

There are certain indications of the existence of Coal formations in various parts of this Island; and praying the House to appropriate a sum of money for the purpose of ascertaining whether such is the case or not.—Laid on the Table.

The Hon. Mr. Palmer presented, pursuant to the Address of the House of Assembly to His Excellency the Lieutenant Governor of the 22d ult., several Papers containing such information as induced the Government of this Colony to send a Civil and Military force to King's County last Spring.—Referred to the Committee of the whole House on the Report of the Special Committee appointed to examine and report on the Public Accounts.

Ordered, That Mr. Thornton have leave to introduce a Bill to regulate the publication of Notices and Advertisements relating to the Public Service.

He accordingly presented the said Bill to the House, and the same was read the first time. Second reading on Tuesday next.

Mr. Cooper moved that an Address be presented to His Excellency the Lieut. Governor, praying that His Excellency will be pleased forthwith to establish a Court of Escheat in this Island.

Mr. Speaker objected to receiving the motion, stating, as his reason, that it was irregular—a motion of a similar nature having been made during the present Session, and decided in the negative.

The House resolved itself into a Committee of the whole House, on the further consideration of the Report of the Special Committee appointed to examine and report on the Public Accounts.—Mr. Longworth in the Chair.

After some time spent therein, Mr. Longworth reported, that the Committee had gone through the Report of the Special Committee, paragraph by paragraph, had amended, and then adopted the same. [For said Report, see our Fourth page.]

The Colonial Herald.

SATURDAY, MARCH 9, 1844.

A little before Eight last night, the Postman's horn resounded through our streets, and a short time after, by the politeness of the Post Master, we obtained a portion of our Colonial papers. The most important items of news are the following:—

UNITED STATES.

An Awful Explosion on board the U. S. Ship Princeton—Loss of several Lives.

(From the Madisonian Extra, 28th Feb.)

To-day the Princeton made another excursion, having on board several hundred guests—among whom were His Honor the President of the United States, and 200 Ladies. The ship proceeded down the river, below Mount Vernon, and on its return, when within twenty minutes' run of Alexandria, the large gun on the bow was fired, it being the second or third time it had been discharged with ball and the usual service charge, and exploding at the breech, instantly spread death and destruction around the deck, killing the Secretary of State, Mr. Upsher, the Secretary of the Navy, Governor Gilmore, Commodore Kennon, Chief of the Bureau of Constitution of the Navy; Virgil Maxey, Esq., and David Gardner, of Gardner's Island, N. Y.; wounding severely six seamen, and slightly injuring Colonel Benton and Capt. Stockton. One of the President's servants, a coloured man, has since died. The breech of the gun was severed, and carried away the bulwark of the ship opposite to it.

This terrible calamity was caused by the explosion of the newly-invented gun of the Princeton, of which so much has been said of late, and which, it was predicted, would astonish Great Britain and the world. The prophecy is not far from being fulfilled.

ANOTHER SHOWER OF FLESH AND BLOOD.—An extraordinary sensation was created in Jersey City, on Tuesday, by the fall of a substance resembling bloody flesh, in pieces varying from the size of a dime to a twenty-five cent piece. It appears that the shower fell on a small space, probably not over eight hundred feet square; and the flakes resembled pieces of bloody flesh more closely than any thing to which we can compare them. Wherever the flakes fell on linen, the blood gradually spread over the cloth, leaving a thick fleshy substance in the centre of the stain, which gave out an offensive, fetid smell. The clothes lines within the bounds of the shower were almost all well stocked with newly washed garments, and the flakes fell so thick that even the smallest garments were stained, all having to be re-washed immediately. It is our opinion that an aqueous meteor did all the mischief.

THE FRESHET IN ALABAMA.—From every quarter we hear of disasters from the late freshet. The planters on the rivers and tributaries have had their cotton fields covered, and their cattle drowned by the flood. Bridges have been swept away to such an extent as to render travelling, on many important roads, almost impossible.

FIRE.—On the 11th ult., a fire occurred in a cotton factory at New Orleans, which destroyed 8,500 bales of cotton, valued at \$340,000. The building is considered the largest in the world, 632 feet long by 308 in breadth, and cost \$753,000. The damage which it and the machinery sustained amounts to \$375,000—all covered by insurance.

Nicholas Biddle, the celebrated Financier, is dead. Professor Locke, of Cincinnati, has invented and made a magnet which lifts eleven hundred pounds. The magnet weighs only 17½ pounds, and is probably the most powerful magnet of the size known.

