Out On A Limb

TORONTO Maple Leafs has really put himself out on a limb. He has called Montreal Canadiens to miss the Stanley Cup playoffs this season and thereby has added more fuel to the Toronto-Montreal feud.

Of course the talkative Imlach sees his Leafs repeating as champs, something that may be mighty difficult with Johnny Brown setting closer to his senior citizenship and Carl Brewer watching the action for at least part of the season from the sidelines.

However, Planck was never one to avoid publicity and he has opened his mouth with a vengeance this fall. Mind you, Imlach could be right. The Habs, minus Marshall, Goffe, Plante and Dickie Moore, indeed could find it the roughest road there've seen in many a season. Planck figures that Plante and Dickie Moore, indeed could find it the roughest road there've seen in many a season. Planck figures that Plante especially is going to make a tremendous impact on the New York Rangers. One of the biggest questions to be answered is how will Gump Wamsley fare out with the Blackmen. He surely isn't traded to a club that is rich in defensive power. Plante last season kept Canadiens in the thick of things and it surely wasn't the Masked Marav's fault that Leafs shunted them out quickly in the semifinal.

It would appear that Plante is happy in his new job at Madison Square Gardens. He could have tremendous year for Red Sullivan and company and Marshall and Goffe could also prove valuable assets. If the fellow Doug Harvey can whip himself into proper shape, it's Imlach's opinion that these Rangers will be tough customers. Personally we are looking for the Leafs to definitely have playoff ambitions and we don't think it will shatter Rogers' gloom again.

Can Detroit Miss Out?

ALTHOUGH Detroit Red Wings did manage to make the Stanley Cup final last season, we wouldn't be at all surprised if they missed out on a playoff berth in the 1964 campaign.

We know that Red Wings' supporters will roar their heads off when they read the like of this but a lot of folks are not so sure. They definitely have a better chance to beat the Rangers. We aren't forgetting that the Detroit club has a Gordie Howe who will shatter Rogers' gloom again.

Chicago Or Toronto

ON top of the heap it should be either Toronto or Chicago. We Leafs or Black Hawks lead the parade we are not going to be all that surprised. However, we'll stay with Toronto because we think they are a better defensive club than the Black Hawks.

But there's no fun unless you're on a limb and as far as we're sure to come as any great shock to us. They have quite a hockey club and if they can come out on top, they'll be that much tougher to beat.

That leaves us with Montreal Canadiens who we predict will either be third or fourth in the 1964 campaign. We're not sure of course that Mr. Imlach does not see at all.

At any rate, it should be quite an interesting season and we expect many more hot and cold and these predictions by any person can be shattered in pieces.

Ryder Cup Play Starting Friday

ATLANTA (AP)—Both the British and U.S. Ryder Cup teams were hit with mild physical ailments Wednesday as they stepped up preparations for the biennial golf competition, starting Friday.

Bill Harper Jr. and Dave Ragan Jr., of the U.S. team had attacks of dysentery—neither regarded serious. Geoffrey Hunt, the tall Englishman who is his country's leading money winner, had to leave last course in the midst of practice when he became ill.

"Just will be all right," said the British non-playing captain, John Falck. "Cut attendance." bit under the weather earlier in the week but he is perfectly fit now. We are no worried. WILL BE READY.

Both Harper and Ragan are expected to be ready for Friday's opening day.

The Americans have been made a 7-0 favorite in the matches, but these odds drew a sharp rebuff from Falck.

"These odds are ridiculous," said the white-haired Scot, who is directing his squad's lead from the sidelines. "I'll think the Americans have to be favored, but by no more than 5 to 2. The psychological edge is all on our side."

The 7-0 figure was quoted by a prominent British bookmaker, travelling with the visiting team on a holiday. Asking that he remain anonymous, the bookie, whose operations are legal in Britain, said it was about 1-50-1 that the Yanks would win 75 per cent of the 33 matches, which start Friday and continue through Sunday.

Falck said neither he nor

Belinsky Signs Angel Contract

LOS ANGELES (AP)—By Belinsky's signing with the Los Angeles Angels pulled something of a post-season surprise Wednesday by announcing that he had signed a one-year contract for the 1964 season.

It had been widely predicted that the Angels would trade Belinsky this winter. Instead, he became the first man they re-signed and apparently the first player in the major leagues to come to terms for next season.

Salary terms were not announced.

Detroit sent Gerry Odvokat to Boston in exchange for Warren Stapper.

He had been with the American Hockey League for Wednesday night's game in Buffalo.

Stapper had suspended Odvokat and had been ordered for leaving last season. Peter King, no later than October 30. His phone number is 4-6230.

Chicago Takes Opener From N.Y.

CHICAGO (AP)—Chicago Black Hawks scored two goals in the first period and added a third in the final period Wednesday night as they defeated New York Rangers, 3-1 in the National Hockey League opener between the two clubs.

The lone New York goal came in the first period when Earl Ingarfield stole the puck from Hawk defenceman Howe Young in front of the Chicago net and beat Hall from close in.

Bill Hay, McKenney, and Ron Murphy were Chicago's scorers.

Keane Given Pilot Award

HOUSTON, Texas (AP)—Johnny Keane of St. Louis Cardinals has been selected as the National League manager-of-the-year for 1963.

Keane, 51, who never played major league baseball, made a runaway of the annual Associated Press poll Wednesday by collecting 53 of the 71 votes cast.

"This is really great," Keane said when told he had received more than three times the number of votes collected by Walter Alton, pilot of the champion Los Angeles Dodgers. Alton was named on 15 ballots and Bobby Bragan of Milwaukee Braves on the remaining three.

Pre-season forecasts had indicated Keane did not have a contender for his second full season as a major league manager. However, with only two weeks remaining in the campaign the Cards were only one game behind the Dodgers.

Mr. Woodsman Here in the Chain Saw For You

The Cardinals were the hottest thing in baseball for a three-week stretch before running into pitcher Sam Koufax and the Dodgers in September. They had won 19 of 20 games, but Lou Brock, the club's crucial series and boosted its lead to four games.

"But we may have one in Harry Fanok, a right hander with an arm like Koufax. Right now, the only one game behind the Dodgers.

Planck said the International League is strikeouts this year at Fenak.
