

THE CLOSING DAYS.

Of Life's Journey Need Not be Spent in Weakness.

Dodd's Kidney Pills Build New Tissues to Replace the Worn-Out Ones—Thus They Keep the Body Strong and Healthy.

St. JOHN, N. B., Dec. 2.—When old age begins to creep upon us the infirmities of life make themselves felt.

It is then that the terrible effects of the follies and excesses committed in our younger days, appear.

The vital forces are weak, the stream of life is gradually drying up. The silver cord will soon be loosed, and ere long the golden bowl will be broken.

The aged and the ageing have not enough vitality to make up for the daily wear and tear. Thus for many days, yea, many years, of life and strength are lost, are allowed to slip away from us, when they might be retained, to add to the sum of our earthly happiness.

By stimulating the Kidneys, and restoring them to sound health, Dodd's Kidney Pills keep the breaking down attacks of old age.

By putting the Kidneys in good health, Dodd's Kidney Pills ensure a full supply of pure, rich blood, on which the broken down nerves, muscles, bones and tissues feed, and which makes new tissue to replace the old and worn out matter.

Dodd's Kidney Pills thus renew the system, by ensuring the provision of abundant material for the creation of new tissues; they also fortify the body against the attacks of disease and old age, by keeping the Kidneys in condition to supply the needs of the system, in the way of nourishment.

Use Dodd's Kidney Pills and be young. They will make new bone, muscle and sinew, giving strength, vigor and staying power.

Try Dodd's Kidney Pills, it will cost you only fifty cents.

Report has it of the discovery of a valuable gold mine in Pontiac County, Quebec. Mr. Poupore, M. P., and Dennis Rean, the millionaire hotelman of St. Paul, are financially interested in the venture.

NO SUFFERING IN CAMP.

From Dread Catarrh—Dr. Agnew's Catarrhal Powder Kills the Disease Germs and Cures the Distressed Parts—Relieves in Ten Minutes.

Mr. Leblanc, of St. Jerome, Quebec, says he used Dr. Agnew's Catarrhal Powder for an acute case of catarrh in the head and it cured him. He has 125 men working under him in the lumbering camps, and what it has done for him it has done for many of them. He buys it as the quickest relief for colds in the head, an efficient cure for catarrh. Sold by Dr. S. W. Dodd and Geo. E. Hughes.

CRUISERS TIED UP.—Commander Spain, of the fishery protection service, has returned to Ottawa after the work of the season on the Atlantic coast. All the Dominion cruisers but the Curlew and Kingfisher, have been tied up, and they will go into winter quarters two weeks hence. Commander Spain says that on account of the continuous storms the catch has been poor and that the American fleet has gone home. The mackerel fishing was particularly unsatisfactory.

The fight between the Winnipeg Tribune and the Siftonians, as to which party to the combat truly represents Liberal principles, has brought out a statement by the Neepawa Press, also a Liberal paper, that the change in the ownership of the Winnipeg Free Press was arranged with the aid of two of the most eminent of the Crown's Nesters. That according to the Drummond County - Patrie precedent, would make the transaction regular. A little more light will be needed to understand whether it makes it right.

Strange Tastes.

One day while at Versailles during the French war Lord Odo Russell went to call on Bismarck, but found him closeted with Count Harry Arnim, who was known as the "Ape," from his fantastical ways. Before long Arnim came out, fanning himself with his handkerchief and looking as if about to choke. "Well," he gasped, "I cannot understand how Bismarck can bear that—smoking the strongest Havanas in a stuffy little room. I had to beg him to open the window."

When Russell entered the room, he found the chancellor fanning himself beside an open casement. "What strange tastes some people have!" he exclaimed. "Arnim has just been with me, and he was so overpoweringly perfumed that I had to open the window."

Don't Worry About the Editor.

The editor has a charter from the state to act as doorman for the community. He will get the paper out somehow and stand up for the town and whoop it up for you when you run for office and lie about your big footed son when he gets a \$4 a week job and weep over your shriveled soul when it is released from its grasping body and smile at your wife's second marriage. Don't worry about the editor; he'll get along. The Lord only knows how—but somehow.—Exchange.

