## Fascists Advance On Ethiopian Capital

### S. J. Hungerford New Chairman C.N.R. Directors

#### Opposition Leader Warns Against Danger Of Political Interference.

### Gen. Goering Gets New Post

(A. P. By Guardian's Special Wire)  
BERLIN, April 27—General Hermann Wilhelm Goering, Minister of Air and Premier of Prussia, took over another important duty tonight when Reichsfuehrer Hitler made him supreme dictator over all questions of foreign exchange and raw materials.

Der Fuehrer took this step in an effort to avoid an open conflict between Dr. Hjalmar Schacht, Minister of Economics and president of the Reichsbank, and the Nazi party.

### Jobless Threaten To Prolong Siege

(A. P. By Guardian's Special Wire)  
TRENTON, N. J., April 27—New Jersey's jobless, who for six days besieged the legislature, threatened tonight to prolong their siege of the State House as legislators returned still undecided on a relief-financing program.

- "Dance in O. M. B. A. Hall Vernon River Friday, May 1. Dance starts at 9 sharp, ends at 1. Come early. Admission 25 cents. Lunch served.

(C. P. By Guardian's Special Wire)

OTTAWA, Apr. 27.—S. J. Hungerford, who started his railway life 45 years ago as a mechanic's apprentice, will be chairman of the board of directors of the Canadian National Railways under the new management set-up, it was announced today in the House of Commons by Railway Minister Howe. "S.J.", as he is known to railwaymen, will combine the offices of chairman and president.

The Railway Minister made his announcement when sponsoring a government bill to scrap the board of three trustees established in 1933 by the Bennett administration and substitute a board of seven directors. At the same time he attacked the ability and record of the trustees, claiming the management experiment had failed.

The bill passed second reading without a recorded vote after Conservatives maintained a steady attack on it all day.

The railway minister said it was only the first of the government's efforts to restore the Canadian National system to some degree of financial independence. "We are going to give it a chance as a business concern to go out and build," he said.

One of the main reasons for the legislation, Mr. Howe said, was to lift the system out of bankruptcy into business vitality. It would be expected to go out and get traffic.

The three trustees, soon after the change of government, were given the opportunity to resign but only one agreed, Mr. Howe revealed. With the government holding its present views, there was no alternative but to legislate them from office.

### POLITICAL INTERFERENCE

Conservative Leader Bennett, who followed him, predicted the change would open the door for political interference which had proved disastrous in the past. He warned the government the bill he'd no solution for the railway problem which in his judgement was dragging the country below the surface of financial stability.

### Discovers Treatment For Radium Poisoning

(A. P. By Guardian's Special Wire)  
WASHINGTON, April 27—Effective treatment for radium poisoning, which is so dangerous that one-millionth of a gram will cause progressive breakdown of the bones, has been discovered by Dr. Robley D. Evans, of the Massachusetts Institute of Technology, working in conjunction with Dr. J. C. Aub, of Harvard University.

Dr. Evans told the National Academy of Sciences today treatment for the hitherto incurable disease consisted of lowering the calcium content of the sufferer's diet, thus removing most of the reserve calcium from the marrow of the bones.

A ter radium has been eliminated the calcium reserve is again built up by a diet rich in that element.

### Conservatives Form Com. To Safeguard Brit. Interests

(C. P. Cable By Guardian's Special Wire)

LONDON, April 27—Prime Minister Baldwin gave the House of Commons further assurance today that the government is not contemplating transferring to Germany any of its mandated territories while outside the House a group of Conservatives met to form a committee to "safeguard British interests."

### LEFT WING PARTIES IN MAJORITY

#### Communists and Socialists Will Have Majority of Seats In French Chamber.

(C. P. by Guardian's Special Wire)

PARIS, April 27—France will be governed by a left wing majority in the next Chamber of Deputies, returns from the first ballot of the general elections indicated tonight.

The Paris bourse sagged on the news, with rentes and Bank of France shares registering marked declines at the closing.

Although the indecisive results of yesterday's voting do not on their face show a strong leftist trend, pooling of votes by all the Popular Front candidates in line for next Sunday's run-off ballot is expected to give the Radical-Socialists, Socialists, and Communists a majority in the new chamber.

