Tired but Sleepless

Is a condition which gradually wears away the strength. Let the blood be purified and enriched by Hood's Sarsaparilla and this condition will cease.

As we pass from the stormy Atlantic over hill, valley and mountain, to the quiet waters of the Pacific, we behold changing scenery at every step; grand, varied and picturesque; now rising to the glory of magnificence; now softening to the tenderest pastoral beauty.

Bring to the imagination a belt of land one hundred and forty miles in width encompassing the entire globe, or one hundred and fifty thousand islands as great as Prince Edward, all welded into a confederated whole, and then is formed an area equal to the Dominion of Canada.

But a hasty glance and it is seen that this vast area is exceptionally endowed. It would, indeed, seem as if fair nature, not content with her deeds of wonder in the Eastern, had reserved her utmost strength for the Western Hemisphere.

From the fertility of her soil, Canada is destined and supremely fitted to be an agricultural country. Her trading facilities are most advantageous, and her foreign markets near at hand.

Next to agriculture, the fisheries are perhaps the most important branch of our industries. The Maritime Provinces, Quebec and British Columbia have deep water fisheries which in wealth and variety are unsurpassed.

DIAMOND DYES

Why they are Popular. They are the easiest to use; they give the brightest colors; they make colors that last till the goods are worn out; the colors never crack or fade, and will stand soap and washing.

Notice of Application to Parliament. Notice is hereby given that Alfred A. Thibault, Romeo Homoe, L. A. Boyer, J. P. B. Casgrain, A. G. McBean, H. F. W. Bellow, H. C. Bellow and E. F. E. Barthe, all of Montreal, and others, will apply to the Parliament of Canada at the next session thereof for an act to incorporate a company called "The Canada Insurance Promotion Association," with powers to carry on the business of an Insurance Agency in all parts of the Dominion of Canada.

CANADA AND HER RESOURCES.

PRIZE ESSAY BY A. A. SINNOTT.

SPANNING an entire continent, Canada sits in the cold but hardy north, behind her Arctic Ocean, and gazes southward until her eye is bewildered by the blending of earth and sky, her feet nesting in the warm waters of the great southern lakes.

As we pass from the stormy Atlantic over hill, valley and mountain, to the quiet waters of the Pacific, we behold changing scenery at every step; grand, varied and picturesque; now rising to the glory of magnificence; now softening to the tenderest pastoral beauty.

HAPPY RESULTS IN CANADIAN HOMES.

From every city, town and village in Canada, mothers have written, telling how their children have grown from weak and puny babies to healthy, happy and hearty boys and girls, through being fed daily on Lactated Food.

This experience is confirmed by all mothers who have used Lactated, and hundreds of doctors who have recommended this best of all foods, vouch for the wonderful results it has accomplished.

When Lactated Food is used, weak babies are made strong; thin babies put on solid flesh; cross babies are made bright and contented, care and worry are banished from the family circle, and mother, father, sisters and brothers rejoice in the growth and development of the young babe.

Grateful—Comforting. EPPS'S COCOA

BREAKFAST—SUPPER. "By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided for our breakfast and supper a delicately flavored beverage which may save us many doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly regulated frame."—Civil Service Gazette.

Painless Dentistry!

TESTIMONIALS. J. E. McDonald, D.D.S.—The seventeen (17) teeth I extracted for me on Thursday, May 31st, at Doctor Roberts' office, Summerside, were less painful than I have suffered many times in having ONE taken out. I shall send you my suffering notes, if you wish. With gratitude yours, J. E. McDONALD, Summerside, N.S.

Doctor McDonald, Dentist.—I fear Doctor—For two years I have been a constant sufferer from toothache, always in dread of having them taken out. Hearing of your success I determined to try your method, and now, after having you extract six for me, I can conscientiously say you are the only one who ever extracted a tooth for me without pain. Truly yours, Miss Jas. Duvvreaux, Kelly's Cross, May 31, 1895.

McKinnon's English Ointment. Mr. Neil McKinnon.—Dear Sir,—For five years I was a sufferer from eczema. Physicians could not help me. At last I bought a box of your Ointment, which helped me wonderfully, while two boxes made a complete cure. I can recommend it to all others similarly afflicted. S'ville, Oct. 10, 1893. ALEX.
