PEACE RESTS ON STRONG BRITAIN—HOARE

DEMOCRATS SEEK TO AGREE ON PLATFORM

Stresses Need Of Rearming To Avert Disaster

British Naval Strength Cited As One Of The Most Potent Factors Of World Peace.

(C. P. Cable By Guardian's Special Wire)
LONDON, June 24—"There is no need for panic or to assume that war is inevitable," declared Sir Samuel Hoare, First Lord of the Admiralty, in a speech tonight at a dinner of the Royal Empire Society.

No country in Europe desires war and it was "criminal folly" to assume that war was inevitable.

"But," he added, "there is so much inflammable material in Europe that a spark might start a conflagration unless great powers like ourselves are strong enough to make our influence felt in the cause of peace."

"We are preparing to stop the drift to war. If the British army, navy and air force are adequately strengthened in time there will be no world war. British strength, particularly British naval strength, is one of the most potent factors of the peace of the world."

Fleet Essential

"If a well-balanced fleet, capable of defeating an enemy, keeping the seas open, equipped to go anywhere and concentrated upon its three essential duties—cover, cruise and convoy—can be built in time, there will be no world war."

If he were asked, Sir Samuel continued, whether the advent of air power changed the functions of the navy and made it impossible to build a fleet that can carry out its traditional duties, his answer was "not."

His advisers were determined he said with the help of modern science, "to build a fleet that can go anywhere and are determined to make the fullest possible use of air power to make the new fleet once again the predominant and most mobile force for peace in the world."

Had the British fleet been twice as strong as it was, he declared, the recent Mediterranean crisis would never have arisen. The fleet in the Mediterranean was the embodiment of collective security, he said, and completely fulfilled its duty of preventing the extension of the conflict.

"Foolish mischievous talk about lost prestige, which was spread chiefly by enemy propagandists, would be proved altogether futile in the future," he declared.

Sir Samuel referred to the plea expressed recently in the Journal of the American Navy League for co-operation between the British and United States navies to make future wars impossible and said: "Let us take note of this with interest and sympathy."

PORTSMOUTH, England, June 24—The first of the six new high-powered motor torpedo boats which British experts assert are likely to revolutionize naval design and construction was handed over to the Admiralty today.

The craft, which will be inspected by the King June 30, is able to manoeuvre so deftly it is considered to be invulnerable to an air attack. It can make more than 40 miles an hour.

Carrying a crew of 10, the vessel is equipped with two torpedoes, which may be fired by wireless, and light gun armament. Eighteen of the boats, it is said, can be built at the cost of a single submarine-destroyer.

commander tugs to enable visiting ships to get out to sea.

A threatened general tax strike in Paris was averted when employers agreed to give chauffeurs a collective contract.

At St. Nazaire, officials said, 120 men "from Paris" occupied naval shipyards, camping a few hundred yards from the unfinished cruisers Georges Leygues and Marsellaise.

The authorities said 8,000 shipyard employees continued their work, despite the visitation.

A strike banner in the window of Dun and Bradstreet's branch office, which was occupied by striking employees for the 15th day, led to a street fight between Rightists and Leftists.

ATTENDANCE AT BAZAAR BREAKS RECORD

Canadian Tenor De- lights Large Audi- ence Last Evening.

A record crowd filled the market building last night as the big bazaar in aid of the Charlotte Town Hospital got under way. Last evening's attendance was in excess of that on any night last year the committee in charge announced.

Mr. Stanley Maxted delighted the audience with his rendition of "Mother Macree", "Tally Ho!" "Ol Man River", and "Marie My Girl." In the opinion of the audience, thrilled by the singing of this noted Canadian tenor, Mr. Maxted is one of the finest singers ever heard in Charlottetown.

Mr. Al Blanchard was the accompanist.

Rev. Fr. Dalton, chairman of the committee in charge of the bazaar, said last night that "the co-operation and assistance received"

Provincial And Civic Welcome To Visiting Delegates

Opening Sessions Of Grand Lodge Held—Visitors Entertained At Garden Party At Govt. House.

GRAND MASONIC LODGE MEETS AT HUNTER RIVER

Unusually Large At- tendance Marks Communication— Officers Elected For Ensuing Year.

The 61st annual convention of the Grand Masonic Lodge of Prince Edward Island, A. F. and A. M., was held at Hunter River yesterday. Grand Master Ernest Kemp presided and opened the Grand Lodge at 10:30 a. m. There was an unusually large attendance of members, all subordinate lodges being represented.

After fraternal greetings had been extended to the Grand representatives of other Grand Masonic jurisdictions, Grand Master Kemp presented a very inspiring, thought provoking address. In it he expressed regret at the passing of His late Majesty King George V., as well as such outstanding Masons as Lord Amphilil, Program Master of the Grand Lodge of England, Lord Cornwallis, Earl Jellicoe, and several brethren in this and sister jurisdictions.