A bill has been presented to the Legislature of Pennsylvania, to prevent business on the Canals and Railroads of that State on the Sabbath.

Miller, the Prophet, is preaching at Washington. He predicts the end of the world some time this year.

FATHER MATHEW has accepted an offer of a free passage to the United States, and intends going to New York next June.

CHINA.

FIRE AT CANTON.—One of the destructive fires which occur almost annually in Canton during the cold and dry season, occurred on Tuesday and Wednesday last, and we regret to say entirely destroyed the Danish and Spanish hongs, and a portion of the French. The flames spread with great rapidity, and extended over a vast extent of the suburbs of the city. The foreign hongs by about midnight were in imminent danger, and it was at one time feared that the whole of them would be destroyed. At about six o'clock of Wednesday morning it had nearly burnt itself out, and was got completely under by eight o'clock. According to Chinese accounts about 1200 houses are said to have been destroyed, with a vast amount of property. The ancient temple of Pak-tai-menn, dedicated to the God of the Northpole, shared the fate of its humbler neighbours.

On the 10th Nov., there were fifty British ships at Whampoa, and sixty more in the outer waters—the greatest fleet ever known in the Chinese waters at one time.

The Hon. Erskine Murray has fitted out an expedition for Borneo, with the hope of opening a negotiation with the native Chiefs, for a tract of land for the purpose of British Colonization.

The Editor of the Halifax Post (Mr. Crosskill) has been appointed Queen's Printer for Nova Scotia, in the room of Mr. J. Thomson, resigned. Mr. Thomson's resignation of, and Mr. Crosskill's appointment to, the office, has created quite a sensation among the printers. It appears that Mr. Thomson's views on certain political questions now agitating the Province of Nova Scotia, do not exactly tally with those of Lord Falkland; in consequence of which, Mr. T. felt it incumbent on him to resign his office under the Government.

The recent imprisonment of the Editors of the Loyalist, a paper published at Fredericton, N. B., for a breach of the privileges of the House of Assembly, has created no small stir in the neighbouring Province of New Brunswick. The

offensive matter appeared in the Loyalist of the 23d ult., and is characterised by the New Brunswicker as "a most atrocious article, reflecting on the conduct of the Hon. Mr. Wilmot, and the course he had pursued with respect to the Address to Sir Charles Metcalfe."

GRAIN SHOW.—On Wednesday last, the Central Agricultural Society's Annual Grain Show took place at Mr. Cantelo's Livery Stables. There were Twenty-one sacks of Wheat, Fourteen of Barley, and Eighteen of Black Oats, exhibited for competition. The Judges awarded the Premiums as follows:—

Table listing grain premiums: Robert Boyver, Lot 43, For the best Wheat, weighing 62 lbs. 6 oz. £2 10s. For the second best Wheat, 62 lbs. 4oz. 2 0 James Smallwood, Lot 48, Baltic Road, For the best two-rowed Barley, 55 lbs. 1 10 Chester Woolner, Rustico, For the 2d best two-rowed Barley, 54½ lbs. 1 0 Isaac Henderson, Brackley Point Road, For the best four-rowed Barley, 49½ lbs. 1 10 Farquar M-Lure, Rustico, For the second best four-rowed Barley, 49 lbs. 1 0 William Morrissey, Lot 48, For the best Black Oats, 40 lbs. 2oz. 1 10 John M-Callum, Lot 45, For the 2d best Black Oats, 40½ lbs. 1 0 David Arbing, For the best Red Clover Seed, 50 lbs. 4 0 £16 0

After the Judges had made their decision, the prize Grain was declared the property of the Society, and immediately set up at Auction, and in a few minutes realised the sum of 12l. 0s. 9d.—All the Grain was measured by the Imperial measure.

CHARGE OF ATTEMPTING TO POISON.—On Wednesday last, Margaret Collings was charged before the Hon. William Swabey, and James Douglas Hazard, Esquire, Justices of the Peace, with feloniously and maliciously administering poison to Catherine McEachern, and after a lengthened examination of several witnesses, was committed to jail to take her trial on that charge. We understand Margaret Collings to be the daughter of Mrs. McEachern, who has been from some cause dangerously ill.—Islander.

CATHOLIC TEMPERANCE MEETING.

The Quarterly Meeting of Charlottetown Catholic Total Abstinence Society, was held at their Rooms, in Pownall Street, on the evening of Sunday, the 26th January, 1844.

Mr. Richard Walsh, V. P. in the Chair.