A cording to official tabulations, 184 of the 618 districts elected candidates by a majority over all on the first ballot, with 434 left to be decided by next Sunday's run-off vote.

Of the seats decided by the first ballots, parties of the centre took 64, those of the left 63 and the rightists 57.

As anticipated since before the elections, rightist parties show gains in the initial tabulations, but the left is expected to swing the balance back in its favor in next Sunday's final vote.

The strong Communist advance featured yesterday's vote. They polled 1,500,000 votes, or twice as many as in the 1932 elections. Nine Communist candidates were elected on the first ballot and the party may have as many as 40 seats in the new chamber.

Observers pointed out that the leftist majority in the chamber will be increased in proportion to the amount of cooperation shown in pooling votes Sunday in favor of the strongest leftist candidate. This will depend on the willingness of Communists, Socialists and Radical-Socialists to agree upon and carry out a common platform.

At least 330 seats in the next Parliament will be required for a working majority. Statisticians were at work tonight on this question in an attempt to forecast a right or left government.

### Leftists Win

MADRID, April 27—Spain's left-wing people's front will command a total of 435 of the 473 presidential electors, according to incomplete returns compiled tonight.

Only 38 moderates were elected to the group which will co-operate with the Cortes in selecting a new president for Spain on May 10, it was indicated. Virtually all right parties refused to participate in the election because of "the lack of constitutional guarantees."

Alvaro de Albornoz, former Radical Socialist minister in the first government of Premier Manuel Azana and former head of the court of constitutional guarantees, was indicated today as the man most likely to be elected president.

### Arabs Stone Pilgrims

(A. P. by Guardian's Special Wire)  
JERUSALEM, April 27—Arabs stoned a group of Italian pilgrims tonight but were soon put to flight by the police.

The country generally was quiet, with the Arabs continuing their general strike, but further disorders were feared with the opening of the Levant Fair on Thursday.

Extra police meanwhile were dispatched to Belsan and Nazareth, where apparently incendiary fires broke out last night.

(C. P. by Guardian's Special Wire)  
LONDON, April 27—Formalists of an armed Jewish force in Palestine to defend Jewish interests from Arab aggression was proposed tonight in a resolution adopted at a protest meeting in White-chapel headed by the Zionist revisionist leader, Vladimir Jobotinsky.

The resolution also proposed that "the tens of thousands of Arabs who have illegally entered Palestine" be expelled.

The militant independent Zionist group is not allied with the world Zionist organization.

### Abandon Hope For King Fuad

(A. P. By Guardian's Special Wire)  
CAIRO, April 27—Premier Ali Pasha Maher announced tonight hope for King Fuad, seriously ill with a mouth and throat infection, had been practically abandoned.

The premier said gangrene was spreading and had reached the monarch's throat.

King Fuad had taken no food for more than four days, and he was reported to have fallen into a coma. The royal family was summoned to his bedside.

The premier announced Crown Prince Farouk has been recalled from London, where he has been at school. He is returning by train and boat.

### Predicts Important Developments Within Twenty-four Hours

NEW YORK, April 27—Paul H. Wendel, former New Jersey attorney, whose "confession" of the Lindbergh kidnaping resulted in a three-day delay of Bruno Richard Hauptmann's execution, today said "a bombshell is about to be dropped into this case."

He declined to amplify his statement.

Later District Attorney William Geoghan conferred with Attorney General David Wilentz of New Jersey on what the district attorney described as "a very important matter."

Shortly after Wilentz departed for New Jersey, Geoghan announced: "There will be very, very important developments within 24 hours. I wouldn't be surprised if there were many arrests—and the names of those who may be arrested would surprise you."

### IMPROVEMENT IN SCADDING'S CONDITION

#### Special Electrical Equipment Proves Helpful in Fighting off Gangrene.

(C. P. by Guardian's Special Wire)

HALIFAX, April 27—Danger that Alfred Scadding's feet might have to be amputated had not passed tonight but an improvement was noted in his condition following the use of special electrical equipment brought from Toronto by airplane.