During the meeting but-tons commemorating 50 years continuance of membership in the Order were presented to Grand Master Ernest Kemp, Charlottetown, Past Master William A. Houston, Rustico, and A. A. MacLean, Charlottetown.

The Grand Secretary, C. M. Williams, announced that invitations had been received from the Grand Lodge of Canada (Ontario) and the Grand Lodge of Scotland to

Maritime Livestock Assn. Convenes

(C. P. by Guardian's Special Wire)
MONCTON, N. B., June 24—An address on the subject of "money" by J. J. Harpell, Garden Vale, Quebec, featured the opening day's session of the Canadian Livestock Co-operative (Maritimes) here today.

Thirty-four delegates and about twenty visitors were present at the opening session this afternoon, at which J. J. Howard MacKichan, of Cleveland, N. S., president of the organization, presided.

His demands, made at today's private session, drew a sharp counter from the Japanese representative, who asked that vessels of his leaving the Black Sea be subjected to the same restrictions as those entering it.

Opposition to Turkey's proposals was voiced by Joseph Paul-Boncour, representing France. The plan as outlined could easily prove a threat to peace, he said, unless it were made subject to change in accord with the obligations of a member of the League of Nations against an aggressor.

The French statesman also challenged the Turkish proposal limiting the tonnage of auxiliary vessels passing through the straits. His representations were interrupted by a speaker as refuting France's dependence on such craft to transport oil supplies in time of war. Rumania, a Black Sea nation, is the source of a large part of

DEATH OF REV. DR. COFFIN LAST NIGHT

Distinguished Island Educationist Had Served 30 Years In Trinidad Mission Field.

An esteemed citizen of the Province passed away last evening after a lengthy illness at his home, Edward Street, this City, in the person of the Rev. Fulton J. Coffin, D.D., Ph.D. He was 75 years of age.

For many years head of the Theological School (Presbyterian) at San Fernando, Trinidad, Rev. Dr. Coffin, following his retirement some eight years ago, took up residence in Charlottetown and actively interested himself in the welfare of the community in which he was held in the highest regard.

Born at Savage Harbour, son of the late Benjamin Coffin, of Empire Loyalist stock, Dr. Coffin was educated at Prince of Wales College, Dalhousie, Pricetown and Chicago Universities. He taught school for some time in the Province, at Covehead and Stanley Bridge, and later at Hartford Divinity School before proceeding as a teacher to the Trinidad mission field. At Prince of Wales College he was a classmate of the Rev. J. M. MacLeod, this City, with whom he enjoyed a lifelong friendship.

A brilliant student, Dr. Coffin also possessed sterling qualities which distinguished him as a teacher and missionary and proved of inestimable value in his work in Trinidad, to which thirty years of his life were devoted.

He was noted as a Hindu scholar, in which language, as well as in English, he lectured in Trinidad.

He received his degree of Doctor of Divinity from Pinehill College, and his Ph.D. from Chicago University.

The deceased was an uncle of Mr. L. H. Coffin, Montserrat, Hon. H. D. MacEwen, Morrell, Mr. Milton Coffin, Savage Harbour; Mrs. G. F. Hutcheson, Charlottetown; Mrs. Oswald Dingsell, Marie, and a cousin of Mrs. (Dr.) Carruthers, Charlottetown. A brother, Rev. Robert Coffin, Durham, N.S., died a few years ago.

Reich Pleased With "Change In Tone"

BERLIN, June 24—Wilhelmstrasse spokesmen said tonight the German government was pleased with the "change in tone" it noted in the French declaration of foreign policy.

German and French objectives, they added, appeared to be more nearly the same with Yvon Delbos in the French foreign office. Germans were evidently pleased with Delbos' references to "Frontkämpfer (front line fighter) Hitler, whose word we have no intention of doubting."

One commentator remarked the "new tone" from the Quai D'Orsay probably was caused by the fact that Delbos' right arm "has three German bullets in it."

APPEAL CASE OPENS TODAY

Re-trial For Daniel Bannister In Pacific Junction Tragedy.

DORCHESTER, N. B., June 24—Previously condemned for the murder of Philip Lake, Daniel Bannister will walk back into the prisoner's dock tomorrow and hear Crown witnesses re-tell their story of the Pacific Junction tragedy last January, when Lake, his common law wife and young son met death.

With selection of a jury starting tomorrow morning, testimony was not expected to begin until late in the afternoon. The Westmoreland circuit court opened its present session this afternoon, Mr. Justice J. H. A. L. Fairweather presiding.

Both Daniel Bannister and his brother, Arthur, were found guilty of Lake's murder, and their mother, Mrs. May Bannister, is serving a penitentiary term for harboring Betty Lake, now ten months old.