The Chairman in opening the Meeting, congratulated the members present on the healthy state of the Society, and on the increase of the Funds. He expatiated on the benefits each member would derive therefrom, if it would please God to visit him with sickness, or any other Affliction. He expressed himself rejoiced at the manner in which several members came forward to give vent to their feelings, and explain certain particulars relative to the Society, and who, at the same time, felt agreeably disappointed from the manner in which the Society was conducted; being quite different from representations given of it outside doors, and by those, too, who were, and still ought to be, some of its firmest supporters. The chairman acknowledged that he was highly delighted at beholding the most numerous and spirited Meeting of this Society, which he had seen in this Town, for some time past; he exhorted the members, one and all, to persevere rigidly in upholding their pledge. He concluded by hoping, that, in the course of a very short time, their Rooms would be too small to contain all the members of the Society.

After the Minutes of the last Meeting were read by the Secretary, and the ordinary business of the Meeting gone through, the following persons were elected members of the Society: Mr. Pierce Power, Mr. Robert Power, Master John Reed, and Master John Walsh.

On motion, a special Meeting of the Society will be held on the 24th March, being the Sunday after St. Patrick's day, for the purpose of making the necessary arrangements for their anniversary dinner, which is to take place on Easter Monday.

The following Persons were appointed Members of the Committee for the ensuing Quarter:—

Messrs John Phelan, Patrick Gilligan, Henry Kelly, William King, Mathew May, P. Coghlan, Patrick Quirk, Robert Power, John Egan, John Flannigan, James Wyse, and Michael Harney.

JOHN BOWERS, SECRETARY.

TO THE EDITOR OF THE COLONIAL HERALD.

Sir; The well-timed remarks of your correspondent WATCH, which appeared in your paper of the 24th ult., on the system of Proprietorship enforced in the only Established Church in this town, call forth much praise and commendation, especially at this juncture, when the Venerable Society for the Propagation of the Gospel has declared its utter inability to afford any further assistance towards the spiritual wants of this Island. This is much to be deplored at a period when five or six churches are without resident clergymen, and the Gospel consequently is seldom preached to those who are very desirous of such privileges. We have still the opportunity afforded us of introducing the Colonial Church Society amongst us, who will readily grant us the support we so much require. This Society has generously and kindly undertaken to meet our subscriptions to the extent of £100 stg. per annum, and are pledged not to send out knowingly a Clergyman who does not fully preach the Gospel, nor one who does not live as he preaches. These are strong and invaluable Christian qualifications, and it behoves us all to contribute liberally, with an earnest and fervent desire towards furthering such laudable exertions. It would be the means of enabling many respectable persons, as well as the poor, to attend public worship in the Established Church, from which they have been hitherto so improperly and unjustifiably excluded.

The Proprietors, or rather the Monopolists, of St. Paul's Church ought always to bear in mind that the site on which this Church is erected was formerly public property, and was granted, I apprehend, with the view of benefiting all classes of the community. It must be obvious, that though the late Governor Young contributed from public moneys the £150, and the Venerable Society for the Propagation of the Gospel £100 Stg., with a salary to the Clergyman, they could not contemplate such a monstrous and glaring injustice as the expending their funds towards preaching the tithe as the expending their funds towards preaching the tithe as the holy text, "to the poor the Gospel is preached." Another evil presents itself, too evident to admit of any just and honorable controversy. The house of God is become a house of merchandise. When pews are offered for sale, the most exorbitant prices are generally demanded. After having for a series of years heard the word of God preached gratuitously, many of the proprietors do not now deem it profitable, as the pews must realise from 30 to upwards of 100 per cent. How is this abuse to be remedied? By annually and liberally subscribing towards a fund for the erection of another church. It may be urged, that the Bishop would still withhold his licence from any Evangelical clergyman, whether or not in connexion with the Colonial Church Society. How far his Lordship is justified in thus preventing the Gospel being preached by pious and faithful Ministers, remains, on his part, to be proved. It is, however, evident, that the venerable Society is desirous of monopolising the Island, to the exclusion of all clergymen not in connexion with itself. If I am rightly informed, an opinion has been recently given by one of the Episcopal bench, relating to the proprietorship of pews, that no person has any right to claim any pew in a parish Church, unless he obtains a license from any pew in St. Paul's a Parish Church? If so, surely the worthy Rector may, with propriety, investigate the subject. Let the proprietors come forward, and redeem their character, by meeting the honest and pious views of the Co-

lonial Church Society, and thus promote Christianity among all classes. The introduction of this Society is much desired; but unfortunately among those who have not the means to carry it into effect. Let them reflect, and recollect that there is only one Church in this town for a community of upwards of 4,000 souls. Church accommodation ought to have been provided long ago. What means a national Church, professing herself to be a nursing mother? A national Church thus crippled, and made (as it were) to mock the poor, by telling them she is designed for them—the Poor Man's Church; but alas! when they come within the doors of the Sanctuary, they find the appropriated, and in many cases comfortably furnished pews occupied or owned by monopolists, and that but half-a-dozen small benches in the gallery near the windows, are the only accommodation allotted for the poor man.

