29 Leslie Bell Singers Thrill Audience At S'side

—Twenty-nine beautifully blended female voices thrilled a large audience at Raceway Stadium in Summerside last evening as the internationally famous Leslie Bell Singers, under the direction of Dr. Leslie Bell, gave a captivating performance of diversified selections that were warmly received by each and every person in attendance.

One of the many highlights of the pleasing program was the groups rendition of "Old MacDonald's Farm" which was greatly enjoyed by all.

Mr. Harold Milligan, president of the Summerside Y's Men's Club, under whose auspices the concert was presented, introduced Dr. Bell and his charming ensemble.

The program was the same as presented at Charlottetown Tuesday evening and reported in Wednesday's issue of this paper. S

Let's Talk It Over

by "d"

According to reports, some of Summerside's small fry have again made a public nuisance of themselves. Their shouting and running about created a distraction at a band concert in Memorial Square, and apparently left a bad impression with the leader of the band. It isn't so very long ago since the same thing happened at the same place. Let is hope steps will be taken to see it won't happen again.

We once remarked to a gentleman about the disorderly conduct of children at such functions. He smiled indulgently, and said, "kids will be kids." We couldn't contradict him. Bulls will be bulls, too, but we do our best to keep them out of China shops. "Kids will be grown-ups" is another way of putting it, and there is no better time than now to teach them the principle of consideration for the rights of others. They will then be versed in this important characteristic of good citizens when they take their place as men and women.

* * *

Of course, it's possible to be an old fuss-budget and try to interfere with the right of children to do a bit of romping and carousing, intoxicated as they all are with the "red, sweet wine of youth." But, as in most other things, there is a happy medium, and children should not be permitted to detract from entertainment functions by making too much noise.

* * *

Unfortunately there is a more serious breach of good citizenship being carried on by a group of our young people. As medical students practise their art on cadavers, our young vandals have had a long and successful apprenticeship tearing apart the old Crystal Rink. Now they are ready for more important assignments. The new Raceway Stadium got a touch of their artistry last fall. This summer they smashed more than twenty window panes at the High School, and have begun to wreck similar destruction on other public buildings. Small children are inevitably destructive, but most of them grow out of it. Those that fail to mature must be treated as the brats they are.

Shoppers Crowd Stores For Sales In Summerside

—Favored by the finest weather of the summer, Summerside stores yesterday opened their doors to crowds of shoppers who were lined up at the doors before they were open for business.

Shoppers began arriving early in town by cars and by bus and thronged the stores and streets all during the opening day of the four day sale.

At R. T. Holman, Ltd, as well as at Smallmans, Ltd., Maurice Mill Men's Wear and M. L. Frank MacKenzie's and Sheen and MacInnis Shoe Store, eager shoppers began to congregate early and waited impatiently for the doors to open and enable them to get in on the wonderful array of bergains which had been extensively advertised for some days previous. So great were the crowds at Holman's and Smallmans that at times it was difficult to move about, but it was a friendly crowd, good humor prevailed at all times, probably due to the many bargains available. Store officials were enthusiastic about the reception given by the general public to this years annual sale.

Purchases of men's and women's and children's clothing were unusually high, higher than in previous years as far as could be estimated although the turn over could not be known exactly until fully computed.

All indications point to another record breaking crowd today with good weather in prospect and the same array of bargains available in all the leading stores. S

West Point Ferries Ltd. Holds Meeting

—At a largely attended meeting of shareholders of West Point Ferries Ltd. in the O'Leary public hall Tuesday night, the president, Mr. P. M. MacCaull, Ellerslie, proposed that in order to get the support of the public, a promotional committee be formed to interest various western Prince County organizations in supporting the proposed plans for a ferry service between West Point, P.E.I. and Buctouche, N.B.

Dr. L. G. Dewar, O'Leary, stated that a brief, similar to the original one submitted to the Board of Transport Commissioners about ten years ago, has been drawn up and is now under consideration by a Dominion Government Royal Commission on coasting trade now in session at Ottawa. Dr. Dewar considered that the economy of the western part of the province would be tremendously improved by this ferry service and that greater numbers of tourists would visit this part of P. E.I.

