

BABY LAUGH

It belongs to health, for a baby, to eat and sleep, to laugh and grow fat.

But fat comes first; don't ask a scrawny baby to laugh; why, even his smile is pitiful! Fat comes first.

The way to be fat is the way to be healthy. Scott's emulsion of cod-liver oil is the proper food, if he needs it; but only a little at first.

We'll send you a little to try if you like. SCOTT & BOWNE, Chemists, Toronto.

Plant Line TO BOSTON TO BOSTON Commencing Oct. 16th 1900 S. S. Halifax

NOTICE TO ELECTORS.

QUALIFICATION OF VOTERS, AND HOW TO VOTE.

In electoral districts of this Province the voting takes place by ballot. There is no registration of voters here.

Every male British subject of the age of 21 years and upwards who has for six months previous to the 9th day of October, A. D., 1900, been in the possession either as owner, tenant or occupant of a house or piece of land of the yearly value of six dollars shall be entitled to vote.

IN ADDITION TO ABOVE.

In country districts every male British subject of the age of 21 years who being liable to perform Statute Labour, has performed such Statute Labour or paid his commutation money for the year 1900 shall be entitled to vote, provided he has resided for twelve months in the electoral Division.

IN THE CITY OF CHARLOTTETOWN.

If a person cannot qualify as a tenant or owner, he may vote on his poll tax,

IF

He has resided for twelve months previous to the 9th day of October, A. D., 1900 either east or west of Great George Street, and has paid his poll tax or 75cts of it for the year 1899. OR HE CAN VOTE ON HIS POLL TAX RECEIPT FOR THE PRESENT YEAR 1900. This tax may be paid at any time before the election, but not on election day.

Every resident voter must vote in the polling district where he is living on election day.

We warn poll tax electors to be prepared with their poll tax receipts, before they go into the polling booths. If you do not produce them, your votes will not be taken and you cannot again enter the booth. Tenants and owners do not require receipts.

LOUIS H. DAVIES,

1 of Charlottetown Barrister-at-law

WILLIAM S. STEWART,

2 of Charlottetown Barrister-at-law

ONLY MAKE A CROSS.

Mark your Ballot as above indicated. Simply place a X in the space containing the name of William S. Stewart, the people's candidate for West Queen's. Place no other mark upon the ballot.

The cross must be made with a BLACK lead pencil. No other kind will do.

Following Irregularities Held Fatal to Votes.

- 1.—A single stroke instead of a cross. 2.—A mark which in itself is a means of identification, such as initials or some other mark known as used by him. 3.—Two single strokes not crossing.

NO PERSON who has voted at the election shall in any legal proceeding be required to state for whom he voted.—See Sec. 97 of the Election Act.

The election law of the Dominion provides for perfect secrecy of the ballot, except in case of a scrutiny before two judges of the Supreme Court. Before a scrutiny can be held, the person desiring one must deposit in Court one thousand dollars as security that he will be successful. No ballot can be examined until it has been first proved that the voter has no vote, and no vote under any circumstances can be examined unless it has been marked objected to before the vote was given. No vote can be marked objected after the voter has received his ballot.

The ballots after being counted are sealed and sent to the Returning officer who without opening the packets or breaking the seals transmits them to the Clerk of the Crown in Chancery, and whilst in the custody of the Clerk of the Crown in Chancery no person is allowed to inspect them.

Besides the polling officers and the agents of the candidates, only one elector may enter the polling booth at a time; he MUST mark his ballot in secret, he MUST hand his ballot folded to the polling officer, who MUST place it in the box without opening, and there is a penalty for displaying the ballot in any way that would afford a clue as to how the elector is voting.

Save Your MONEY.

To save your money, by getting more for it, ask your dealer in medicine to show you the new 50 cent size bottle of JOHNSON'S ANODYNE LINIMENT. It contains over three times as much as the old 25 cent style, which is a great saving to those who use this valuable family medicine. The superior quality of this old Anodyne has never been equaled.

Fifty years ago this month, Dr. Johnson left with me some Johnson's Anodyne Liniment. I remember him distinctly, and could tell you just how he was dressed on that day. I have told Johnson's Liniment ever since. Can truly say it has maintained its high standard from that time to this. No medicine today possesses this confidence of the public to a greater extent. JOHN B. KASD, North Waterford, Me., Jan., 1851.

As a family remedy it has been used and adored for nearly a century. Every Mother should have it in the house for many common ailments, Internal as much as External. Our book on INFLAMMATION free. Price 6c and 50c. J. B. Johnson & Co., Boston, Mass.

THE TRAVELS OF A BUG!