These are sad reflections, and are rendered still more so, by the knowledge that preachers are more successful in their ministrations with the poor than with the rich; but were all professed Christians more spiritually-minded, less disparity would be made; the poor would be treated with far more consideration and regard than is, unhappily, the case at present.

In conclusion, I may advert to a public meeting recently held by the communicants of the Church at Cherry Valley, at which several Resolutions have been passed, expressive of "their sincere pleasure, that they now rejoice in the consummation of their wishes and views, their church being completed and consecrated," &c., &c.; but they appear to lose sight of the most essential object, namely, the constant residence of a clergyman among them, to officiate, not occasionally, but twice every Sunday, in Winter as well as Summer, with also a weekly service, and the daily visiting of his parishioners. I would, therefore, suggest, for their immediate consideration, the absolute necessity of adopting another Resolution, to the effect that a petition be forwarded to the Bishop, requesting him to withdraw his opposition to the Colonial Church Society, and grant his License to all pious and zealous clergymen, who may feel desirous to reside in this Colony, and promote the relief of that spiritual destitution which exists to such a melancholy extent.

March 6th.

MARRIED.

On Monday last, by the Rev. Hugh Ross, the Rev. Angus McIntyre, Minister of St. James's Church, in this Town, to Hannah, third daughter of Charles Binns, sen., Esq., Barrister at Law.

On Thursday last, by the Rev. J. B. Strong, Mr. Charles Caldwell, Lot 31, to Miss Sarah Jane Fletcher, Lot 49.

DIED.

Suddenly, on Sunday last, of Measles, John, eldest Son of Mr. Malcolm Forbes, aged 12 years.

TEMPERANCE.

A MEETING of the Auxiliary Temperance Society will (D. V.) be held in the Vestry of the Wesleyan Chapel on the evening of Monday, the 13th inst. The Chair will be taken at half past Seven, p. m., precisely.

A Collection will be taken in aid of the funds, GEO. MOORE, Secretary.

Charlottetown, 7th March, 1844.

DISSOLUTION OF COPARTNERSHIP.

THE Copartnership heretofore subsisting between the undersigned, under the Firm of "J. B. Cooper & Co.," and more recently under the Firm of "Cooper & Bremner," is this day dissolved by mutual consent. All Debts due to and owing by the aforesaid Firm or Copartnership, will be received and paid by James B. Cooper.

J. B. COOPER, J. S. BREMNER.

Charlottetown, 7th March, 1844.

The Printing Business heretofore carried on by the late Firm of "Cooper & Bremner," will, in future, be conducted by the Subscriber, in all its branches, on his own account. All Orders will be punctually attended to, and dispatched in the first style of Workmanship, and on moderate terms. All persons indebted to the late Firm of "James B. Cooper & Co.," or "Cooper & Bremner," are respectfully requested to make immediate payment of their respective Accounts agreeably to the above notice.

JAMES B. COOPER.

7th March, 1844.

GRAIN SHOW.

THE EASTERN AGRICULTURAL SOCIETY offers the following PREMIUMS, for Monday, the 13th day of March next:—

Table of grain premiums: For the best 2 bushels Wheat, 0 15 0; Second do. do. 0 11 0; Third do. do. 0 8 0; Best 2 Bushels Barley, 0 15 0; Second do. do. 0 11 0; Third do. do. 0 8 0; Best 2 bushels Black Oats, 0 15 0; Second do. do. 0 11 0; Third do. do. 0 8 0; Best Red Clover Seed, of the Island } growth—not less than 28 lbs. } 0 15 0; Second do. do. } 0 11 0; Best 2 bushels Timothy Seed } 0 15 0; Second do. do. } 0 8 0.

All of the growth of 1843. The show will be held at the Market House, Georgetown, and no sample will be received after 12 o'clock. Successful competitors, who are not already subscribers, will not be entitled to a Premium, unless they become Members for the ensuing year.

The Annual General Meeting will take place immediately after the Show, when the Premiums will be awarded.

E. THORNTON.

February 13th, 1844.