THE DAILY EXAMINER

DECEMBER 3, 1898.

CHANGES IN FARMING.

PROFESSOR ROBERTSON remarks that one of the causes of progress is the world-wide competition created by the general diffusion of knowledge, the enormous extension of railway and shipping facilities, the building of telegraphs and the circulation of newspapers. These, he continues, have made the New Zealand farmer a next door neighbor, in market competition, to the Canadian; and have brought the coolie of India with his wheat into direct competition with the settler in the vast and fertile plains of Manitoba and the Northwest Territories. The Canadian farmer is therefore compelled by the stress of competition to turn his attention to those classes which he can exchange to the best advantage. He can do that successfully by selling those which call for skill in their production and manufacture, as he is thereby lifted above competition with the low order of labor which prevails in such countries as India and Russia. The stern necessity which continuously confronts the farmer of giving full value for all he gets has compelled some improvement of the quality of his products. A business man or speculator may acquire a good deal—we carelessly and incorrectly say, may make a great deal—of wealth by a happy or unhappy stroke of luck. It is the law of the farmer's business to get wealth only for full value given. To them as a class it is committed in a peculiar manner and measure to preserve the moral integrity of humanity by respecting the rights of others since willingly or unwillingly they have known no other experience. Where shall the farmer look for guidance in fitting himself for the future changes which progress implies?

(1.) To the Agricultural Societies, Exhibitions and Illustration Stations which furnish object lessons and stimulations provoking him unto better works;

(2.) To voluntary associations, farmers' conventions, meetings of clubs and Farmers' Institutes, which make the information of the leading farmers the common property of all;

(3.) To the Departments of Agriculture of the Provincial Governments and the Department of Agriculture of the Dominion, through the various agencies which they provide.

It is a pity that the Local Government of this Province has not caused the needed development of our Stock Farm into an experimental farming station at which our farmers could see for themselves the result of different operations and latest improvements. If the Government had given less attention to helping the party and more attention to the interests of the country, this would have been done long ago.

NEWFOUNDLAND SHOULD BE A PROVINCE

Mr. Chamberlain appears to have made up his mind that it is time the French shore grievances were settled.

Until they are settled both Canada and Newfoundland can very well afford to put off a fishery treaty with the United States.

The disappearance of the French shore controversy would almost certainly be followed by the entrance of Newfoundland into the Dominion.

Then Uncle Sam would have an undivided British North America to deal with instead of two separate colonies, with the chance of playing the one against the other.

INSURE AGAINST BILIOUSNESS.

By Using the Only Sure Cure—Biliousness cannot be cured in any other way.

Dodd's Dyspepsia Tablets. No other medicine known has such a wonderfully beneficial effect on the Liver as Dodd's Dyspepsia Tablets have. They and they only are a certain and permanent cure for Biliousness, and all other Liver complaints.

They Tone and Invigorate the Liver, Giving it Strength to do its Work Thoroughly—Their Effect is Immediate and Permanent.

Price fifty cents a box, six boxes \$2.50; at all druggists, or sent by mail, on receipt of price, by The Dodd's Medicine Co., Limited, Toronto.

Dodd's Dyspepsia Tablets have powerful, though gentle effect on the Liver. They give it strength and vigor, and enable it to receive and dispose of the bile, in the way Nature intended it to do.

So speedy is the effect of this wonderful medicine on the Liver apparent that in a few hours after the first dose has been taken the sufferer feels the benefit. A few days' use of the Tablets sets the organ in working order again.

It is best to continue the use of Dodd's Dyspepsia Tablets for a couple of weeks after the organ has been restored to its natural condition. If this is done the Liver is fortified against weakness and will do its duty promptly and regularly.

For Sunday Reading

Love.

The truest is the simplest. Why entail Whole days of years to some complex pursuit

To probe life's flower and analyse its fruit? O weary student, perplexed, spectre-pale,

Why beat against the granite of thy goal, Self-built, or kill the flower to search the root?

Doth lore make mankind any less the brute, Or knowledge alone for god-like flight avail?

