"We were faced with an unwarranted interference in Canadian affairs," Senator Phillips said, "and it was a question of whether we should tolerate undue interference or be masters in our own house."

Mr. Needles praised highly the handling of the role of Shakespeare's play, which he termed a "splendid performance," and the believable character given in strength as the play progressed.

He also commended the players on their set designs and costumes. Stage manager for the play was William Faulkner. Mr. Needles' advice to the company included that the second and third acts be tightened up slightly, and that several of the actors improve their diction.

False Pretences Charge Is Heard

SUMMERSIDE — Atwood Steadward of Summerside pleaded guilty in police court yesterday to a charge of obtaining a car by false pretences under a \$12,000 cheque from Dr. Alex Macdonald Ltd. on March 12. The case was adjourned by Magistrate R.S. Hinton, Q.C. for sentence until March 23.

Chief S.D.A. Wannamaker told the court accused issued a cheque for \$50 but had no bank account. The car, a 1961 Zephyr, valued at \$800 was found yesterday afternoon at Summerside east unattended. Accused stated he had driven the car two days, travelling as far as Morell. His home was formerly in Moncton.

The chief added that cashing cheques with insufficient funds in the bank is becoming too prevalent and also told the court that accused has pulled a similar car last year when he obtained a car from A.E. MacLennan.

Summerside And Prince County Forestry Poster Contest Sated

The forestry division of the department of industry and natural resources is sponsoring a fire prevention poster contest, open to all pupils from grades one to 12 in provincial schools.

Forester Frank Gaudet said yesterday that the contest is divided into two divisions — grades one to six and grades seven to 12. First three prizes in the first division are \$20, \$12 and \$8; prizes in the second division are \$30, \$20 and \$10.

"Posters," said Mr. Gaudet, "must depict some phase or phases of forest fire prevention, either by drawings, phrases or both. Posters must be on white paper, 11 inches by eight inches by eight and one half inches. Pencil, crayon, ink, water colors or poster paint must be used."

"The contest closes May 31," Mr. Gaudet said that one advantage of the contest is that it grades one to six and grades seven to 12. First three prizes in the first division are \$20, \$12 and \$8; prizes in the second division are \$30, \$20 and \$10.
