ARSENAULT TAKES JUNIOR MILE

Nine Can. Marks Fall At Eastern Ch'ships

By NICK FILLMORE

SUMMERSIDE — Rain-threatening skies and a chilly wind didn't fit the greatest congregation of track and field athletes ever to perform in Prince Edward Island as nine Canadian records were established yesterday at the opening of the two-day Eastern Canadian Age Class track and field championships at Summerside's new sports complex.

Ontario led the record onslaught, setting five new marks, while Quebec set three and Nova Scotia one.

Marjorie Turner, Halifax Track and Field Club, turned in the meet's outstanding performance with a blistering 100-yard dash of 10.8 to better the old Juvenile mark by one-tenth of a second.

Turner, who also won the shot put with a heave of 38' 5¾" ran the fastest 100 for Canadian women this year. She will represent N.S. at the St. Lambert Olympic trials next month.

CHAPMAN SETS MARK

Cathy Chapman, Don Mills, who Turner upset in the 100, knocked .3 seconds off the Women's Juvenile 80-meter hurdles mark with a time of 11.6 sec. Chapman, 17-years-old, also holds the Canadian Midget 80-meter hurdles record with 11.7 sec.

Toronto Olympic Club's Dave Patterson lowered the national Men's Midget mile record by 3.2 seconds with a time of 4.24-5. His time bettered the performance of any athletes in the Juvenile or Junior bracket.

Only one relay mark was broken yesterday as a selected Southern Ontario quartet knocked 1.4 seconds off the Men's Juvenile 880-relay with a time of 1.30-4. The team included athletes from London, Windsor, Hamilton and Burlington.

ARSENAULT WINS MILE

Andy Arsenault, 18-year- old Charlottetown native, was the only Islander to win an event yesterday. Arsenault trailed two South Western Ontario runners until the back stretch of the final lap; but came home in the last 100 yards to win in typical fashion. His time was 4.27-3.

Paul MacWilliams, Summerside, and Heather MacLean, Charlottetown, were the other Island athletes to win medals. MacWilliams fired the Juvenile javelin 153' 11" for a third, and MacLean reached 4' 6" for a third in the Women's Juvenile high jump. George Cheverie, Tignish, placed fourth in the Juvenile javelin with a heave of 152' 11".

Dark clouds lay over Summerside for most of the day, but only briefly; in the early afternoon, did it rain. The temperature was in the mid-60's most of the day.

A light breeze hampered competitors in the distance runs and javelin. On occasion the wind velocity exceeded the minimum allowance of 4.47 mph for possible setting of record.

Mainland athletes and coaches described facilities as excellent. The track was very fast.

CATHY CHAPMAN

The second and final day of the Eastern Canadian meet, this province's first in history, gets underway this morning at 9 a.m.

The big event of the day for many Islanders will be Andy Arsenault's attempt to win a second goal medal this time in the 880-yard run. The event will be at approximately 1.45 p.m.

MORE RECORDS

South Western Ontario's Mike Mulligan heaved the shot 46' 9" in the Junior Men's Class for a new Canadian record, bettering Richard Pragnel's old mark by 6¼". One of the day's top individuals, Mike Arnold, clipped two-tenth of a second off the Men's Juvenile 120-yd Canadian hurdles mark with a slick performance of 14.8.

The other three national records came in the Men's Mid-get triple jump, Gord Stewart, Toronto, 43' 9"; Women's Midget shot put, Judy Dahlgren, Quebec, 38' 2"; and Men's Midget 120-yd hurdles, Brian Kelsey, Quebec, 14.8 sec.

Old Timers Steal The Show On 2nd Day Of Rifle Meet

The highlight of yesterday's program, the second day of the P.E.I. Rifle Association's annual prize meet at Squaw Point, was the feats of the two oldest, in terms of membership, members participating in a shootoff in the Rogers Hardware match at 600 yards.

The two marksmen, Capt. Allen McCabe, in his upper 70's, and Sgt. Pere Landrigan, almost 68 years of age, both registered 48 out of 50 points to tie for top place along with six other shooters.

The other four marksmen were: Ronnie Clark, who captured the shootoff, Capt. Roy McCabe, son of Alan; Lieut. Al Mutch and Tpr. Edgar Jones.

In the shootoff Landrigan wound up in second place and Alan McCabe in fourth The latter first became a member of the association in 1906 and Landrigan about a year later. Except for the war years neither had even missed a provincial prize meet until this about four years ago. McCabe through illness and Landrigan was on a tour of Ireland.

A. J. McCABE

The presentation of prizes will take place this evening at the annual banquet at the Charlottetown Legion Home.

Following are the prizewinners in yesterday events:

VETERAN WINS

In the Macdonald Tobacco Co. match, another of the old timers, Sgt. Roy Coles, a man in his early 70's, took top honors with a comfortable two-point margin over Mutch. Coles finished with 121 out of 125 again 119 for Mutch. Alan McCabe was again well up in this event placing fifth with 115 points.

In the Canadian Legion match fired from 500 yards, the first perfect score of the meet 50 out of 50 was registered by Lieut. George Rogers giving his sole possession of top place.

In another shootoff for top honors in the Moore and McLeod event at 200 yards, Lieut. Ralph Jenkins, Tpr. Raymnd Vessey and Tpr. Harold Jones each finished the regular match with 49 out of 50, with Jenkins nosing the other two marksmen out in the shootoff.