HOW THE POTATO BEETLE WORKED ITS WAY PERU TO CANADA.

The parent of a potato beetle seems to have originated in the northern part of South America in times antecedent to the great continental glacier, according to a paper by Dr. W. L. Tower, read before the Section Zoology of the American Association for the Advancement of Science. When the great northern migration came, following the retreat of the glacier, it is probable that this form also went north, and in its journey encountered the diversified Mexican racial varieties. One of these varieties—Lepinotarea decemlineata, or the ten-lined variety—settled in Colorado, where it supported itself upon a plant known to botanists as 'solanum rostratum.'

About the year 1840 the potato began to be cultivated in the canyons of Colorado, and the L. decemlineata soon left its old food plant for this more desirable vegetable—Solanum tuberosum—causing, no doubt, a rapid increase in the number of the species. In 1849 began the rush to California from Council Bluffs, west along the Platte river. There are sev-

eral accounts extant of the sale of potatoes to emigrants by the thrifty Irishmen at Omaha and Council Bluffs, and, judging from the haste and carelessness of the emigrants, there can be no doubt that potatoes were lost or thrown away along the route. The valley being fairly fertile and with these potatoes grew until they were more or less continuous line of potato plants from Council Bluffs along the Platte river to the canyons of the Colorado region. Along this route the beetle moved eastward, so that in 1859, ten years after their rush to California, it is reported as injurious to crops at a point just eastward of the arid belt and about on the 98-mile meridian. During the next 24 years it reached the Atlantic coast, and covered the entire country between latitudes 37 and 47 degrees north.

Inasmuch as the beetle is not a strong flyer, and is unable to advance successfully against the wind, the prevailing winds have determined the course of its migrations. In August and September there are established certain well-defined wind tracks, and it is along these that the beetle has advanced with the greatest rapidity, the advance being proportionate with the wind velocity in any region for a given year. The most rapid advance has been in the track of the track of the prevailing westerlies along the Lakes, and down the St. Lawrence valley. At the present time the beetle is found throughout all that portion of North America which lies east of the Rocky mountains and between latitudes 32 and 55 degrees north.

Naturalists are interested to find that in the relatively short time in which this beetle has so greatly extended its range, incipient varieties are already forming.

THE GHOST

Of our boyhood resolved itself to an old tree when we had courage to examine it. Manhood has its ghosts, which, to the man who has courage to confront them, prove to be as harmless as the ghosts of boyhood.

Discovery. And these cures have been wrought in many cases after the doctor had said—"There is no help for you." Don't give in to the superstition of a past age. Give the "Golden Medical Discovery" a fair and faithful trial. It always helps. It almost always cures. "When I commenced taking your medicine eighteen months ago, my health was completely broken down," writes Mrs. Cora L. Sunderland, of Chanterville, Calvert Co., Md. "At times I could not even walk across the room without pain in my chest. The doctor who attended me said I had lung trouble, and that I would never be well again. At last I concluded to try Dr. Pierce's medicine. I bought a bottle of 'Golden Medical Discovery,' took it, and soon commenced to feel a little better; then you directed me to take both the 'Golden Medical Discovery' and the 'Favorite Prescription,' which I did. Altogether I have taken eighteen bottles of 'Golden Medical Discovery,' twelve of the 'Favorite Prescription,' and five vials of 'Pellets.' I am now almost entirely well, and do all my work without any pain whatever, and can run with more ease than I could formerly walk."

Dr. Pierce's Medical Adviser in paper covers, is sent free on receipt of 31 one-cent stamps to pay expense of customs and mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

Attack of Royal Canadians at Paardeberg

ent is a time when war becomes a cruel and terrible thing. The cold steel of the bayonet is the last resort of nations. We have at great expense purchased our rifles, bayonets, and cartridges. A picture of a man in a red coat, with a bayonet fixed to the point of every true rifle, is the only one called Attack of Royal Canadians at Paardeberg. The British and Boer forces were engaged in a battle of attrition on this date. The British and Boer forces were engaged in a battle of attrition on this date. The British and Boer forces were engaged in a battle of attrition on this date.

His babyship will be wonderfully freshened up, and his whole little fat body will shine with health and cleanliness after his tub with the "Albert" Baby's Own Soap. This soap is made entirely with vegetable fats, has a faint but exquisite fragrance, and is unsurpassed as a nursery and toilet soap. Beware of imitations. ALBERT TOILET SOAP CO., Mfrs. MONTREAL.

FOR SALE. Barred Plymouth Rocks, 25 Pullets and 10 Cockerels, all from prize winning stock. For prices write to K WILLIAM CLARK, North Wiltshire. dy li w tf.