In granting a new trial for Daniel the appeals division of the Supreme Court of New Brunswick found that Chief Justice J. H. Barry had erred in directing the jury. An appeal on behalf of Arthur was dismissed. The brothers had been sentenced to hang June 20, but owing to a possibility he might be called as a witness at the new trial Arthur was reprieved until Aug. 20.

DENOUNCE ANTI-NEW DEAL FORCES

Constitutional Amendment Issue Principal Hurdle In Drafting Platform.

(A. P. By Guardian's Special Wire)
CONVENTION HALL, Philadelphia, June 24.—The quadrennial Democratic convention, suffering from minor internal platform disorders and prepared to sit up all night with them, tonight gathered first to punctuate with new omissions another attack on the anti-new deal forces.

On the powerful frame of Senator Joseph Robinson of Arkansas rested the task of rousing the weary delegates with his speech as permanent chairman of the convention, after a listless, rain-splashed afternoon session.

He was given the spotlight for a roaring denunciation of the Republican leadership, past and present.

QUIT CONVENTION

He shared a corner of it with Senator Ellison Smith of South Carolina. Angered at the presence of negro delegates on the floor, Smith announced he was "through" with the convention. He and part of the South Carolina delegation stalked out when the afternoon session was opened with a prayer by a negro minister.

The interest of many otherwise was divided between the platform

Big Drop In Wheat Storage

(C. P. By Guardian's Special Wire)
OTTAWA, June 24.—Canadian wheat in store for the week ended June 19 showed a decrease of almost 6,000,000 bushels and a drop of more than 50,000,000 bushels compared with the corresponding week last year, according to a report issued today by the Dominion Bureau of Statistics.

The visible supply on June 19 was 146,177,479 bushels against 152,011,199 the previous week and 196,246,778 last year.

Doris Mary Gaudet, Wellington, P. E. I.

Noted Wheat Pit Speculator Dies

CHICAGO, June 24.—Death early today ended the spectacular career of Arthur W. Cutten—"little giant of the wheat pits"—who rose from \$7 a week clerk to international note as one of the greatest speculators of the century.

There were cheers when Dr. MacMillan alluded to R. B. Bennett as Prince Edward Island's best friend. He reminded the electors of the \$1,200,000 that they had obtained from the Bennett Government.

Broken Liberal Promises Scored, O'Leary Meeting

Enthusiastic Meeting Of West Prince Conservatives. Strong Resolutions Adopted.

Much enthusiasm and strong faith in the "good old Liberal Conservative Party" was the keynote of the forty third annual meeting of the West Prince Liberal Conservative Association which was held yesterday afternoon in O'Leary Hall.

Mr. A. A. Ramsay, President, occupied the chair and in a forceful speech reviewed the present political situation, denouncing the methods of the present Governments, both Federal and provincial, as unreliable and unstatesmanlike.

Resolutions were passed expressing deep appreciation of the Bennett and MacMillan Governments and denouncing the present Government especially for the overwhelming and oppressive taxation.

Mr. Ramsay was unanimously re-elected President, the vice pre-

Britain Launches Torpedo Boats

Striking French Sailors Demands Are Met By Govt.

PARIS, June 24—Striking French sailors in the harbor of Marseille, who advertised their stand by floating red flags from the hal-yards, tonight won their demands.

The Government announced shipowners had accepted the seamen's demands and the latter would return to work tomorrow night.

Refusing to vacate the ships when they struck Monday, the tars demanded a 40-hour week, vacations with pay—and bedsheets on bunks. Nearly 50 French ships were scenes of strikes and foreign vessels were unable to leave the harbor when tugboat crews joined the walkout.

Ambassadors of several foreign nations had asked authorization to

Powers Split On Turkey's Plan To Refortify Straits

(C. P. By Guardian's Special Wire)
MONTREAL, June 24—(C. P. News)—The Soviet Union's bid for special privileges in the Dardanelles provoked opposition tonight among the conferees assembled here to study Turkey's request for permission to refortify the straits.

Maxim Litvinoff, the Soviet delegate, urged that the ban suggested by Turkey on the passage of submarines through the straits be extended to include aircraft carriers. On the other hand, he suggested that the tonnage limitations proposed on warships allowed through the Dardanelles be applied only to nations not bordering on the Black Sea.

His demands, made at today's private session, drew a sharp counter from the Japanese representative, who asked that vessels of his leaving the Black Sea be subjected to the same restrictions as those entering it.

Opposition to Turkey's proposals was voiced by Joseph Paul-Boncour, representing France. The plan as outlined could easily prove a threat to peace, he said, unless it were made subject to change in accord with the obligations of a member of the League of Nations against an aggressor.

The French statesman also challenged the Turkish proposal limiting the tonnage of auxiliary vessels passing through the straits. His representations were interrupted by a speaker as refuting France's dependence on such craft to transport oil supplies in time of war.