Minutes were read and the financial statement was presented by the secretary treasurer, Mr. J. A. Noonan, Alberton. Other speakers included Messrs. J. W. Don Campbell, Forrest Phillips and Don MacKenzie.

Rotary Downs Little League Y's Kids 17-4

—Rotary defeated Y's Kids in the second game of the Summerside Little League played at Queen Elizabeth Park last evening by the score of 17-4. Larry Hardy, pitched for Rotary gave up only four hits, struck out four and walked six. Garth MacFarlane, on the mound for the losers, was touched for fifteen hits. He whiffed four and issued only one free ticket. For Rotary, John Grant led the hitters with three safe bingles. George Dalton, John Arsenault, David Weale and Scott MacDougall had two each, and Joe Trainor, Larry Hardy, Hal Mitton and Lloyd Gallant had singletons. Hardy hit the only home run of the game. Mitton and Gallant slammed out triples. For the Y's Kids, Keith Cameron was in front with the bludgeon, getting two hits. Ronnie Duggan and John Poirier hit one-base blows.

The fielding was particularly good for Little Leaguers. The best defensive play was a one-hand stab by Allan Hubley on the dead run from right field. Dalton Cameron and Kenny Gunn made nice catches, and Garth MacFarlane leaped high in the air to stab a high bounce over the pitching slab in the sixth.

A particularly fast relay from left field by Bobby Gallant almost nipped a runner coming to the plate.

Talks on Gaza Strip Tension Make Progress

JERUSALEM (Reuters) — Israeli-Egyptian discussions aimed at easing tension along the Gaza strip Wednesday reached the "practical phase" after agreement on an agenda, an Israeli foreign ministry spokesman said Wednesday night.

The talks, suspended since last week because of differences over an agenda, were resumed on the initiative of Maj.-Gen. E. L. M. Burns of Canada, chief United Nations truce observer. The negotiations follow months of strife and unrest along the Gaza border.

Burns presided at Wednesday's session in a small, unfurnished hut on the border, and proposed the agenda that was adopted. Two "practical proposals" were considered at the meeting, the Israeli foreign ministry said.

The Israeli statement said the adopted agenda "details Maj.-Gen. Burns' proposals aimed at reducing tension in the Gaza area and states that each party may put foward any suggestions of a military nature."

JOINT PATROLS

Burns said in a statement that the meeting considered his suggestion for joint daily patrols. Both parties agreed to study this proposal, and to discuss it further at a later meeting.

Burns' statement also said the meeting discussed a local commanders arrangement to maintain security along the Gaza border. This point also incorporated a proposal by Burns concerning "employment on security duties of only well - trained, disciplined regular military or police personnel" along the border.

Egypt was represented by Lt.-Col. Salah Goahar, director of Palestine affairs in the Egyptian war ministry. Israel's delegate was Yossef Tekoa, in charge of armistice affairs in the Israeli foreign ministry.

High - level talks proposed by Burns and supported by the Israel government have been rejected by Egypt.

U. K. To End Sugar Monopoly

LONODN (AP) — The government Wednesday made public a bill to end its monopoly over the importation of sugar and to restore the pre-war competitive market.

While freeing the trade, the bill retains the government as a major buyer through the agency of a sugar board which will purchase Commonwealth and home - produced sugar.

A customs surcharge is to be imposed on foreign sugar and molasses to help pay for a sugar board subsidy to bring the prices of Commonwealth and home-produced sugar in line with the lower world market prices.

The legislation was framed so Britain could meet its obligations under the Commonwealth Sugar Agreement which runs until 1962.

Under this agreement, sugar producers in Australia, South Africa and such colonies as Jamaica are guaranteed an outlet for their surpluses either in Britain or other Commonwealth countries.

N. S. Forests May Be Closed

HALIFAX (CP) — Nova Scotia forestry officials watched the weather Wednesday and it appeared likely that the woods would be closed to travel because of the fire hazard.

The weather office predicts a hot, dry day for today and it was expected that only a wet spell could forestall the closing.

Volunteers and forest rangers, meanwhile, kept a wary eye on five small blazes beaten down near Kentville, in Guysborough county and in Cumberland county.