Dr. H. K. MacDonald said he was pleased with the recovery his patient was making from the effects of 10 days of exposure and hunger in the Moose River gold mine.

The new equipment, helpful in fighting off gangrene, was being operated in conjunction with "glass boots" previously used to stimulate the blood circulation.

It arrived today in an airplane piloted by Frank Fisher and carrying Dr. Harold D. Storms of Toronto.

Dr. D. E. Robertson, rescued from the mine with Scadding early last Thursday morning, occupied a room in the same hospital. The following bulletin on his condition was issued shortly before midnight by Dr. Ian Macdonald:

"Dr. Robertson's progress continues to be satisfactory, although not as rapid as before. He has taken increased amounts of nourishment with beneficial results. His feet are still giving him considerable difficulty and for the remainder of the week he will require the closest care and scrutiny. He is not yet able to attend to correspondence and he is seeing no visitors."

### LEAVE FOR TORONTO

STELLARTON, N. S., April 27—Jack Simpson, captain of the Stellarton draeger crew that led rescuers down the Reynolds shaft of the Moose River gold mine to Dr. D. E. Robertson and Alfred Scadding, and George Morrell, one of his men, left today for Toronto. While in the Queen City the two Nova Scotians will give descriptions of the actual rescue work.

### Aberhart Promises Announcement Soon

(C. P. By Guardian's Special Wire)  
EDMONTON, April 27—An announcement may be forthcoming within the week on Alberta's high way construction program and all things connected with it, Premier Aberhart stated today.

The leader of the world's first Social Credit government returned to Edmonton after a two-week holiday on the Pacific Coast. He refused "for the present" to make any statement on the plan of certificates he is reported considering in payment of wages.

### Three Killed In Auto Collision

(C. P. By Guardian's Special Wire)  
BELLINGHAM, Wash., April 27—Three persons, including two Vancouver, B. C., residents, were killed and eight others injured in head-on automobile collision near Ouster, Wash., Sunday night.

The dead: Mrs. Graydon Blackley and Bruce Moore, of Vancouver, and Willard Caylor, Bellingham.

Three of the injured were in serious condition today, including seven-year-old Robert Blackley, of Vancouver.

### Will Strengthen South Africa's Defence Forces

(C. P. Cable)

(By Guardian's Special Wire)  
CAPE TOWN, South Africa, April 27—Oswald Pirow, Minister for defence in the Union of South Africa government, disclosed to Parliament today far-reaching plans to build up the defence forces of the Dominion.

He said the measures would within five years give South Africa 1,000 pilots and an anti-tank battalion with the most modern anti-tank weapons, capable of being transported 500 miles in 48 hours.

Pirow said it was proposed to form from the civil aircraft 12 squadrons of high-speed multi-engine bombing planes.

The Minister for defence declared that ultimately a common defence policy for the Union and the whole of British Africa south of the Sudan seemed inevitable but he believed there was no necessity to force the pace in this connection.

A survey also is being made, Pirow announced, of industrial possibilities for war purposes which he said would ensure supply of the necessary stores without dislocating civil requirements and without profiteering.

### Hon. William Chisholm III

(C. P. By Guardian's Special Wire)  
ANTIGONISH, N. S., April 27—Hon. William Chisholm, K. C., leader of the Liberal opposition in the Nova Scotia Legislature from 1926 until 1933, was reported seriously ill at his home here tonight.

### Investigated Lethal Chambers

(C. P. By Guardian's Special Wire)  
OTTAWA, April 27—C. P. Plaxton, member of the Dominion Department of Justice, arrived in Ottawa today from a tour of the western United States where he investigated lethal chambers following introduction of a bill by Dr. J. K. Blair (Lib. Wellington North) to substitute such chambers for hanging.

Mr. Plaxton declined to comment on his impressions of these chambers but he will submit an official report to Justice Minister Lapointe.

The Justice Department official was accompanied by his brother, Hugh Plaxton (Lib. Toronto Trinity) who said they visited lethal chambers at Cannon City, Colo., and Carson City, Nev. He described them as most humane, efficient and speedy for carrying out capital punishment sentences.

