Chicago police artist Otis Rathel produced yesterday this concept of the slayer of eight student nurses in Chicago. He based this concept on detailed description of the slayer obtained in a two-hour questioning session with Corazon Amuran, a student nurse who escaped the killer. (AP Wirephoto)

Planting Of Island Seed Potatoes Is Record Here

Prince Edward Island farmers have planted a record 38,977 acres of seed potatoes, it was learned last evening from Gordon Ross, acting officer-in-charge of the seed potato inspection branch here. The acreage is not a great deal larger than the former high, but it definitely is a new record, and a few applications for small acreages are still dribbling in, Mr. Ross added.

The record planting of this year compares, for example, with the 29,248 acres that had been entered for inspection at this time a year ago. The former high planting was slightly over 38,000 acres.

As usual Sebagoes top all the other varieties, with 28,385 acres entered for inspection. This compares with 20,088 acres a year ago.

Kennebec is next in line but it falls far short of the top variety, with only 6,619 acres entered.

Irish Cobbler and Green Mountain, once the king pins of the island's potato industry, were third and fourth in that order.

Mr. Ross said the potato acreages in general is making excellent growth. At present the crop shows good promise, he added.

Field inspection started on Thursday of this week.

Tremendous growth has been noted in many island crops and the potato crop is no exception. The combination of abundant moisture and a generous share of warm weather has proved a most effective growth combination.

"I don't think I ever saw potatoes grow more rapidly than they did here in June," Mr. Ross noted last evening.

The following table indicates the acreage planted this year to the various varieties, and a comparison with what was planted a year ago.

retirement. He was reported to feel cuts in technical services risk lack of support for operational units. He is deputy chief of technical services for logistics.

Mr. Hellyer also announced the retirement last week through "mutual understanding" of Lt. Gen. Frank J. Fleury, 52, controller-general of the armed forces, and Lt. Gen. Robert W. Moncel, 49, vice-chief of the defence staff.

Rear Admiral Landymore maintained that the four rear-admirals whose departure plans became known Thursday night acted independently. He said the steps had nothing to do with the promotion of Commodore Ralph Hennessey, who was appointed controller-general with the rank of vice-admiral, jumping over the four senior rear-admirals.

He said the senior forces officers were trying to make integration work although it had proved more expensive than anticipated.

The issue, he said, was destruction of the navy's identity through a common rank structure with the army and air force and a single uniform "without any apparent economy of efficiency."

Confederation Plaza Opened

"Confederation Plaza", embracing the Grafton and Queen Street blocks facing the Confederation Center, was opened by Mayor Walter Cox yesterday morning. Mayor Cox said he looked forward to a future time when the Plaza would be a walking mall.

He congratulated the 19 firms in the area who recently formed an association to work to improve the area and make it a more attractive and pleasant shopping center. The mayor noted that before the Plaza could be made a walking mall, parking and traffic would have to be carefully studied, and such an undertaking would probably take some time.

Earl Taylor, president of the Plaza merchants Association, stated that the plaza merchants are co-operating to improve merchandising in the area and now offered almost every service that the shopper could require.

Pipe Major Wilfred Burke performed on the terrace of the Confederation Centre all day Friday.

Bloomfield Studies Consolidation

BLOOMFIELD — Ratepayers in Bloomfield and the surrounding area met Thursday evening in St. Anthony's Parish Hall to consider a proposed consolidation of the school districts.

Malcolm MacKenzie, deputy minister of education, was present, as were Merritt Callaghan and Albert Gallant, school supervisors for the area.

Mr. MacKenzie spoke on the advantages of the consolidated unit, and then answered questions concerning costs, regional boundaries and bus routes.

A standing vote indicated that the meeting was in favor of establishing a fact-finding committee to study the cost of construction of a ten room unit and auditorium, and operational expenses.

Appointed to the committee were Vance MacKay of Bloomfield Station, Reginald Pineau of Bloomfield Corner, Keir Easter of Mill River East, Arthur Wallace of Fortune Cove, Stephen Doyle of Glangarry, Oscar Gallant of Duvar, James Palmer of Roseville and Gerald Murphy of Campbellton.

Several districts which had shown interest in the past were not represented at the meeting and it was suggested that Ivan Colliett of Burton, Keith Webb of Howland and George Arsenault of Roxbury be asked to join the committee and represent their districts.

Alberton Bible School Held

ALBERTON — A five-day vacation Bible school for the Alberton Pastoral Charge of the United Church of Canada concluded yesterday.

Alberton, Cascumpec and Tignish congregations participated in the school which was directed by Brian Gazzard, student assistant to the minister of the charge.

Music was directed by the minister, Rev. Ronald Poekington.

Assisting as teachers were Mrs. Gordon Warren, Mary Gamble, Anna Leard, Shirley Hudson, Lois Leard and Mrs. Ralph Haywood.

Last evening the children gave demonstration of some of the things they had learned and their handwork was on display.

spread general support for the application for empty Channel 8 as a rebroadcasting station for the CTV network. Canadian viewers who are not in a position to receive American stations have continued to demand a choice of two Canadian Stations.

Dealing with CFCY Television, Mr. MacDonald said their argument is simply that they will not be able to withstand the competition of another service in P.E.I. since their operations from a financial standpoint, have always been marginal, we cannot argue with them. He said that talks with the president of CFCY, Robert Large have made it evident that CFCY Television as such would not be against being sold to the CBC, to be operated by the CBC as one of their network stations.

