

House of Assembly.

Tuesday, March 30. Mr. Peter Sinclair hoped the Government would continue to act as judiciously in the future as they had in the past, in buying lands under the provisions of the Bill under consideration.

Mr. Howat would support the Resolution, and hoped every economy would be used in expending the sum placed at the disposal of the Government; and he sincerely trusted that Lot 19 would be among the Estates that would be bought by the Government.

Hon. Mr. Davies said, the proprietors refused to sell on reasonable terms. Tenants having short leases in some parts of the District which he represented, and also on the east River, would soon be in the hands of the proprietors, some of whom threatened already that the terms on which new leases would be granted were to be at £20 a year rent, and £100 to be paid down on receiving such new leases.

Hon. Mr. Coles said, when he introduced the Tenant Compensation Bill, 7s. 6d. an acre was the highest sum paid for lands, but the placing of an extended power in the Government would enable them to deal with the proprietors more effectually, and exercise their discretion as to the rates at which to effect purchases.

THURSDAY, April 1st.

Mr. Bell, Chairman of the Committee of Supply, reported several Resolutions which were agreed to.

Hon. Mr. Haviland moved a Resolution, seconded by Hon. Mr. McAulay, to the effect that the act of the house last night, in report of the Committee, granting a yearly Salary to the Lieut. Governor of this Colony, was unconstitutional and contrary to Parliamentary rule; and that, therefore, the said report of a Resolution be received by the House to day.

After some remarks from Hon Attorney General and other hon members, on the point, Hon. Attorney General moved, as an amendment to the proposed Resolution of the Hon. Mr. Haviland, that the question of concurrence be again this day, put on the Resolution reported last evening from the Committee of the whole House on the subject of the Lieut. Governor's Salary.

Question put on amendment—Division as follows:— YEAS HONS. Attorney General, Colonial Secretary Laird, Kelly, Davies, Callbeck Duncan, Henderson, Messrs Reilly, P. Sinclair, Bell, McNeill, Arsnauld, G. Sinclair, Cameron, Kickham, Howatt, McMillan—18.

NAYS—Hon. Mr. Haviland Mr McAulay, Messrs. Brecken, Owen, Ramsay, Green—6

The Resolution reported from the Committee last night, was then again read. The discussion on said questions of Governor's Salary was then again renewed to some extent.

Hon. Attorney General presented a Copy of Despatch from the Government of this Colony to Earl Granville, dated 15th February, 1869, and also the reply of Earl Granville, Secretary of State for the Colonies. The former sets forth the injuries sustained by this Island because of the alienation of its lands, and enters fully into the whole history of the Land Question of the Colony reviewing the various efforts that had from time to time been put forth to restore to the Colony those lands on just and equitable terms.

Said Despatch or Memorial states that three Secretaries of State had intimated their desire that the Colony should assure the payment of the Governor's Salary; but as that Salary was originally paid by the Imperial Government as an indemnity for the injury of the alienation of its lands it was neither just nor generous to insist on that demand on the Colony, unless a remedy was first provided for the evils complained of, which remedy could not be found, without the Imperial Government could be induced to sanction a Bill, compelling proprietors to convey their lands to the Government on tender of their value previously ascertained, and also to assure the local Government to obtain the necessary funds for that purpose, by giving the Imperial guarantee to a loan of money to be raised in the London Market. In order to settle the fair value to proprietors, a tribunal of gentlemen of experience and integrity would have to be selected. Assuming that say £100,000 str., would be required to buy up the Proprietary rights, and that the sum was raised by sale of Colonial Debentures with the Imperial guarantee at par with 4 per cent interest, it was certain that at least a saving of 2 per cent per annum would accrue to the Colony which if the debentures were made payable in say 30 years from their date, would amount to such a sum as would enable the Government to press upon the Legislature, with better prospect of it being favourably entertained, the question of the payment of the Governor's Salary, and to procure a final solution of the Land Question and cost to the Imperial Treasury without injustice to the Proprietors or loss to the Colony.

The reply to the Despatch in question is as follows.— PRINCE EDWARD ISLAND. No. 14. DOWNING STREET, 13th March, 1869.

SIR—I have the honor to acknowledge the receipt of your Despatch, No. 13, of the 15th February last, endorsing, with other documents the copy of an address from the Executive Council of Prince Edward Island, praying that the consent of Her Majesty's Government may be obtained to the introduction of such measures in the local Legislature as may be necessary to enforce a compulsory sale by the proprietors of lands in the Colony to the local Government.

Having regard to the evident uncertainty whether the Colony of Prince Edward Island will or will not soon unite itself to the Dominion of Canada, I am not prepared to enter on the consideration of a question with which if such union to ensue the Imperial Government would probably cease to concern itself. The Land Question, therefore, should in my opinion be left, as far as possible, for the decision of those who, under the altered circumstances of the Colony, would have to carry into execution any measures connected with it.

I cannot hold out any hope that the Imperial Government will, under any circumstances, agree to guarantee a loan for the purpose of acquiring the wild lands from the present proprietors.

I have already conveyed to you the decision of Her Majesty's Government on the subject of the Governor's Salary.

I have, &c, GRANVILLE. (Signed)

The Officer Administering the Government of P. E. Island.

House in Committee on the sum to be voted for the payment of Governor's Salary. Hon. Attorney General submitted a Resolution to the effect that the sum of Two thousand one hundred pounds P. E. Island currency, be provided to meet the payment of Governor's Salary.