The Toronto member said three Canadian subjects aroused wide interest in the United States—Premier Aberhart of Alberta and the Dionne quintuplets.

### Interest Charges Cut To 3 Per Cent

(C. P. By Guardian's Special Wire)  
EDMONTON, April 27—Any reduction of interest charges following introduction of a bill by Dr. J. K. Blair (Lib. Wellington North) to substitute such chambers for hanging.

Mr. Plaxton declined to comment on his impressions of these chambers but he will submit an official report to Justice Minister Lapointe.

### Destruction Of Addis Ababa Is Threatened

#### Leaflets Dropped From Planes Warn Against Resistance— Southern Armies Converge On Sasah Baneh

(A. P. By Guardian's Special Wire)

ROME, April 27—Three Fascist columns, two of foot soldiers and the other of motor trucks, climbed steadily today toward the central Ethiopian plateau holding the capital city of Addis Ababa.

Italian press dispatches from the northern front disclosed two Eritrean columns have pushed far ahead of the long line of motorized convoys to clear the rough terrain of defenders and protect both flanks.

The advance guard was believed to be at least half the 262 miles from Dessye to Emperor Haile Selassie's seat of government.

In the south, the advance was reported being duplicated as another trio of blackshirt armies converged on the strategic city of Sasa Baneh, Ethiopian stronghold and gateway to Harar, second city of the Negus' kingdom.

### Scadding Phones Mother In Toronto

(C. P. By Guardian's Special Wire)  
TORONTO, April 27—Alfred Scadding rescued with Dr. D. E. Robertson from the Moose River gold mine spoke from his Halifax hospital bed by telephone to his mother in Toronto, informed her Dr. Robertson had been "like a father to me."

In the 'phone conversation, which took place Saturday night, Scadding told his mother he was feeling better. He is suffering from trench feet but he said his doctor, Dr. W. E. Galle, told him the chances of saving his feet were 60 to one in his favor.

Scadding stated over the 'phone that Dr. Galle had been "simply marvellous" and he asked his mother to convey to the Toronto physician her thanks.

### Warning Issued

ADDIS ABABA, April 27—A warning that the Italians would bomb and "destroy" Addis Ababa if their advance on the capital is resisted was made today in leaflets dropped from a Fascist airplane.

"Our mission is to occupy Addis Ababa and Ethiopia for civilization," said the leaflets, which were signed by the chief of staff of Marshal Pietro Badoglio, whose headquarters are now in Dessye.

"If Addis Ababa is delivered without resistance, we will not bomb it. Otherwise we will destroy it all."

(Three separate Italian columns are advancing on Addis Ababa, Rome dispatches reported.)

The leaflets urged Ethiopians to desert Emperor Haile Selassie and

### Big Increase In Furniture Imports

(C. P. By Guardian's Special Wire)  
OTTAWA, April 27—Imports of furniture from the United States into Canada for the first three months of the current calendar year were nearly twice the value of such importations for the same period last year, Revenue Minister Isley told a questioner in the House of Commons today. For January, February and March of 1935 the value was \$114,412; for the same months this year, \$222,861.

### New Industries For Alberta Part Of Social Credit Plan

EDMONTON, April 27—Organization of new industries to process Alberta raw materials will enable us to avoid shipping our products to the east and buying them back as finished articles," Premier Aberhart declared today. The development, he said, was part of a plan to establish a system of social credit. Organization of a government-owned electric-power system was another objective.

All such developments, however, he added, are in the hands of Minister of Trade Manning. Formulation and announcement of details would be announced on the Minister's return, probably next week.

His administration would not encourage establishment in Alberta of branches of eastern industries, he explained. Instead an attempt would be made to have wholly new com-

### FORECAST

Maritime East: Moderate winds, mostly southwest; fair with stationary or a little higher temperature. High tide this afternoon at 3.09 and tomorrow morning at 5.17. Sun sets this evening at 7.01 and rises tomorrow morning at 4.53. First quarter moon Tuesday, April 28, 7.16 a. m. Summerside tide eighteen minutes later than Charlottetown.