'Tis love draws all from earth to heaven's heights. Not all thy weary lore of sleepless nights

Hath power to touch like one low daisied sod; 'Tis love, not lore, whatever comes to pass.

We are but child-kin to the birds and grass, And he who yearns, life's heir, and kin to God

W. Wilfrid Campbell.

Character and Conduct.

What one is, is more than what one does. Yet what one does shows what one is. A man shows that he is a hero by bearing himself heroically, by performing acts of heroism; but the hero is ever greater than his greatest act else that act would not have been performed by him. Henry Drummond says: "It is the man who is the missionary, not his word; his character is his message." Yet the true missionary will show that he is a man by the message which he brings; his character will manifest itself in the words which he utters. Bishop Vincent has said that the true teaching of a Sunday school teacher is what he is seven days in the week, not merely what he says the seventh day. Yet what a teacher says that seventh day ought to have its intensest force because of what he is all the week through. While we feel the importance of being true in order to give force to the truth which we speak, let us not undervalue the truth to which we want to give force as we utter it with timeliness.—Ex.

Casting all on God

No one feels more keenly the weight of responsibility than the conscientious officers in Church or State. Perplexing duties crowd in; burdensome cares rise up on every hand. Under these circumstances the God-fearing man has but one availing source to which to turn for help. It is fervent prayer to God. It is always within his reach, and it never fails. It is reported that to a friend of Sir Robert Peel's he said: "No: these are my public devotions, I was just giving the affairs of State into the hands of God, for I could not manage them." What a lesson to overburdened officials. Would that more of them would imitate Sir Robert's example. Then would more of them, like him, rise to eminence in the positions they are called to fill.—The Religious.

If gratitude is due from man to man how much more from man to the Maker! The Supreme Being does not only confer upon us those duties which proceed more immediately from His hand, but even those benefits

which are conveyed to us by others. Every blessing we enjoy by what means so ever it may be derived upon us, is the gift of Him who is the great Author of good and Father of mercies.—Ep Herald.

We make unlovely all our every days by the little soul we put into our efforts, by the way in which duties push us forward, by lack of that electric something which makes all word, all deed, quiver and glow.—J. F. W. Ware.

In celestial gardening every leaf of earthly joy must drop before a new and divine bloom visits the soul.—Mrs H. B. Stowe.

If God is not in all the thoughts of the wicked, He is in everything else.—Dr Guthrie

When the midnight is darkest, look for the dawn, When the sorrow is deepest, watch for the morn,

When thy heartache is sharpest, patiently bide, For "the lowest ebb is the turn of the tide."

Mrs. K Stevens.

DR. CHASE VISITING THE SICK.

Raised from a Bed of Sickness.

Dr. Chase's Catarrh Cure and Kidney-Liver Pills Combined for Perfect Health—An Interesting Cure After Long Suffering.

Simcoe, Jan. 18th, 1897.

Messrs. Edmanson, Bates, and Co., Toronto, Ont.:

Gentlemen,—For over five months I was confined to my bed, not being able to move. The best medical skill was called in, all treating me for catarrh of the stomach, but to no avail. I could not eat the most simple food without being in dreadful misery, and found no relief until same was vomited up. After spending a large sum in medical advice, I was advised to try a box of Dr. Chase's Catarrh Cure. I said it was no use, for I considered mine a hopeless case from which I could not recover. At length I purchased a box from J. Austin and Company, Simcoe, and to my surprise found great relief. Not being able to eat, I tried a box of Dr. Chase's Kidney-Liver Pills; the pains left me the third day. My appetite has been fully restored. I consider myself perfectly cured, and feel as well as when a young woman, although I am 65 years old at present. I was almost a shadow, now I am as fleshy as before my sickness. Have used only three boxes of Dr. Chase's Kidney-Liver Pills, and only two boxes of Dr. Chase's Catarrh Cure. I can do my house work as usual. I am positive that my marvellous cure (which I think it is) is due purely to Dr. Chase's remedies, which I have used. I can honestly recommend the same to any persons suffering from symptoms similar to mine. Wishing you every success.

Yours, truly, MRS. ANN CHURCHILL, Sr.
