

BLUE CROSS - BLUE SHIELD

EXTENDS CONGRATULATIONS

TO THE

Charlottetown Hospital

On the occasion of the Opening of Their Beautiful Modern New Pavilion

The addition of this new pavilion shows the alertness and competence with which the Board Members and Associated Doctors and other Staff Members are attending to the present and future health service needs of the people of Charlottetown and surrounding areas. Its design and construction compares favourably with the most modern hospital accommodations on the continent and the extra space afforded should be of great benefit.

Maritime Blue Cross - Blue Shield is proud to be associated with the Board and Staff of the Charlottetown Hospital because of their continued co-operation and support of our voluntary non-profit health service.

The large enrolment in the Charlottetown area and throughout the entire Island has always been a source of great satisfaction to the Board of the Maritime Blue Cross - Blue Shield and we hope that together we may continue to attend and extend in greater measure to the needs of the people of Prince Edward Island, to help to alleviate physical suffering and the financial debts that unexpected illnesses so often cause.

May we again extend our congratulations and best wishes for the continued successful operation of the Charlottetown Hospital.

R. B. Wilson

To Serve Better Our 300 Prince Edward Island Blue Cross-Blue Shield Groups, we are pleased to announce the opening in Charlottetown of an Island Service Office under the supervision of Mr. G. N. Sullivan where members and prospective members may obtain information regarding contracts or make application for new membership.
