

NEWSPRINT and

AN HISTORIC OCCASION

THE VISIT OF THEIR MAJESTIES

KING GEORGE VI and

QUEEN ELIZABETH

THE RECORD—millions of words, thousands of pictures, on every great and trivial incident of this history making tour of the Dominion will be presented to the entire population and preserved for future historians through the Daily and Weekly Newspapers. It is our proud part to have grown with the development of Canada's other great industries and to have a place today in producing the Dominion's chief export—Newsprint. With all loyal Canadians we extend a most hearty welcome to our Royal visitors.
