest Cycle Manufacturers in the world, is the acme of all that is great and good in a strictly high-grade wheel:—

WHY?

(BECAUSE it is simple, and the adjustment and bearings accurate.
BECAUSE it is light and strong—correct proportions throughout—weight 30 pounds.
BECAUSE it is roller forged chain reduces friction to a minimum.
BECAUSE it is not possible to make a better wheel.

Many more equally strong reasons can be given why the "SWIFT" is THE wheel. I will have a sample wheel here in a few days. Hold your orders until you have seen it. Now is the time to buy the "SWIFT."
