Predicts Farm Support Prices For Canada

REGINA, (CP)—A North Dakota agricultural economist says farm support prices similar to those in the United States will be implemented in Canada.

Dr. Rainer Schiekele, chairman of the department of agricultural economics at North Dakota agricultural college, said in an interview that Canada will get support prices when labor and consumers realize that it is not in "their best interests" for an important segment of the economy to be permanently depressed.

President Re-elected Last Night At Annual Meeting Prince County Hospital

Mr. Austin Scales was re-elected president of the board of trustees of the Prince County Hospital at the 44th annual meeting held last night in the Town Hall.

Judge L. G. Lewis was re-appointed as first vice president, Mr. P. L. Morris was re-appointed as second vice president and Mr. William Haywood was re-appointed as third vice president. Mr. George R. MacQuarrie was re-appointed as secretary.

In his report to the meeting, president Scales paid tribute to the members of the trustee board for the splendid support they had given him during the past year, and was high in his praise of the various women's organizations for the outstanding assistance they had given the hospital. He said that without the aid of these organizations, the Ladies Aid of Summerside, the Ladies Aid of Kensington and of the R.C.A.F. Station, the Okto Club, the Daughters of the Empire and others, it would have been much more difficult to carry on the work of the hospital.

He recalled that during the year the superintendent, Miss Schurman, had resigned and that her work had been carried on most efficiently in the meantime by Miss Cameron. He said that Miss MacLellan of New Waterford Hospital, New Waterford, N. S., had been engaged as superintendent and that she would arrive to assume her duties about the first of July.

Reporting for the building committee, Mr. J. Frank Arnett said that the committee is at present working on plans for the new nurses home and he stated "we have now reached a point where we are about ready to proceed with its construction."

Mr. T. E. Hickey, C.A., was re-appointed as auditor for the incoming year. This was moved by Mr. Hayward, who in his recommendation said that Mr. Hickey had been outstandingly efficient in his work.

The retiring directors for 1954 were all re-elected and they are as follows: Messrs. H. T. Holman, J. E. Darby, James A. MacGregor, J. L. Gorrill, of Summerside, E. S. Burleigh, Ellerslie, Lloyd Lockerby, Hamilton, P. L. Morris, Kinkora.

Other directors who are on the board and whose term will expire in 1955 are Messrs. William Hayward, J. Lorne Driscoll, J. W. Kelly, R. S. Hinton, J. H. Gaudet of Summerside, D. H. Gallant, Muscouche, Joseph A. Bernard, Tignish, Kenneth MacLean, Lot 16.

Those who will retire in 1956 are Messrs. George Hogg, Judge L. G. Lewis, M.M. Bell, Mrs. W. P. Callaghan and Alex. Horne of Summerside, A. A. Scales Freetown, Alton Rayner, O'Leary, J. W. D. Campbell, Alberton.

Ex officio trustees are Mayor Henry W. Wedge, Mrs. Heath Strong, president of the Ladies Aid; Dr. J. B. Downing, medical representative.

In view of the outstanding work accomplished by the Okto Club, it was suggested by Dr. John MacNeill that a representative from that body by appointed by the club to act as trustee. Upon the ruling by the president that a member from the Okto Club would be eligible it was agreed that a member of the Okto Club would serve

Boy Injured In Highway Accident

—On Wednesday afternoon Alden Weeks, son of Mr. and Mrs. Leigh Weeks, Alberton, met with an accident which might have proved fatal. He and his brother Wendall were driving with their uncle, Mr. James Arthur, to his home where they were to assist in potato planting. Near the railway crossing on the Oliver Road, Mr. Arthur was compelled to apply the brakes suddenly to avoid striking a bicycle and its rider. As a result the car door flew open and Alden was thrown out just before the car overturned into the ditch, pinning him beneath. His uncle and brother were able to remove the weight of the car and pull him out just as he felt the breath was being crushed from his body.

He was taken to the Western Hospital where it is reported his only injury is a fractured collar bone. He is also suffering from shock. His general condition is satisfactory.

Damage to the car was estimated at about \$100.

"TERROR ON A TRAIN" STARS GLENN FORD AT CAPITOL THEATRE, SUMMERSIDE

—A drama so permeated with suspense as to make the spectator sit on the edge of his seat through most of its filming is showing at the Capitol Theatre, Summerside. It is "Terror On A Train," an M-G-M picture filmed in England, with Glenn Ford and Anne Vernon as its stars and with a cast of distinguished British players in support.

"Terror On A Train" unfolds the grimly fascinating story of a saboteur who has planted an ingenious mechanism in a freight train full of mines headed for the Naval base of Portsmouth. Glenn Ford is the demolition expert who is called in to locate the bombing device and who has only a few hours in which to disarm it before it blows up a congested residential area. The problem of evacuating the thousands of people whose homes are "in danger of being blown up" the stoical perseverance of the demolition expert in examining the mines, with every moment possibly his last, the effects of the harrowing experience on his wife, and the final capture of the saboteur in a surprising plot twist, make or a picture in which drama, suspense, excitement and action are evenly divided.
