Have You Pains Calluses or Cramps there

We are bringing you Positive, Reliable, and Speedy Relief

The Finger Points to the location of the Anterior Transverse Arch. When this Arch weakens, the tiny bones are depressed; uneven pressure is produced, and the uneven distribution of the person's weight causes a burning sensation, calluses, tender spots, contracted toes, and severe cramp-like pain. The foot widens and spreads over the shoes, the small toe and great toe joints become inflamed and enlarged—bodily fatigue and nervousness result.

Heed the first danger signal! Stop your Foot Troubles before they impair your comfort and daily efficiency

An Exposition

of the newest, most advanced scientific methods of relieving and correcting Foot Troubles, will be held

at our Store on

THURSDAY, Oct. 26th

A specially trained expert from the staff of W. M. Scholl, M.D., the world's most noted Orthopedic authority will clearly explain how these methods give instant foot comfort.

They! You call this windshield clean? You left it all smoky! And here's a bug you missed! It's a wonder you don't drive business away with such sloppy service!

Such valuable customers, too! They only had the oil checked and then didn't know every quart!

According to their license plates, those gypsies carted that garbage over 100 miles to unload on Elmer!