JONES LEADING

In the race for Allcomers and Ottawa aggregates top place, after two days of shooting, was taken over by Hal Jones of Summerside with an aggregate total of 471 out of a possible 500 points.

On his heels are Capt Roy McCabe with 470 and Lieut. Al Mutch with 169.

The events lines up for today are the Batt and MacRae match at 200 yards which winds up the Allcomers Aggregate, following by the Jones Memorial match at 200, 500 and 600 yards, which closes out the firing of the meet and the Ottawa Aggregate.

Investigation Is Staged At Ch'town

Investigation is underway in regard to the alleged illegal medication of a racehorse at Summerside Raceway last week.

Horses finishing first in a race, along with any others the judges select, are tested for such medication following each race at all tracks. At Summerside last week the results of urine and saliva booth found a test on the horse in question to be positive, indicating the presence of illegal medications.

Immediately they reported their findings to presiding judge Robert Shea, who called for an investigation in the matter.

A meeting presided over by Mr. Shea was held in Charlottetown Thursday night and evidence taken from the parties involved.

No decision was given by the presiding judge at the conclusion of the hearing but it is expected to be made known at any moment.

Killebrew Leads American League

NEW YORK (AP) — Many power hitters have socked more home runs than Harmon Killebrew's lifetime total of 257 but only Babe Ruth hit them at a faster clip.

Not even Ted Williams, Jimmy Fox, Mel Ott or Ralph Kiner had a better ratio of home runs per time at bat. Mickey Mantle, Willie Mays and Eddie Mathews own nearly twice as many home runs, but none has hit them with as much frequency as the Minnesota Twins' strongboy.

Killebrew, in his 11th season in the majors, sixth as a full time player, has wacked his 257 home runs in 3,182 official times at bat. That's a ratio of a home run every 12.4 times at bat. This is the very far behind Ruth's all-time top figure of a homer every 11-8 times at bat.

In the third place is Kiner, who averaged a homer every 14.1 times at bat. Mantle is fourth with 14.5. Williams is the only other with a homer under 15 times at bat. His average is 14.6.

Killebrew currently leads the majors with 34 home runs. He has had 332 official at bats. This gives him a ratio of a homer every 9.8 times at bat. Only four other players have ever gone through a season with a homer ratio of one under 10 times at bat.

The four were Ruth who averaged a homer every nine times at bat when he slammed his record 60 in 1927; Mantle 9.5 with 54 homers in 1961; Hank Greenberg 9.6 with 58 homers in 1938; and Roger Maris 9.7 with 61 in 1961.

HUNTER'S CORNER

A Report From J. D. Hyland On Hun, Pheasant Problem

I have read the report of J.D. Heyland, Federal Biologist Ottawa, of his study on the Hungarian Partridge and Ring-Necked Pheasants on Prince Edward Island, and its Summary and Recommendations, of April 1964. I am in perfect agreement with him when he reports that bounty payments served no useful purpose and that predators and hunting pressure did not interfere with the reproduction of either Hungarian Partridge or Ring-Necked Pheasants in this province. On the contrary we had more Huns and Pheasants in 1956 than at any other time since their introduction. . . . Pheasants in 1917 and Daily bag limit on 1917 and daily bag limit on Huns was eight and on pheasants of either sex five. The first open season on huns was in 1937 and on pheasants in 1946.

In 1937 our pheasant crop, sometime in mid-summer, faded out like mist before the sun. The cause was no mystery . . . disease. That fall our hun crop was down, down and then some. By 1960 our huns appeared practically non-existent. In 1961 their come-back was evident and in 1962 there was no doubt but what they had weathered the depression with flying colors. It was at this point that a group of our self-styled conservationists were instrumental in having a close season declared on huns. It was wide open during the depression years while they were battling down the come-back trail. That is universally known as conservation in reverse.

There is no mystery connected with what happened our huns and whittled their numbers down to the limit of survival. . .the latest in potato field killer Diathane M. 22. Our Hunt. . .the few that survived that is. . .played it smart. They vacated the cultivated areas and moved back into the hinterland of vacant and abandoned farms and alder swales miles from the potato field menace. I started riding here on our Hunc back in 1929 and that wasn't yesterday. It was part of my duties for 26 years. I should know a little about them. When they first were introduced they were dumb with a capital D but today they can outwit even our top hunting dogs. The ordinary hunter is the joke of the century in the Hun's category in this day and age.

In the summary of his report under (9) Introductory Peak Mr. Heyland has this comment: Hungarian partridge and ring-necked pheasant populations may have reached introductory peak population levels in the early 1950's and were beginning to decrease in numbers to achieve stable population levels during the latter part of that decade. It is pos-

Angels Down Bankers 8-3

The Guardian Angels defeated the Bankers 8-3 in a game played recently in the Charlottetown commercial softball league. The Bankers scored two runs in the top of the first inning. The Guardian squad rallied to score five runs in the bottom of the second frame, and added three more in the third. The Bank team scored their only other run in the top of the sixth inning.

Dick Murley was toeing the slab for the winners. This was Murley's ninth win in ten starts. Murley gave up nine hits, walked one and struck out none in route to his victory. Myron Weeks was on the mound for the losers and gave up eight hits, walked two and struck out two.

Floyd Moreside led the Guardian batting attack with two singles in four trips to the plate. Team mate Norman MacLeod had one hit in two appearances.

Ossie MacKinnon had a perfect night at the plate with a three for three performance. MacKinnon contributed two singles and a double to a losing cause. Ernie Arsenault had a single and a double in three appearances for the Bankers.
