World championships are played in duplicate form in order to minimize the element of luck. But the luck factor cannot be completely eliminated, as witness this sensational deal (No. 72) from the United States-Italy match.
The audience (pro American) heaved a huge sigh of relief when Fishbein and Hazen stayed out of a slam with the North-South cards. Played at clubs or spades, declarer has thirteen tricks—six spades, six clubs and a diamond—but by a quirk of fate, a diamond lead in either contract interrupts ready communication between the North-South hands, and declarer can make only eleven tricks.

Advance Party Will Cover Ground Before Royal Tour

OTTAWA — (Special)—A party of Royal Tour officials, headed by General Howard D. Graham, will be in Charlottetown April 11 to make a "dry run" of arrangements for the visit of the Queen and Prince Philip in July.
Included in the group will be Esmond Butler, assistant press secretary at Buckingham Palace; Assistant R.C.M.P. Commissioner Douglas Forest, in charge of security arrangements for the tour; Jack Hughes, in charge of photo coverage; and E.R. Beddoe from the Department of Finance, in charge of accommodation arrangements.
Butler, former press secretary to Governor-General Vincent Massey, flew over from London last Sunday to make the trip. The Royal Tour officials will meet with provincial and municipal officials responsible for detailed planning of the Royal visit to Charlottetown July 29.
The party begins its dry run tour in St. John's Newfoundland on Wednesday. They will follow the royal route across Newfoundland and up to Knob Lake and Seven Islands. On the 10th they fly to Gaspe and on the 11th go from the Gaspe to Moncton, across to Prince Edward Island and then on to Sydney. They end their Eastern Canada tour in Ottawa on April 15.
Later in April the group will make a similar trip along the Queen's route in Western Canada to check up on arrangements to receive her Majesty and to make any changes in plans that are necessary.

DAILY CRYPTOQUOTE — Here's how to work it:
AXYDLBAAXE is LONGFELLOW
One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints, each day the code letters are different.

Poland's 'Batory' Points To Quebec
HALIFAX (OP) — Agents for the Polish liner Batory said here Monday afternoon that the ship was expected to pick up a St. Lawrence River pilot at 4 a.m. EST Monday after navigating successfully through Atlantic coast ice fields.
A spokesman for Pickford and Black Limited here said the Batory, headed for Quebec City, was reported at 1:30 p.m. AST Monday to be past Cape Ray on the southwest Newfoundland coast and in open water. She slowed two two knots while passing through some heavy ice in the Cabot Strait area, the spokesman said. A pilot was to go aboard at Father Point, 400 miles west of Cape Ray.
The 14,287-ton liner, carrying 682 passengers, has a reinforced hull for passage through ice. Two other passenger carriers are also believed in the ice fields although their exact positions could not be learned. Furness, Withy and Company, local agents for the 15,700-ton Seven Seas, said there had been no change in the Swedish ship's orders to head for Montreal. The ship Arkadia also was believed following the Batory's trail towards St. Lawrence River ports.
