NEW OUTDOOR DRAMA RECOUNTS EARLY DAYS OF MOUNTED POLICE One of the year's most heralded outdoor spectacles, Twentieth Century-Fox's Technicolor production of "Pony Soldier," starring Tyrone Power, arrives at the Prince Edward Theatre today. Based on the authentic exploits of the early days of the Royal Canadian Mounted Police, "Pony Soldier" recounts the story of a heroic Mountie who, in 1876, crossed the border into Montana and single-handedly forced the savage Cree Indians to return to their reserves in Canada. One of the most amazing displays of individual courage and initiative in the colorful history of the Northwest Mounties this true adventure has since grown to become a proud legend in the annals of the famed Canadian constabulary. Under the leadership of Producer Samuel G. Engel and Director Joseph M. Newman, a location party of over 200 cast and crew members spent nine weeks in the rugged and picturesque canyon country of Arizona to film the picture. Engel and Newman also lined up an imposing roster of actors to play the demanding parts required for the Technicolor action drama. The cast called for 23 starring and featured roles, in addition to hundreds of minor characterizations which were filled by natives of the location area or Indians brought in from surrounding reservations. The role of the heroic Mountie went to Tyrone Power, the ever-popular Hollywood favorite. Giuseppe Verdi produced his famous opera "Il Trovatore" at Rome in 1853.

MONTREAL, March 19th—A warming thought! Now that winter's winding up, I get a real kick out of checking the progress of my BANK OF MONTREAL Sunshine Account. Nobody Wants A Cold because even a "sniffle" can be very annoying. But here's a tip to make your "cold" days a lot less uncomfortable: Use the most absorbent tissue handkerchiefs you can buy, because those old-fashioned blowing irritates the nose. And remember there's nothing like 3-ply FACE-ELLE for super absorbency. In fact it's the only 3-ply tissue! Its gentle softness, too, is always kind to the nose... a pure-cellulose softness with no harsh impurities. So don't let habit-buying keep you from enjoying these unique Face-Elle advantages. Say "Face-Elle, please" and be sure of more comfort for your money. In addition to regular 2-ply Face-Elle in the green box, there's a choice of 3-ply white in the pink box, the big foot-square, man-size and Face-Elle En Pastels. They're all good!

"I'm Sitting On Top Of The World" when I see my cakes coming out of the oven so beautifully light, so tender and delicious-looking. And though I may seem smug, it's plain to see that anyone can have cakes just wonderful. Just use SWANS DOWN CAKE FLOUR. You see, Swans Down is made for just that purpose... to give you better baking results, to assure you of beautiful, moist, melt-in-your-mouth cakes... every time. Bake with confidence, the way I do. Bake with Swans Down Cake Flour—the flour that is sifted again and again until it is 27 times as fine as ordinary flour. Remember men love Swans Down Cakes... and the girls who bake them!

It's A "Back For More" dish if ever I've tasted one. Yes, be sure, some blustery March evening soon, to give your family this heart-warming taste-treat — HEINZ COOKED MACARONI. It's enriched with the smoothest cream sauce you've ever enjoyed. Or serve HEINZ COOKED SPAGHETTI, drenched in spicy tomato sauce. Delicious and so easy to prepare. In fact, Heinz Cooked Spaghetti and Macaroni (two kinds of each) are my favourite "wice-savers". After a busy day of shopping or house-cleaning, it's a pleasure to be able to prepare a meal with so little fuss and bother. A meal, what's more, that will bring you plenty of compliments. Because these dishes are "husband-pleasers", too. Try them and see!

Isn't It Funny how things you learned at school suddenly come back to you? My washing used to have a yellow tinge—then I remembered my chemistry teacher telling me that seven colours combine to make white, and one of them is blue. That's why there's no true white without blue. So of course the answer to the problem of yellow-looking washings is Blue. You know you must rinse your wash to get the clothes clean, then simply put a dash of Blue in the water—to get that really white! Your sheets, shirts and table linens will fairly sparkle! What's more, Blue is kind to fine fabrics—won't harm them in the least. Costs just a few cents a month, too! Yes, for the whitest wash, use RECKITT'S BLUE.
