Lab. Technologists Graduate In Ceremonies At 'Centre'

Mayor Moore, centennial artistic director, was guest speaker at graduation ceremonies for five medical laboratory technologists at Confederation Centre last evening.

Speaking on "Arts in the Scientific Age", Mr. Moore discussed the differences in art and science and traced the effect science has had on art through the ages.

Science, he said, was like an ever-increasing collection of facts, while art was always changing and being renewed. Truth in art is never discovered because our point of view towards it is always changing.

Mr. Moore was introduced by the chairman, Dr. John Craig, provincial pathologist, and thanked by Dr. F.W. Jelks of the division of laboratories.

Mr. Moore presented certificates to graduates Gerald Chaisson, Rollo Bay; Sheila MacKay, Morell; Katherina Mitton, Northam; Eleanor Noonan, Albany, and Merrill Smith, Parkdale.

Presentation of membership was by Mrs. Margaret MacPhail, president, P.E.I. branch, Canadian Society of Laboratory Technologists.

Pope To Open Third Session Of Council

By JOHN ORGAN

VATICAN CITY (Reuters)— Pope Paul VI opens the third session of the Vatican's historic Ecumenical Council Monday with more than 2,000 prelates gathering in St. Peter's Basilica to pave the way for Christian unity.

The bishops, who come from all over the world to continue the work begun by the late Pope John XXIII in 1962, are scheduled to deal with several major decrees.

These decrees are expected to form a basis for the Roman Catholic Church to meet the needs of modern times and to guide it along the road to Christian unity.

Many of the prelates will be hoping this third session will be the final phase of the world assembly's work while others are convinced that a fourth session will be essential.

Yacht Club Suggested For Summerside Area

By ALAN C. HOLMAN
(S'side Bureau, The Guardian)

A yacht club for Summerside? Maybe? If enough interested people can be found to support the venture.

This past summer yachting, especially sailing, made a big comeback on the Island, but mainly in the Charlottetown area. A short talk yesterday with Dick Wedge, Summerside's own Blackbeard, revealed there is a considerable amount of interest in establishing a yachting club here.

Despite the fact that there were only two sails to be seen in Summerside harbor this summer — a 16-foot catamaran sailed by The Beard, as he is called, and a Don Slimmons-owned Snipe—Dick reports that there have been many people asking him why there wasn't a yacht club or some other form of organized boating in this area.

INTEREST ENOUGH

Dick has been asking himself the same question all summer, and now wants to find out how many people are interested enough to sit down some night, in the appropriate surroundings and atmosphere, and hash over the pros and cons of starting to work on a yacht club this winter.

If there is enough interest he hopes some kind of beginning can be made on obtaining facilities for a clubhouse and perhaps a start can be made on the building of some club boats. If this came about he would like to see a junior sailing program established for children next summer.

People with power boats, need not be scared off with all this talk of sail. Dick will more than welcome any of your inquiries and participation.

There was a time before the last war when boats from Summerside and Borden used to partake in all Northumberland Strait races, and during the 1940's Eric MacKay, Jim Strait, Bobby Fraser and Dr. Harry Allen all sailed boats out of this harbor.

TIME FOR REVIVAL

Dick and others feel that this is the time for a revival of harbor activity here. There are several reasons for this: One being the big step the Charlottetown Yacht Club took when it established its junior sailing program, in which more than 60 youngsters took lessons from a qualified instructor, and also there was a revival of the Northumberland Strait race from Shediac Bay to Charlottetown Harbor.

Dick Wedge was the only Summerside resident who sailed the course the night of the race, though he and his "cat" were not eligible to take part in the actual race. Dick would like to see a few more of his hometowners with him next summer in the Strait when the race goes the opposite way, from Charlottetown to Shediac.