Mr. Large, Mr. MacDonald said, indicated that the radio broadcasting aspect would likely be kept by the present company, CBC, Mr. MacDonald said, will almost certainly be prepared to take over CFCY Television and increase facilities to provide an even more adequate service for local programming. The CBC, he said, has expressed interest on several occasions for moving into P.E.I. with a station, and the coming of the second CTV network, will hasten this coming.

Mr. MacDonald also answered several questions from those at

Freak Hail Storm Hits Alberton

ALBERTON — A freak hail storm struck Alberton at 5:30 p.m. yesterday.

Dark clouds gathered and a few rumbles of thunder were heard before rain and hail poured down. The hail stones, about a half inch in diameter, continued to come down for about two minutes and were clearly visible on the ground. The remainder of the precipitation fell as rain.

The hail, so far as can be learned, was localized in the town, with surrounding districts receiving only rain.

Legion Takes Children To Carnival

Children from the P.E.I. Protestant Orphanage and from the Catholic Social Welfare Bureau had a field day on Thursday when the Provincial Command of the Royal Canadian Legion took them to Summerside by bus to attend the Lobster Carnival.

Treats for the outing were provided by Seaman's Beverages, Clark Fruit Co., Tulle Brothers, The Pure Milk Company and Michael Brothers. On arrival at the fair grounds the group was met by Charlie Hogan, Carnival Business Manager and conducted free of charge into the stadium to watch the stage performance.

Ghester MacDonald, President of the Lobster Carnival, presented a letter to the orphanage children, on behalf of the management of the Lynch Shows.

Before the return trip to Charlottetown, the children spent an hour on the mid-way rides and had their choice of lobster or barbecued chicken for supper.

In charge of the group was P. Pius Smith, Provincial President, assisted by Ernie Faraday of the Charlottetown branch.

tending the luncheon meeting on a variety of subjects such as local programming, network programming, and so on.

Among those attending yesterday's meeting were Charlottetown mayor, Walter Cox; city comptroller, John Butler, Elmer Blanchard, Gordon Bennett, and M.A. Farmer who represent the Charlottetown metro area in the provincial legislature, and representatives of the Charlottetown Board of Trade and other organizations, as well as several city businessmen.

Acadians Take Spotlight At Carnival Yesterday

SUMMERSIDE — Civic Stadium here was packed to the rafters last night when one of the big highlights of the day got underway at 9:30.

Yesterday being "Acadian Day", the program featured Acadian music, folk singing, fiddling and step dancing competitions, all going together to make up one of the most enjoyable evenings at this year's Carnival.

The display of gold coins and bars valued at over \$25,000 at the Bank of Nova Scotia, Summerside, has been attracting a large crowd of people during the past week, according to Carnival officials. The display opened at 10 o'clock each week-day and remained open until the bank closed at 3:30 in the afternoon.

A popular band from the nearby Acadian village of Miscouche added to the day's festivities by presenting a concert in the stadium in the afternoon. The band was under the direction of Julius Poirier.

The best in vaudeville acts were on tap at 7 o'clock and 11:30 last night. This year's vaudeville features "The Ivanovs", thrilling world renowned casting bar artists, Captain Schreiber's chimps as "go go" dancers and a "melange of comedy and strange music".

Other activities during the day consisted of the Little League playoffs at Queen Elizabeth Park, horse racing under the lights, and dancing for adults beginning at 10 p.m. at the Royal Canadian Legion Home.

Today is "All-Star Bonanza" and "Teenage" day. The main event of the day will be the crowning of Kay Andrews as Miss P.E.I. 1966, at 2 o'clock in the stadium. The coronation parade will leave the Y-Center at 1:30 and proceed to the Stadium.

Another event that is sure to draw a large crowd will be the all-star bonanza beginning at 8 p.m. It will feature winners in Irish, Scottish, Acadian and rock and roll competitions. This concert will feature the best in Island talent.

IMPORTANT NEWS FOR ALL LOBSTER FISHERMEN IN DISTRICT 8 IN NORTHUMBERLAND STRAIT

To protect the future of the Atlantic Lobster Industry, the Federal Government has selected District 8 for an experimental program in trap limitation and vessel control regulations.

YOUR CO-OPERATION IS URGENTLY NEEDED. HELP PRESERVE THE LOBSTER AND PROTECT YOUR OWN FUTURE!

During the 1966 Lobster season, (August 10th to October 10th) Fishermen in District 8 will be limited to setting a maximum of 250 traps per boat.

All fishing boats above 15 tons net must be registered. Those below that tonnage may be registered voluntarily at regular fees or licensed without charge. For Department of Transport registration and licensing boat owners can contact the Registrar of Shipping at a recognized port of registry. These ports include: Charlottetown, P.E.I., Chatham and Moncton, N.B., and Pictou, N.S.

For the licensing of fishing boats below 15 tons apply in person or by mail to the nearest Collector of Customs and Excise. Offices are located in Charlottetown and Summerside, P.E.I., Chatham, Moncton, Newcastle and Sackville, N.B., Amherst, Pictou and Truro, N.S., and at other locations within this district.

Fishermen must apply for a Lobster Fishing License as usual from the Federal Department of Fisheries. Fishing Licenses will not be issued unless your boat has been properly registered or licensed.

THE FEDERAL DEPARTMENT OF FISHERIES WILL PROVIDE ALL FISHERMEN WITH SPECIAL NUMBERED TAGS, ONE TO EACH LOBSTER TRAP. THIS WILL ENSURE THE FAIR DISTRIBUTION OF TRAPS FOR EACH BOAT. CHECK WITH YOUR NEAREST FISHERY OFFICER.

THE FUTURE OF THE LOBSTER INDUSTRY DEPENDS ON YOU!
