IN MEMORIAM

DUNSFORD—In loving memory of Emmerson Dunsford who was killed March 29, 1952. Lovingly remembered by Sisters and Brothers.

MAGEE—In loving memory of Mrs. Janie Magee who passed away March 28th, 1947. We think of her in silence. And oft repeat her name: What would we give to hear her voice. And see her smile again. Always remembered by mom, dad, sisters and brothers.

WHITE—In loving memory of William A. White, who passed away, March 31, 1943. A precious one from us is gone. The voice we loved is still. His chair is vacant in our home. No one will ever fill.

We think of him in silence. No eye can see us weep. But many silent tears are shed. When others are asleep. Lovingly remembered by his wife and family.

TIMMINS—In loving memory of Mrs. Irene Timmins who passed away on March 23, 1949. Those we love go out of sight. But never out of mind. For they are cherished in the hearts. Of those they leave behind. Lovingly remembered by the Family.

Archbishop Makarios Is Offered Deal

LONDON (Reuters)—British Wednesday offered to free exiled Archbishop Makarios of Cyprus and to accept in principle NATO mediation of the bitter international dispute over the island colony.

Colonial Secretary Alan Lennox-Boyd announced in the House of Commons that Makarios would be free to go anywhere except Cyprus if he publicly calls for the end of terrorism in the colony.

He added that Britain would accept in principle a NATO offer of conciliation in living the differences among Britain, Greece and Turkey, all NATO members, over Cyprus.

But Greece later rejected the mediation offer. Prime Minister Constantine Karamanlis told parliament he regretted that the British government "has not faced the Cyprus issue in the right way."

Strix Remarks On Canadian Aim To Do Good Job

LONDON (CP)—A British Journalist newly returned from North America gives Canadians good marks for courtesy and helpfulness and finds his own countrymen sadly lacking in the same attribute.

Writing in The Spectator, the columnist Strix cites the example of a transatlantic telephone call he put in from New Brunswick to his home in England.

The Canadian telephone operator, he says, was friendly, courteous and sounded throughout as if she wanted to put through his call. By contrast, the London operator is described as speaking "tetchily . . . in a lugubrious cockney snarl," and apparently determined to frustrate the project at all costs.

ALWAYS HELPFUL
Strix continues:
"After travelling for two or three weeks in Canada, I had got out of the habit of half-expecting that sort of thing . . . almost every day there had been some small, boring task which needed to be performed for me with alacrity by a stranger . . . There was no failure, nor was there anything in the Canadian atmosphere to suggest that there might be one."

"I know nothing at all about Canada; but I have the impression that the people of that country are actively concerned to further any reasonable enterprise, whether it is supervising a trustee in Indochina or making sure that a traveller catches his train."

University Will Study Highways

EDMONTON (CP)—The University of Alberta this year is inaugurating a program of post-graduate instruction in highway engineering, believed the first of its kind in Canada.

The program, under the university's civil engineering department, will provide engineering graduates
